0131 - **LEGISLATIVE/POLICYMAKING**

The School Board is the policymaking body for the School District. After considering recommendations submitted by the Superintendent, the Board shall adopt bylaws and policies for the organization and operation of the Board and efficient operation and general improvement of the School District.

The term "rule" for purpose of this policy is defined in F.S. 120.52; it does not include "curricula by an educational unit". As used in this bylaw, the term "rule" and "policy" shall have the same definition. The development or prescription of curriculum by the Board is removed from the procedural requirements for policymaking.

F.S. 1001.41

The Board may determine policy matters governed by permissive law, but not on matters governed by mandatory law. No policy can be in conflict with the operative law of the State or with State Board of Education rules. Any provision of a collective bargaining agreement which is ratified by the Board and affects collective bargaining members shall prevail over any Board policy conflicting with the agreement during the term of the agreement.

Board adoption of policies or revisions to policies shall be pursuant to Florida statutes.

F.S. 120.536(1), 120.54

Policy Development

The Superintendent shall publish notice of the development of a proposed policy before providing notice of a proposed policy as required below. The notice of policy development shall indicate the subject area to be addressed by policy development; provide a short, plain explanation of the purpose and effect of the policy development; cite specific legal authority for the proposed policy; and state how a person may obtain or access, without cost, a copy of any preliminary draft, if available.

The Board may hold workshops for the purpose of policy development after publication of the notice of policy development. Any affected person may request in writing that the Board hold a workshop for policy development, and the Board will then hold such workshop, unless it explains in writing why a workshop is unnecessary.

F.S. 120.54(2)

Adopting Policies

The Superintendent shall present any proposal relating to a policy amendment, the repeal of any policy, or the adoption of a new policy in writing to the Board including a written explanation of the proposal in accordance with Florida law.

- A. Notice of Proposed Policy: After the Board has determined that it will give due consideration to the proposal for adoption, amendment, or repeal of a policy, the Superintendent shall give immediate and proper written notice to the public pursuant to the provisions of Florida law. The notice shall include a brief and concise explanation of the proposed policy's purpose and effect, the estimate of economic impact to all individuals affected by the proposed new policy or revision of an existing policy, the legal authority for the Board's action, the location where the text of the proposed revision to current policy or new policy may be obtained or accessed, and the procedure for requesting a public hearing on the proposed policy.
- B. Hearings: Any person, who is affected by a proposed policy, policy revision, or the repeal of a policy, may within twenty-one (21) days following notice of the proposal to adopt or repeal such policy, file a written request with the Board for a hearing on the proposed action.
- The Board may also, on its own initiative, schedule a public hearing for any proposed policy adoption, revision, or repeal.
- C. Rulemaking Record: Any material pertinent to the issues under consideration submitted to the Board within twenty-one (21) days after the date of publication of the notice under paragraph B above or submitted to the Board between the date of publication of the notice and the end of the final public hearing shall be considered by the Board and made a part of the record of the rulemaking proceeding.
- D. Board Action: The Board's final vote to adopt, amend, or repeal a policy will occur no sooner than twenty-eight (28) days following publication of the published notice in paragraph A above.
- E. The Superintendent shall file immediately in his/her office a copy of any new policy, policy revision, or repealed policy adopted by the Board; policy handbooks and the Board's website shall be updated accordingly.
- F. All policies shall become effective upon adoption by the Board, unless another time certain date is specified therein. The Board may adopt a policy authorized by law and necessary for the proper implementation of a statute prior to the effective date of the statute, but the policy may not be effective until the statute upon which it is based is effective.

F.S. 120.54

Notices

All notices pertaining to policymaking shall be published:

- A. ~~in a newspaper of general circulation in the District;~~ by publication in a newspaper qualified under F.S. Chapter 50, in the affected area or on a publicly accessible website as provided in F.S. 50.0311;
- B. ~~Internet publication for School District notices under F.S. 50.0211(1)(b) may be made on the website of any newspaper in the county to which the legal notice pertains.~~ by posting on the District's website not less than seven (7) days before the public meeting, hearing, or workshop; and
- C. by mail to persons who have requested advance notice and to organizations representing persons affected by the policy; and
- D. ~~by posting on the District's website and in appropriate places.~~
- E. by posting on the District's website and in appropriate places so that those particular classes of persons to whom the intended action is directed may be duly notified.
- F. by mail to persons who have requested advance notice and to organizations representing persons affected by the policy; and,
- G. by posting on the District's website and in appropriate places so that those particular classes of persons to whom the intended action is directed may be duly notified.
- H.

Incorporation by Reference

A policy may incorporate material by reference, but only as the material exists on the date the policy is adopted. For purposes of the policy, changes in material are not effective unless the policy is amended to incorporate the changes.

Material incorporated by reference in a policy may not incorporate additional material by reference unless the policy specifically identifies the additional material. The reference in the policy to the material being incorporated must include a date or other designation, so that the reader will know exactly what version of the material has been adopted and made part of the rule.

F.S. 120.54(1)(i)(1)

A District policy that incorporates by specific reference another policy of the District automatically incorporates subsequent amendments to the referenced policy, unless a contrary intent is clearly indicated in the referencing policy. Any notice of amendments to a policy that has been incorporated by specific reference in other policies of the District must explain the effect of the amendments on the referencing policies.

F.S. 120.54(1)(i)(2)

Material may not be incorporated into Board policies by reference unless:

- A. the material can be made available for free public access through electronic hyperlink from the Board's website listing the policy and making the reference; or,
- B. the District has determined that posting of the material on the internet for purposes of public examination and inspection would constitute a violation of Federal copyright law, in which case a statement to that effect, along with the addresses and locations of the District office at which the material is available for public inspection, is included in the notice required.

F.S. 120.54(1)(i)(3)(17)

Challenge to Existing Policy

~~Any person substantially affected by an existing Board policy may petition the Division of Administrative Hearings, Florida Department of Administration, to conduct a hearing on the validity of a policy pursuant to Florida statutes. Any hearing examiner's decision which is adverse to the Board or to the person substantially affected may be judicially reviewed.~~

~~F.S. 120.56(1)~~

Challenge to Proposed Policy

Any person who is substantially affected by a proposed policy, policy revision, or the repeal of a policy may, within twenty-one (21) days following notice of intent to adopt or repeal such policy, file a written request with the Board seeking an administrative determination as to the validity of the proposed action.

F.S. 120.56(2)

Emergency Policies

The Board may determine that the public health, safety, or welfare is endangered and that immediate action is required to protect the public interest. When this occurs, the Board, at any meeting in which a quorum is present, may adopt emergency policies, without complying with the waiting period as provided above. The Superintendent shall properly record the effective date for any such emergency policy. Any emergency policy shall not be valid in excess of ninety (90) days from the adoption or effective date.

Public Input and Access to Policies

Any Board employee, citizen, or agency may submit a policy proposal to the Superintendent's office.

A copy of the compiled policies shall be available for inspection in the Superintendent's office.

The Board policies shall also be accessible on the District's website.

The name(s), title(s), and contact information of this/these individual(s) will be published annually in the staff handbooks and/or on the School District's website.

IV. Complaint Procedures

Except for sex discrimination and/or Sexual Harassment that is covered by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities, any employee who alleges to have been subjected to unlawful discrimination, they may utilize the following complaint procedures as a means of reaching, at the lowest possible administrative level, a prompt and equitable resolution of the matter. Nothing contained in this policy is intended to interfere with the rights of any individual to pursue a complaint of unlawful harassment or retaliation with the U.S. Department of Education's Office for Civil Rights ("OCR"), the Florida Commission on Human Relations ("FCHR"), or the Equal Employment Opportunity Commission ("EEOC").

In accordance with Federal and State law, employees will be notified of their right to file an internal complaint regarding an alleged violation, misinterpretation, or misapplication of Federal and/or State law. In addition, employees will be notified of their right to file a complaint with the OCR, FCHR, or EEOC.

Internal complaints must be in writing and identify the specific circumstances or areas of dispute that have given rise to the complaint, and offer possible solutions to the dispute. The complaint must be filed with a compliance officer within the time limits specified below. The compliance officer is available to assist individuals in filing a complaint.

V. Internal Complaint Procedure

The following internal complaint procedure is available to employees for the prompt and equitable resolution of complaints alleging discrimination that is prohibited in this policy. This complaint procedure is not available to unsuccessful applicants. Use of the internal complaint procedure is not a prerequisite to the pursuit of other remedies, including the filing of a complaint with the OCR, FCHR, or EEOC.

- A. An employee with a complaint based on alleged discrimination may first discuss the problem with the compliance officer.
- B. If the informal discussion does not resolve the matter, or if the employee skips Step A, the individual may file a formal written complaint with the compliance officer. The written complaint must contain the name and address of the individual or representative filing the complaint, be signed by the complainant or someone authorized to sign for the complainant, describe the alleged discriminatory action in sufficient detail to inform the compliance officer of the nature and date of the alleged violation, and propose a resolution. The complaint must be filed within thirty (30) calendar days of the circumstances or event giving rise to the complaint, unless the time for filing is extended by the compliance officer for good cause.
- C. The compliance officer will conduct an independent investigation of the matter (which may or may not include a hearing). This complaint procedure contemplates informal, but thorough investigations, affording all interested persons and their representatives, if any, an opportunity to present witnesses and other evidence relevant to the complaint. The compliance officer will provide the complainant with a written disposition of the complaint within ten (10) business days. If no decision is rendered within ten (10) business days, or the decision is unsatisfactory in the opinion of the complainant, the employee may file, in writing, an appeal with the Superintendent.
- D. The Superintendent will, within ten (10) business days of receiving the written appeal, conduct a hearing with all parties involved in an attempt to resolve the complaint.

The Superintendent will render his/her decision within ten (10) business days of the hearing.
- E. The employee may be represented, at their own cost, at any of the above-described meetings/hearings.
- F. The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies. Use of this internal complaint procedure is not a prerequisite to the pursuit of other remedies.

If it is determined that the complainant was subjected to unlawful discrimination, the CO must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, age-appropriate and effective, and tailored to the specific situation.

VI. Filing a Complaint with OCR/FCHR/EEOC

At any time, if employees believe that they have been subjected to unlawful discrimination, they may file a complaint with the U.S. Department of Education's Office for Civil Rights ("OCR"), the Florida Commission on Human Relations (FCHR), or the Equal Employment Opportunity Commission ("EEOC").

VII. Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful discrimination/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a report, formal complaint, testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person for making a report of discrimination, filing a formal complaint, or participating in an

investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

VIII. Training

The compliance officers will also oversee the training of employees in the District so that all employees understand their rights and responsibilities under Federal and State law, and are informed of the Board's policies and practices with respect to fully implementing and complying with the requirements of Federal and State law.

IX. Notice

Notice of the Board's policy on nondiscrimination in employment practices and the identity of the compliance officers will be posted throughout the District, and published in the District's recruitment statements or general information publications as required by Federal and State law and this policy.

X. Retention of Investigatory Records and Materials

The Compliance Officer(s) is responsible for overseeing retention of all records that must be maintained pursuant to this policy. All individuals charged with conducting investigations under this policy shall retain all information, documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315) created and received as part of an investigation, including, but not limited to:

1122.01 - **PROHIBITION AGAINST DISABILITY DISCRIMINATION IN EMPLOYMENT**

The School Board prohibits discrimination against any employee or applicant based upon his/her disability. As such, the Board will not engage in employment practices or adopt policies that discriminate on the basis of disability, or otherwise discriminate against qualified individuals with disabilities in regard to job application procedures, the hiring, advancement or discharge of employees, employee compensation, job training, or other terms, conditions and privileges of employment. The Board further will not limit, segregate, or classify applicants or employees in any way that adversely affects their opportunities or status because of disability.

Additionally, the Board will not participate in any contractual or other relationships that have the effect of subjecting qualified individuals with disabilities who are applicants or employees to discrimination on the basis of disability.

"An individual with a disability" means a person who has, had a record of, or is regarded as having, a physical or mental impairment that substantially limits one or more major life activities. Major life activities are functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, eating, sleeping, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, sitting, reaching, interacting with others, and working.

Major life activities also include the operation of a major bodily function, including, but not limited to, functions of the immune system, special sense organs and skin, normal cell growth, and digestive, genitourinary, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, hemic, lymphatic, musculoskeletal and reproductive functions. The operation of a major bodily function includes the operation of an individual organ within a body system.

An impairment that is episodic in nature or in remission is considered a disability if it would substantially limit a major life activity when active.

The determination of whether an impairment substantially limits a major life activity must be made without regard to the ameliorative effects of mitigating measures such as medication, medical supplies, equipment or appliances, low-vision devices (defined as devices that magnify, enhance, or otherwise augment a visual image, but not including ordinary eyeglasses or contact lenses), prosthetics (including limbs and devices), hearing aid(s) and cochlear implant(s) or other implantable hearing devices, mobility devices, oxygen therapy equipment or supplies, use of assistive technology, reasonable accommodations or "auxiliary aides or services," learned behavioral or adaptive neurological modifications, psychotherapy, behavioral therapy, or physical therapy.

A qualified person with a disability means the individual satisfies the requisite skill, experience, education and other job-related requirements of the employment position such individual holds or desires and, with or without reasonable accommodation, can perform the essential functions of the job in question.

The Board will provide a reasonable accommodation to a qualified individual who has an actual disability or who has a record of a disability, unless the accommodation would impose an undue hardship on the operation of the District's program and/or activities. A reasonable accommodation is not necessarily required for an individual who is merely regarded as having a disability.

The name(s), title(s), and contact information of this/these individual(s) will be published annually in the staff handbooks and/or on the School District's website.

The District Compliance Officers are responsible for coordinating the District's efforts to comply with and fulfill its responsibilities under Section 504 and Title II of the Americans with Disabilities Act, as amended ("ADA"). A copy of Section 504 and the ADA, including copies of their implementing regulations, may be obtained from either of the District Compliance Officers.

The District Compliance Officers will oversee the investigation of any complaints of discrimination based on disability, which may be filed pursuant to the Board's adopted internal complaint procedure, and will attempt to resolve such complaints. The Board will provide for the prompt and equitable resolution of complaints alleging violations of Section 504/ADA.

Complaint Procedures

If a person believes that s/he has been discriminated against on the basis of his/her disability in regard to job application procedures, the hiring, advancement or discharge of employees, employee compensation, job training, or other terms, conditions and privileges of employment, the person may utilize the complaint procedures set forth in Policy 1122 - Nondiscrimination and Equal Employment Opportunity as a means of reaching, at the lowest possible administrative level, a prompt and equitable resolution of the matter.

Unless expressly stated otherwise, the term "day" or "days" as used in this policy means business day(s) (i.e., a day(s) that the Board office is open for normal operating hours, Monday – Friday, excluding State-recognized holidays).

Filing a Complaint with OCR/Florida Commission on Human Relations/EEOC

At any time, if an employee believes that s/he has been subjected to discrimination based upon his/her disability in violation of Section 504 or the ADA, the individual may file a complaint with the U.S. Department of Education's Office for Civil Rights ("OCR"), the Florida Commission on Human Relations, or the Equal Employment Opportunity Commission ("EEOC").

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful discrimination, or participates as a witness in an investigation, is prohibited. Specifically, the Board will not discriminate/retaliate against, coerce, intimidate, threaten or interfere with any individual because the person opposed any act or practice made unlawful by Section 504 or the ADA, or because that individual made a charge, testified, assisted or participated in any manner in an investigation, proceeding, or hearing under those laws, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Training

The District Compliance Officers will also oversee the training of employees in the District so that all employees understand their rights and responsibilities under Section 504 and the ADA, and are informed of the Board's policies, administrative procedures and practices with respect to fully implementing and complying with the requirements of Section 504/ADA.

The Board will provide in-service training and consultation to staff responsible for the education of persons with disabilities, as necessary and appropriate.

Facilities

No qualified person with a disability will, because the District's facilities are inaccessible to or unusable by persons with disabilities, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity to which Section 504/ADA applies.

For facilities constructed or altered after June 3, 1977, the District will comply with applicable accessibility standards. For those existing facilities constructed prior to June 3, 1977, the District is committed to operating its programs and activities so that they are readily accessible to persons with disabilities.

Notice

Notice of the Board's policy on nondiscrimination in employment practices and the identity of the District's Compliance Officers will be published on the District's website and posted throughout the District, and included in the District's recruitment statements or general information publications.

Definitions

For purposes of this policy, the term "administrator" means those individuals identified in F.S. 1012.01(3). 8. not intentionally violate or deny a student's legal rights;
9. not harass or discriminate against any student on the basis of race, color, religion, sex, age, national or ethnic origin, political beliefs, marital status, handicapping condition, sexual orientation, or social and family background and shall make reasonable efforts to assure that each student is protected from harassment or discrimination;
10. not discourage or prohibit parental notification of and involvement in critical decisions affecting a student's mental, emotional, or physical health or well-being unless the individual reasonably believes that disclosure would result in abuse, abandonment, or neglect as defined in F.S. 39.01;

the proper discharge of his/her duties in the public interest. (see also Policy 1129, Conflict of Interest)

E. No administrator shall solicit or accept anything of value including a gift (See F.S. 112.312), loan, reward, promise of future employment, favor, or service, based upon an understanding that the vote, official action, or judgment of the administrator would be influenced thereby.

F. All administrative staff members shall adhere to the ethical and disciplinary principles enumerated above.

Certificate Holder Serving as Principal

Pursuant to the Principles of Professional Conduct for the Education Profession, a principal who is a certificate holder shall not prevent, direct school personnel to prevent, or allow school personnel to prevent students from accessing any material used in a classroom, made available in a school or classroom library, or included on a reading list, unless the certificate holder or his/her designee has reviewed the material and determines it violates the prohibitions in State law, or the material, is unavailable to students based upon Board policies adopted to implement the relevant provisions of State law.

[Drafting Note: F.S. 1001.42(6) does not require that administrative staff members receive training annually on the standards of ethical conduct; rather, the statute requires that the Board's policies require "all educational support employees, instructional personnel, administrative personnel, and school officers, as defined in s. 1012.01, to complete training on the standards." Neola recommends that school boards continue to require that educational support employees, instructional personnel, administrative personnel, and school officers receive annual training. As such, the policy template continues to include the requirement that such training be provided annually.]

Training

All administrators shall be required to complete training on the standards established herein upon employment and annually thereafter.

Responsibilities Related to Allegations of Misconduct

Pursuant to F.S. 1001.42(7), the superintendent may not knowingly sign and transmit to any State official a report of alleged misconduct by instructional personnel or school administrators which affects the health, safety, or welfare of a student which the superintendent knows to be false or incorrect, or knowingly fail to adopt policies that require instructional personnel and school administrators to report alleged misconduct by other instructional personnel and school administrators, or that require the investigation of all reports of alleged misconduct by instructional personnel and school administrators, if the misconduct affects the health, safety, or welfare of a student. Violation of these provisions will result in the forfeit of the superintendent's salary for one (1) year.

1362 - **ANTI-HARASSMENT**

I. General Policy Statement

The policy of the School Board is to maintain an educational and work environment that is free from all forms of unlawful harassment, including sexual harassment. This commitment applies to all School District operations, programs, and activities. All students, administrators, teachers, staff, and all other school personnel share responsibility for avoiding, discouraging, and reporting any form of unlawful harassment. This policy applies to unlawful conduct occurring on school property, or at another location if such conduct occurs during an activity sponsored by the Board. Further, the Board prohibits the bullying of any employee as outlined in F.S. 1006.147.

The Superintendent will vigorously enforce its prohibition against discriminatory harassment on the basis of race, (including anti-Semitism [as defined in Bylaw 0100]), ethnicity, color, national origin, sex (including sexual orientation, gender status, or gender identity), disability (including HIV, AIDS, or sickle cell trait), pregnancy, marital status, age (except as authorized by law), religion, military status, ancestry, or genetic information which are classes protected by State and/or Federal law (collectively, "protected classes") (hereinafter referred to as unlawful harassment), and encourages those within the School District community as well as Third Parties, who feel aggrieved to seek assistance to rectify such problems. The Superintendent will direct site/departments administrators to investigate all allegations of unlawful harassment and in those cases where unlawful harassment is substantiated, immediate steps will be taken to end the harassment, prevent its reoccurrence, and remedy its effects. Employees who are found to have engaged in unlawful harassment will be subject to appropriate disciplinary action.

Further, nothing in this policy shall be construed to abridge the rights of school employees that are protected by the First Amendment to the Constitution of the United States.

II. Other Violations of the Anti-Harassment Policy

The Superintendent will also take immediate steps to impose disciplinary action on employees engaging in any of the following prohibited acts:

- A. Retaliating against a person who has made a report or filed a complaint alleging unlawful harassment, or who has participated as a witness in a harassment investigation.
- B. Filing a malicious or knowingly false report or complaint of unlawful harassment.
- C. Disregarding, failing to investigate adequately, or delaying the investigation of allegations of unlawful harassment, when responsibility for reporting and/or investigating unlawful harassment charges comprises part of one's supervisory duties.

III. Definitions

Words used in this policy shall have those meanings defined herein; words not defined herein shall be construed according to their plain and ordinary meanings.

Complainant is the individual who alleges, or is alleged, to have been subjected to unlawful harassment, regardless of whether the person files a formal complaint or is pursuing an informal resolution to the alleged harassment.

Respondent is the individual who has been alleged to have engaged in unlawful harassment, regardless of whether the reporting party files a formal complaint or is seeking an informal resolution to the alleged harassment.

School District community means students and Board employees (i.e., administrators, and professional and classified staff), as well as Board members, agents, volunteers, contractors, or other persons subject to the control and supervision of the Board.

Third Parties include, but are not limited to, guests and/or visitors on School District property (e.g., visiting speakers, participants on opposing athletic teams, parents), vendors doing business with, or seeking to do business with, the Board, and other individuals who come in contact with members of the School District community at school-related events/activities (whether on or off District property).

Day(s): Unless expressly stated otherwise, the term "day" or "days" as used in this policy means business day(s) (i.e., a day(s) that the Board office is open for normal operating hours, Monday – Friday, excluding State-recognized holidays).

A. Bullying

Bullying rises to the level of unlawful harassment when one or more persons systematically and chronically inflict physical hurt or psychological distress on one (1) or more employees and that bullying is based upon sex, race, (including anti-Semitism) color, national origin, religion, or disability, that is, characteristics that are protected by Federal civil rights laws. It is defined as any unwanted and repeated written, verbal, or physical behavior, including any threatening, insulting, or dehumanizing gesture, by an adult or student, creates an intimidating, hostile, or offensive educational environment; cause discomfort or humiliation; or unreasonably interfere with the individual's school performance or participation. This unlawful harassment may include, but not be limited to, the following:

1. teasing;
2. social exclusion;
3. threats;
4. intimidation;
5. stalking;
6. cyberstalking;
7. cyberbullying;
8. physical violence;
9. theft;
10. sexual, religious, or racial harassment;
11. public or private humiliation; or
12. destruction of property

B. "Harassment" means any threatening, insulting, or dehumanizing gesture, use of data or computer software, or written, verbal or physical conduct directed against school employee that:

1. places a school employee in reasonable fear of harm to his/her person or damage to his/her property;

2. has the effect of substantially interfering with an employee's educational performance, opportunities, or benefits; or
3. has the effect of substantially disrupting the orderly operation of a school.

C. "Bullying" and "harassment" also include:

1. Retaliation against a school employee by a student or school employee for asserting or alleging an act of bullying or harassment. Reporting an act of bullying or harassment that is not made in good faith is considered retaliation.
2. Perpetuation of conduct listed under the definitions of "bullying," "cyberbullying," or "harassment" by an individual or group with intent to demean, dehumanize, embarrass, or cause physical harm to a school employee by:
 - a. incitement or coercion;
 - b. accessing or knowingly causing or providing access to data or computer software through a computer, computer system, or computer network within the scope of the District school system; or,
 - c. acting in a manner that has an effect substantially similar to the effect of bullying or harassment.

D. Sexual Harassment

For purposes of this policy and consistent with Title VII of the Civil Rights Act of 1964 "sexual harassment" is defined as:

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, when:

1. Submission to such conduct is made either implicitly or explicitly a term or condition of an individual's employment, or status in a class, educational program, or activity.
2. Submission or rejection of such conduct by an individual is used as the basis for employment or educational decisions affecting such individual.
3. Such conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity.

Sexual harassment may involve the behavior of a person of any gender against a person of the same or another gender.

Sexual Harassment covered by Policy 2266 – Nondiscrimination on the Basis of Sex in Education Programs or Activities is not included in this policy. Allegations of such conduct shall be addressed solely by Policy 2266.

Prohibited acts that constitute sexual harassment under this policy may take a variety of forms. Examples of the kinds of conduct that may constitute sexual harassment include, but are not limited to:

1. Unwelcome sexual propositions, invitations, solicitations, and flirtations.
2. Unwanted physical and/or sexual contact.
3. Threats or insinuations that a person's employment, wages, academic grade, promotion, classroom work or assignments, academic status, participation in athletics or extra-curricular programs, activities or events, or other conditions of employment or education may be adversely affected by not submitting to sexual advances.
4. Unwelcome verbal expressions, including graphic sexual commentaries about a person's body, dress, appearance, or sexual activities; the unwelcome use of sexually degrading language, profanity, jokes, or innuendoes; unwelcome suggestive or insulting sounds or whistles; obscene telephone calls or

texts.

5. Sexually suggestive objects, pictures, graffiti, videos, posters, audio recordings, or literature placed in the work or educational environment, that may reasonably embarrass or offend individuals.
6. Unwelcome and inappropriate touching, patting, or pinching; obscene gestures.
7. Asking about, or telling about, sexual fantasies, sexual preferences, or sexual activities.
8. Speculations about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history.
9. Giving unwelcome personal gifts such as lingerie that suggest the desire for a romantic relationship.
10. Leering or staring at someone in a sexual way, such as staring at a person's breasts, buttocks, or groin.
11. A pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another.
12. Consensual sexual relationships where such a relationship leads to favoritism of a subordinate employee with whom the superior is sexually involved and where such favoritism adversely affects other employees or otherwise creates a hostile work environment.
13. Verbal, nonverbal, or physical aggression, intimidation, or hostility based on sex or sex stereotyping that does not involve conduct of a sexual nature.
14. Inappropriate boundary invasions by a District employee or other adult member of the School District community into a student's personal space and personal life.

Not all behavior with sexual connotations constitutes unlawful sexual harassment. Sex-based and gender-based conduct must be sufficiently severe, pervasive, or persistent such that it adversely affects, limits, or denies an individual's employment, or such that it creates a hostile or abusive employment or educational environment.

NOTE: Any teacher, administrator, coach, or other school authority who engages in sexual conduct with a student may also be guilty of a crime.

E. Sexual Cyberharassment

Pursuant to Florida law, "sexual cyberharassment" means to publish to an Internet website or disseminate through electronic means to another person a sexually explicit image of a person that contains or conveys the personal identification information of the depicted person without the depicted person's consent, contrary to the depicted person's reasonable expectation that the image would remain private, for no legitimate purpose, with the intent of causing substantial emotional distress to the depicted person. Evidence that the depicted person sent a sexually explicit image to another person does not, on its own, remove his/her reasonable expectation of privacy for that image. Sexual cyberharassment may be a form of sexual harassment.

F. Race/Color Harassment (Including Anti-Semitism)

Prohibited racial harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's race or color and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's race or color, such as racial slurs, nicknames implying stereotypes, epithets, and/or negative references relative to racial customs.

Prohibited anti-Semitism harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's Jewish heritage and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is based upon a certain

perception of the Jewish people, which may be expressed as hatred toward Jewish people, rhetorical and physical manifestations of anti-Semitism directed toward a person, his/her property, or toward Jewish community institutions or religious facilities.

G. Religious (Creed) Harassment

Prohibited religious harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's religion or creed and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's religious tradition, clothing, or surnames, and/or involves religious slurs.

H. National Origin Harassment

Prohibited national origin harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's national origin and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's national origin, such as negative comments regarding customs, a manner of speaking, language, surnames, or ethnic slurs.

I. Disability Harassment

Prohibited disability harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's disability and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's disability, such as negative comments about speech patterns, movement, physical impairments or defects/appearances, or the like. Such harassment may further occur where conduct is directed at or pertains to a person's genetic information.

J. Pregnancy Harassment

Prohibited pregnancy harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's pregnancy and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's pregnancy and condition of pregnancy.

IV. **Reports and Complaints of Harassing Conduct**

Members of the School District community and Third Parties, which includes all staff, are encouraged to promptly report incidents of unlawful harassing conduct to an administrator, supervisor, or a Compliance Officer, when the complaint is about the administrator or supervisor, so that the appropriate party (administrator, supervisor or compliance officer) may address the conduct before it becomes severe, pervasive, or persistent. Any administrator, supervisor, or Compliance Officer who receives such a report shall file it with the Professional Standards Office within five (5) business days for recording purposes. The appropriate party is responsible for addressing the concern and/or conducting an investigation when necessary. Anonymous reports of an alleged act of bullying or harassment may be reported to an administrator, supervisor, or other School District official; however, formal disciplinary action may not be based solely on an anonymous report.

Members of the School District community or third parties who believe they have been unlawfully harassed by another member of the School District community or a third party are entitled to utilize the Board's investigation and complaint process. Initiating a complaint, whether formally or informally, will not adversely affect the Complainant's employment or participation in educational or extra-curricular programs unless the makes the complaint maliciously or with the knowledge that it is false. While there are no time limits for initiating complaints of harassment under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

The names, titles, and/or contact information of the persons presently serving as Compliance Officers may change from time to time, and such changes shall be deemed technical corrections within the meaning of Bylaw 0131.1 and shall be made pursuant to that bylaw.

C. Duties and Responsibilities

A Compliance Officer will be available during regular school/work hours to discuss concerns related to unlawful harassment, to assist staff, other members of the School District community, and third parties who seek support or advice when informing another individual about "unwelcome" conduct, or to intercede informally on behalf of the individual in those instances where concerns have not resulted in the filing of a formal complaint and where all parties are in agreement to participate in an informal process.

Any Board employee who directly observes unlawful harassment of a student is obligated, in accordance with this policy, to report such observations to a site/department administrator within two (2) business days. Thereafter, policy 5517.01 Bullying and Harassment addresses the procedures to follow for this type of situation.

Compliance Officers are assigned to accept complaints of unlawful harassment directly from any member of the School District community or a visitor to the District or to receive complaints which are initially filed with a school building administrator. Upon receipt of a complaint either directly or through a school building administrator, the Compliance Officer will begin either an informal or formal process (depending on the request of the member of the School District community alleging harassment), or the Compliance Officer will designate a specific individual to conduct such a process. In either case, the Investigation and Complaint Procedures in section V below should be followed.

V. Investigation and Complaint Procedure

Any employee or other member of the School District community or Third Party who believes that they have been subjected to unlawful harassment may seek resolution of the complaint through the procedures as described below. Further, a process for investigating claims of harassment and a process for rendering a decision regarding whether the claim of legally prohibited harassment or retaliation was substantiated are set forth below. The site/department administrator will be the first level of review for all formal complaints for that site/department unless they are the subject of the complaint at which point the first level will be their immediate supervisor.

Due to the sensitivity surrounding complaints of unlawful harassment or retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) calendar days after the conduct occurs while the facts are known and potential witnesses are available. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within thirty (30) days of the complaint being received). If further time is needed the site/department administrator must request an extension that can be granted for good cause by a Compliance Officer. If the Compliance Officer investigates then the extension must be granted by the Superintendent.

The procedures set forth below are not intended to interfere with the rights of any individual to pursue a complaint of unlawful harassment or retaliation with the United States Department of Education, Office for Civil Rights (OCR), the Florida Commission on Human Relations (FCHR), and/or the Equal Employment Opportunity Commission (EEOC).

~~[DRAFTING NOTE: For complaints that fall outside the scope of Title IX, it is not mandatory that the Board create an informal complaint procedure. However, Neola continues to recommend that school boards include the informal complaint procedure language below. Neola further recommends that the Board consult with its legal counsel if it desires to remove the informal complaint procedure.]~~

Formal Complaint Procedure

This formal complaint process is not intended to interfere with the rights of an employee, other member of the School District community, or third party to pursue a complaint of unlawful harassment with the United States Department of Education, Office for Civil Rights, the Florida Civil Rights Commission, or the Equal Employment Opportunity Commission.

The Complainant may file a formal complaint, either orally or in writing with an administrator, supervisor, principal &/or the Compliance Officer. Due to the sensitivity surrounding complaints of unlawful harassment and retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available.

All formal complaints must include the following information to the extent known: the identity of the Respondent a detailed description of the facts upon which the complaint is based; a list of potential witnesses; and the resolution sought by the complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the site/department administrator shall ask for such details in an oral interview. Thereafter the site/department administrator will prepare a written summary of the oral interview, and the complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the site/department administrator will consider whether any action should be taken in the investigatory phase to protect the Complainant from further harassment or retaliation including but not limited to a change of work assignment or schedule for the Complainant and/or the Respondent. In making such a determination, the site/department administrator should consult the Complainant to assess his/her agreement to any action deemed appropriate. If the complainant is unwilling to consent to any change that is deemed appropriate by the site/department administrator, the site/department administrator may still take whatever actions deemed appropriate in consultation with the Compliance Officer.

Within ten (10) business days of receiving a formal complaint, the site administrator or a designee will initiate a formal investigation to determine whether the complainant has been subjected to offensive conduct/harassment/retaliation.

Simultaneously, the site/department administrator will inform the Respondent that a formal complaint has been received. The respondent will be informed about the nature of the allegations and a copy of any relevant policies and the Board's anti-harassment policy shall be provided to the respondent at that time. The respondent must also be informed of the opportunity to submit a written response to the formal complaint within five (5) business days.

Although certain cases may require additional time, the site/department administrator or a designee will attempt to complete an investigation into the allegations of harassment/retaliation within fifteen (15) calendar days of receiving the formal complaint. The investigation will include:

- A. interviews with the Complainant;

- B. interviews with the Respondent;
- C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;
- D. consideration of any documentation or other evidence presented by the complainant, respondent, or any other witness which is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the site/department administrator or the designee shall compose a written report which summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful harassment as provided in Board policy and State and Federal law as to whether the complainant has been subject to unlawful harassment. The site/department administrator's recommendations must be based upon the totality of the circumstances, including the ages and maturity levels of those involved. In determining if discriminatory harassment or retaliation occurred, a preponderance of evidence standard will be used. The report shall be submitted to the Compliance Officer for review with the Superintendent.

Absent extenuating circumstances, within five (5) business days of receiving the report, the Superintendent must either issue a final decision regarding whether or not the complaint of harassment has been substantiated or request further investigation. A copy of the Superintendent's final decision will be delivered to both the complainant and the respondent.

If the Superintendent requests additional investigation, the Superintendent must specify the additional information that is to be gathered, and such additional investigation must be completed within five(5) business days. At the conclusion of the additional investigation, the Superintendent must issue a final written decision as described above.

The decision of the Superintendent shall be final.

The Superintendent reserves the right to investigate and resolve a complaint or report of unlawful harassment regardless of whether the member of the School District community or Third Party alleging the unlawful harassment pursues the complaint. The Superintendent also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Superintendent.

The parties may be represented, at their own cost, at any of the above-described meetings/hearings.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the Office for Civil Rights, the filing of charges with local law enforcement, or the filing of a civil action in court. Use of this internal complaint process is not a prerequisite to the pursuit of other remedies.

VI. Privacy/Confidentiality

The School District will employ all reasonable efforts to protect the rights of the Complainant, the Respondent, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy and related administrative procedures shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. Additionally, the Respondent must be provided the Complainant's identity.

During the course of a formal investigation, the Compliance Officer or designee will instruct all members of the School District community and third parties who are interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of a harassment investigation is expected not to disclose any information that is learned or provided during the course of the investigation.

All public records created as a part of an investigation of a complaint of harassment will be maintained by the Compliance Officer in accordance with the Board's records retention policy. Any records which are considered student records in accordance with the *Family Educational Rights and Privacy Act* will be maintained in a manner consistent with the provisions of the Federal and State laws.

VII. Sanctions and Monitoring

The Superintendent shall vigorously enforce the Board's prohibitions against unlawful harassment/retaliation and bullying by taking appropriate action reasonably calculated to stop the harassment/retaliation and bullying and prevent further such harassment. While observing the principles of due process, a violation of this policy may result

in disciplinary action up to and including the discharge of an employee. Disciplinary action up to and including the discharge of an employee may occur if an employee is found to have wrongfully and intentionally accused another of an act of bullying or harassment. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the Superintendent shall consider the totality of the circumstances involved in the matter, including the ages and maturity levels of those involved. In those cases where unlawful harassment is not substantiated, the Superintendent may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Superintendent becomes aware that a prior remedial action has been taken against a member of the School District community, all subsequent sanctions imposed by the Board and/or Superintendent shall be reasonably calculated to end such conduct, prevent its reoccurrence, and remedy its effects.

VIII. Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful harassment/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a report, formal complaint, testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person for making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

IX. Allegations Constituting Criminal Conduct: Child Abuse/Sexual Misconduct

State law requires any teacher or school employee who knows or suspects that a child under the age of eighteen (18) is a victim of child abuse or neglect to immediately report that knowledge or suspicion to the Department of Children and Family Services. If, during the course of a harassment investigation, the Compliance Officer or a designee has reason to believe or suspect that the alleged conduct reasonably indicates abuse or neglect of the complainant, a report of such knowledge must be made in accordance with State law and Board policy.

If the Compliance Officer or a designee has reason to believe that the complainant has been the victim of criminal conduct as defined under Florida law, such knowledge should be reported to local law enforcement.

Any reports made to the local child protection service or to local law enforcement shall not terminate the Compliance Officer's or a designee's obligation and responsibility to continue to investigate a complaint of harassment. While the Compliance Officers or a designee may work cooperatively with outside agencies to conduct concurrent investigations, in no event shall the harassment investigation be inhibited by the involvement of outside agencies without good cause after consultation with the Superintendent.

X. Mandatory Reporting of Misconduct by Certificated Employees

The Superintendent is required by State law and Board Policy 8141 to report alleged misconduct by certificated employees of the District that affects the health, safety, or welfare of a student. In accordance with Board policy and State law, the Superintendent shall investigate each allegation of such conduct and, if confirmed, shall report such misconduct pursuant to Policy 8141.

XI. Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The Superintendent or designee shall provide appropriate information to all members of the School District community related to the implementation of this policy and shall provide training for District students and staff where appropriate.

XII. Retention of Investigatory Records and Materials

The Compliance Officer(s) is responsible for overseeing retention of all records that must be maintained pursuant to this policy. All individuals charged with conducting investigations under this policy shall retain all information, documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315) created and received as part of an investigation, including, but not limited to:

- A. all written reports/allegations/complaints/statements;
- B. narratives of all verbal reports/allegations/complaints/statements;

- K. dated written determinations to the parties;
- L. dated written descriptions of verbal notifications to the parties;
- M. documentation of all actions taken, both individual and systemic, to stop the discrimination or harassment, prevent its recurrence, eliminate any hostile environment, and remedy its discriminatory effects;
- N. documentation of any supportive measures offered and/or provided to the Complainant and/or the Respondent, including no contact orders issued to both parties, the dates the no contact orders were issued, and the dates the parties acknowledged receipt of the no contact orders;
- O. copies of the Board policy and/or procedures/guidelines used by the District to conduct the investigation, and any documents used by the District at the time of the alleged violation to communicate the Board's expectations to students and staff with respect to the subject of this policy (e.g., Student Code of Conduct and/or Employee Handbooks);
- P. copies of any documentation that memorializes any formal or informal resolutions to the alleged discrimination or harassment; and
- Q. documentation of any training provided to District personnel related to this policy, including but not limited to, notification of the prohibitions and expectations of staff set forth in this policy and the role and responsibility of all District personnel involved in enforcing this policy, including their duty to report alleged violations of this policy and/or conducting an investigation of an alleged violation of this policy.

The information, documents, ESI, and electronic media (as defined in Policy 8315) retained may include public records and records exempt from disclosure under Federal and/or State law (e.g., student records).

The information, documents, ESI, and electronic media (as defined in Policy 8315) created or received as part of an investigation shall be retained in accordance with Policy 8310, Policy 8315, Policy 8320, and Policy 8330 for not less than three (3) years, but longer if required by the District's records retention schedule.

2120 - **SCHOOL IMPROVEMENT**

The School Board supports the concept of school improvement as established by the State Board of Education and will seek to create and/or maintain effective schools as defined by Florida statute. The Board shall annually approve and require implementation of a new, amended, or continuation of school improvement plan for each school in the District which has a school grade of "D" or "F".

In addition to adopting a mission statement and educational philosophy for the District, the Board shall create, as needed, policies which support the school improvement process.

The Superintendent shall establish administrative procedures which will provide for:

- B. A District-wide, school-improvement plan which provides for decision-making regarding program assessment, curriculum review, determination of performance standards, staff development, and the monitoring and assessment of student outcomes.
- C. Collaboration at both the building and District levels with parents, relevant institutions and groups, especially those in the community, who can support and facilitate school improvement in the District.
- D. A system of school reports and dissemination of information regarding the performance of students and educational programs as required by Florida statute and State Board of Education rule.

In order to enhance school improvement, the Superintendent is authorized to waive any policy that has been enacted in order to comply with the following Federal statutes/regulations and to request waivers from these laws/regulations from the Commissioner of Education:

Titles I, II, III, IV, VI, IX, X, and Part C of Title VII of the ESEA Act of 1965

The Carl Perkins Vocational and Applied Technology Education Act

The General Education Provisions Act

Parts of Education Department General Administrative Regulations

In requesting such waivers, the Superintendent is to abide by the procedures established by the State Department of Education.

Early Warning System

Each school in the District serving students in kindergarten through grade 8 must develop an early warning system in order to identify students who need additional support to improve academic performance and stay engaged in school. The early warning system must include the following early warning indicators:

- A. Attendance below ninety percent (90%) regardless of whether absence is excused or a result of out-of-school suspension.
- B. One (1) or more suspensions whether in school or out of school.
- C. Course failure in English Language Arts or mathematics during any grading period.
- D. A Level 1 score on the Statewide standardized assessments in English Language Arts or mathematics.
- E. For students in kindergarten through grade 3, a substantial ~~reading~~ deficiency **in reading** under F.S. 1008.25(5) (a) or, for students in kindergarten through grade 4, a substantial ~~mathematics~~ deficiency **in mathematics** under F.S. 1008.25, ~~and F.A.C. 6A-6.053~~ and F.A.C. 6A-6.0533.

A school-based team responsible for implementing the requirements of this paragraph shall monitor the data from the early warning system. The team may include a school psychologist. When a student exhibits two (2) or more early warning indicators, the team, in consultation with the student's parent, shall determine appropriate intervention strategies for the student unless the student is already being served by an intervention program at the direction of a school-based, multidisciplinary team. Data and information relating to a student's early warning indicators must be used to inform any intervention strategies provided to the student.

Voluntary Pre-Kindergarten ("VPK") Students with a Substantial Deficiency in Early Literacy Skills

A VPK student is identified as having a substantial deficiency in early literacy skills if the student scores below the 10th percentile or is unable to complete the practice items at the middle or end of the year test administration of the coordinated screening and progress monitoring system pursuant to F.S. 1008.25. Immediately following identification, public VPK students with a substantial deficiency in early literacy skills must be provided interventions in early literacy skills that are intensive, explicit, systematic, and multisensory in accordance with F.S. 1008.25.

2280 - **PHYSICAL EDUCATION**

The School Board recognizes the value of physical education to the maintenance of the health and vitality of all students, as well as to the development of life-long habits that will enhance personal fitness and wellness and has available to students one-on-one counseling concerning the benefits of physical education.

Therefore, it shall be the policy of the Board that opportunities for physical education that are consistent with the Florida Early Learning Services Birth to Five standards for physical development, be available to all students in Pre-Kindergarten. Students in kindergarten through grade five (5) shall be provided 150 minutes of physical education, as defined in State law, each week. Students in grade six who are enrolled in a school with students in Kindergarten through grade five shall also be provided 150 minutes of physical education as defined in State law each week.

In addition to the requirements for physical education, the Board will provide at least one hundred (100) minutes of supervised, safe, and unstructured free-play recess each week for students in kindergarten through grade 5 so that there are at least twenty (20) consecutive minutes of free-play recess per day.

For students in a middle school, which has enrolled students in grades six through eight, each student is required to complete one (1) class period for one (1) semester per school year of physical education.

Students in grades nine (9) through twelve (12) shall be required to earn a minimum of one (1) credit in physical education.

The physical education curriculum in this District shall be in accord with standards established by the Department of Education, as well as those recommended by the National Association of Health, Physical Education, and Recreation.

When planning the required activities, the instructor shall consider the different capabilities of the students and adapt the plans accordingly.

Furthermore, the outcomes of the physical education program in this District shall stress physical fitness and encourage the development of a healthy, active lifestyle. Specific grade level outcomes shall be established annually in each school's school improvement plan.

Each student's parents shall be notified by the Student Progression Plan of the options available to waive participation in physical education prior to the placement of physical education on a student's schedule. A student must meet one (1) of the following criteria to be available for a waiver from the required physical education class:

- A. the student is enrolled or required to enroll in a remedial course;

2340 - EDUCATIONAL AND EXTRA-CURRICULAR TRIPS

The School Board recognizes that field trips, and other school-sponsored events and activities, when used for teaching and learning integral to the curriculum, are an educationally sound and important ingredient in the instructional program of the schools.

Parent/Guardian Notification and Permission

To fully inform parents and legal guardians of the details of any school-sponsored event or activity, schools must provide parents and/or legal guardians with a permission form that includes, at a minimum, the following information:

- A. the nature of the school-sponsored trip or activity;
- B. the date(s) and time(s) of the school-sponsored trip or activity;
- C. specific location(s)/type(s) of establishment(s) to be visited and type(s) of sponsors/guests at the school-sponsored trip or activity;
- D. mode(s) of transportation;
- E. method of student supervision provided, such as anticipated number of chaperones; and,
- F. for overnight lodging, whether room assignments are not separated by biological sex at birth.

Students must return the signed permission form to participate in the school-sponsored event or activity.

Planning

Properly planned and executed field trips should:

- A. supplement and enrich classroom procedures by providing learning experiences in an environment outside the schools;
- B. arouse new interests among students;
- C. help students relate school experiences to the reality of the world outside of school;

D. bring the resources of the community - natural, artistic, industrial, commercial, governmental, educational - within the student's learning experience;

E. afford students the opportunity to study real things and real processes in their actual environment.

~~For purposes of this policy, an educational or extra-curricular field trip shall be defined as any planned journey by one or more students away from District premises, which is an integral part of a course of study and is under the direct supervision and control of an instructional staff member or any advisor as designated by the Superintendent.~~

~~Educational or extra-curricular trips shall be defined as any planned, student travel activity which is approved as part of the District's total educational program and is under the direct supervision and control of an instructional staff member or any advisor as designated by the Superintendent.~~

School personnel **shall** ~~shall not accept any form of compensation from vendors that might influence their recommendation on the eventual selection of a location for, or a vendor that will provide transportation to, an educational or extra-curricular field trip. Furthermore, school personnel shall not accept any compensation from a vendor after a decision has been made regarding the location for, or a vendor that will provide transportation to, an educational or extra-curricular field trip. In addition, school personnel who recommended the location for, or a vendor that will provide transportation to, an educational or extra-curricular field trip shall not enter into a contractual arrangement whereby an individual staff member receives compensation in any form from the vendor that operates the venue for, or provides the transportation to, an educational or extra-curricular field trip for services rendered.~~ **comply with Board Policy 1214, Policy 3214, and Policy 4214 - Solicitation or Acceptance of Gifts or Unauthorized Compensation when planning all field trips and other school-sponsored events and activities.**

The Board shall approve those educational or extra-curricular field trips which are planned to keep students out of the District overnight or longer or out of the State.

The Superintendent shall approve all other such trips.

The parent/guardian shall be notified prior to any field trip. Such notice shall state the place to be visited, the date of the trip, the time of departure, and the time of return to the school. Any student making a trip shall present a note from his/her parent/guardian giving permission for him/her to make the trip.

No fund-raising shall occur and no money shall be spent (including deposits) for any out-of-state field trips unless and until such trips have received Board approval.

Students may be charged fees, including, but not limited to, admission fees, for educational or extra-curricular trips but no student shall be denied participation from educational field trips for financial inability, nor shall nonparticipation be penalized academically.

Students on all educational or extra-curricular field trips remain under the supervision of this Board and are subject to the District's administrative procedures.

The Board does not endorse, support, or assume liability in any way for any staff member, volunteer, or parent of the District who takes students on trips not approved by the Board or Superintendent. No staff member may solicit students of this District for such trips within the facilities or on the school grounds of the District without permission from the Superintendent. Permission to solicit neither grants nor implies approval of the trip. Such approval must be obtained in accordance with the District's administrative procedures for extended trips.

The Superintendent shall prepare administrative procedures for the operation of both field and other educational or extra-curricular field trips, including athletic trips.

2421 - **CAREER AND TECHNICAL EDUCATION**

The School Board recognizes that education is a function of both knowledge and the application of knowledge. Education that ties abstract ideas to practical applications also prepares students to use their minds, as well as preparing them to be citizens, parents, and members of a civilized culture. Career and technical education and academic education are complementary, rather than exclusive.

Career and technical education will provide experiences that complement and reinforce academic concepts that are particularly amenable to contextualized learning in a distinct career area and provide occupationally specific skills.

The Board shall provide career and technical education program offerings that include, but are not limited to:

- A. job preparatory courses designed to provide students with the competencies necessary for effective entry into an occupation;
- B. exploratory courses designed to give students initial exposure to skills and attitudes associated with a broad range of occupations in order to assist them in making informed decisions regarding their future academic and occupational goals;
- C. practical arts courses designed to teach students practical generic skills which, although applicable in some occupations, are not designed to prepare students for entry into an occupation;
- D. career education instruction which is designed to strengthen and integrate basic academic skills and career/technical skills and occupational awareness;
- E. accelerated career and technical programs such as vocational dual enrollment designed to enable high school students to earn elective credit toward graduation and postsecondary credit toward an A.S. degree or a technical certificate.

Additionally, each high school in the District shall host a career fair during the school year and establish a process to provide students in grades 11 and 12 the opportunity to meet or interview with potential employers during the career fair. The career fair must be held on the campus of the high school, except that a group of high schools in the District or the District and other school districts may hold a joint career fair at an alternative location to satisfy this requirement. A joint career fair must be held at a location within reasonable driving distance for students at all participating schools. The career fair must be held during the school day and may use Florida's online career planning and work-based learning system as part of the career fair activities. Alternatively, the District may consult with local workforce development boards, advisory committees, and business groups to determine free or cost-effective methods to provide other career and industry networking opportunities during the school day for secondary students, and exposure for elementary and secondary students to a representative variety of industries, business, and careers.

Any effort to recruit students to participate in a particular career and technical program shall follow applicable State and Federal laws regarding provision of information.

The Superintendent shall annually submit a list of the career and technical education courses available in the District to the Board for approval. If required, the course list and any other related information shall thereafter be submitted to the Florida Department of Education (FLDOE) for approval.

Career and technical education program offerings are available to middle and high school and adult students without regard to race (including anti-Semitism), color, national origin, sex (including sexual orientation, transgender status, or gender identity), age, disability (including HIV, AIDS, or sickle cell trait), pregnancy, marital status, age (except as authorized by law), religion, military status, ancestry, or genetic information which are classes protected by State and/or Federal law. The Superintendent is to ensure that application forms for cooperative education programs contain a notice of nondiscrimination. The notice of nondiscrimination shall be part of the application forms provided to employers.

Procedures for program operation in accordance with applicable labor laws are incorporated in the ~~FLDOE-Florida Department of Education~~, Curriculum Frameworks, and Student Performance Standards. Those documents are kept on file in the Superintendent's office.

Career and Professional Academies; Career-Themed Courses

The District shall offer career and professional academies at the middle and high school levels, and at least two (2) career-themed courses. A "career and professional academy" is a research-based program that integrates a rigorous academic curriculum with an industry-specific curriculum aligned directly to priority workforce needs established by the regional workforce board or the Department of ~~CommerceEconomic Development~~. Students completing career and professional academy programs must receive a standard high school diploma, the highest available industry certification, and opportunities to earn postsecondary credit if the academy partners with a postsecondary institution approved to operate in the State.

A "career-themed course" is a course, or a course in a series of courses, that leads to an industry certification identified in the CAPE Industry Certified Funding List pursuant to rules adopted by the State Board of Education. Career-themed courses have industry-specific curriculum aligned directly to priority workforce needs established by the regional workforce board or the Department of ~~CommerceEconomic Development~~. Students completing a career-themed course will be provided opportunities to earn postsecondary credit if the credit for the career-themed course can be articulated to a postsecondary institution approved to operate in the State.

The Board expects career and professional academies offered in the District's high schools to provide rigorous and relevant career-themed courses that articulate to postsecondary-level coursework and provide students with the opportunity to receive a standard high school diploma, the opportunity to earn industry certification, the opportunity to attain the Florida Gold Seal Vocational Scholars award, and the opportunity to earn postsecondary credit.

The Board further provides the opportunity for middle school students who successfully complete the curriculum of the career and professional academies or a career-themed course to transfer to a high school career and professional academy or a career-themed course currently operating within the District. Students who complete such courses at the middle school level must have the opportunity to earn an industry certificate, high school credit, and participate in career planning, job shadowing, and business leadership development activities. The District shall inform students and parents during course selection for middle school of the career and professional academy or career-themed courses available within the District.

The Board encourages the Superintendent to forge partnerships with local businesses in the development of career and professional academies. These partnerships will help prepare students for the State's workforce needs, as well as help attract, expand, and retain targeted, high-value industry and jobs in the community.

The District's career and professional academies should increase student academic achievement and graduation rates through integrated academic and career curriculum. Each middle school career exploration program, middle and high school career, and professional academies leading to industry certification, and high school graduation requirements shall be aligned.

Each career and professional academy and career-themed course at the high school level must:

- A. provide a rigorous standards-based academic curriculum integrated with a career curriculum; consider multiple styles of student learning; promote learning by doing through application and adaptation; maximize relevance of the subject matter; enhance each student's capacity to excel; and include an emphasis on work habits and work ethics.

- B. include one or more partnerships with postsecondary institutions, businesses, industry, employers, economic development organizations, or other appropriate partners from the local community. Such partnerships with postsecondary institutions shall be delineated in articulation agreements and include any career and professional academy courses or career-themed courses that earn postsecondary credit. Such agreements may include articulation between the secondary school and public or private two (2) year and four (4) year postsecondary institutions and technical centers. Such partnerships must provide opportunities for:
 - 1. instruction from highly skilled professionals who possess industry-certification credentials for courses they are teaching;
 - 2. internships, externships, and on-the-job training;
 - 3. a postsecondary degree, diploma, or certificate;
 - 4. the highest available level of industry certification;
 - 5. maximum articulation of credits pursuant to F.S. 1007.23 upon program completion.
- C. promote and provide opportunities for students enrolled in a career and professional academy or a career-themed course to attain, at minimum, the Florida Gold Seal Vocational Scholars award pursuant to F.S. 1009.536.
- D. provide instruction in careers designated as high-skill, high-wage, and high-demand by the regional workforce development board, the chamber of commerce, economic development agencies, or the Department of ~~Commerce~~ ~~Economic Opportunity~~.
- E. deliver academic content through instruction relevant to the career, including intensive reading and mathematics intervention required by F.S. 1003.428, with an emphasis on strengthening reading for information skills.
- F. offer applied courses that combine academic content with technical skills.
- G. provide instruction resulting in competency, certification, or credentials in workplace skills, including, but not limited to, communication skills, interpersonal skills, decision-making skills, the importance of attendance and timeliness in the work environment, and work ethics.

Each career and professional academy at the middle school level must:

- A. lead to careers in occupations designated as high-skill, high-wage, and high-demand in the CAPE Industry Certified Funding List approved under rules adopted by the State Board of Education.
- B. integrate content from core subject areas.
- C. integrate career and professional academy or career-themed course content with intensive reading and mathematics pursuant to F.S. 1003.428.
- D. coordinate with high schools to maximize opportunities for middle school students to earn high school credit.
- E. provide access to virtual instruction courses provided by virtual education providers legislatively authorized to provide part-time instruction to middle school students. The virtual instruction courses must be aligned to State curriculum standards for middle school career and professional academy courses or career-themed courses, with priority given to students who have required course deficits.
- F. provide instruction from highly skilled professionals who hold industry certificates in the career area in which they teach.
- G. provide personalized student advisement that includes a parent-participation component.

An adult student who is enrolled in an apprenticeship program that is registered with the ~~FLDOE~~ ~~Department of Education~~ in accordance with F.S. Chapter 446, Job Training, is exempt from the provisions of F.S. 1004.91 relating to career preparatory instruction.

High School Credit for Career and Technical Student Organization Participation

Students in grades 6 through 12 may earn one (1) high school credit upon providing their school with verifiable documentation showing an accumulation of at least 135 hours of participation in career and technical student organization activities that occur outside of regular class time. The 135-hour threshold may be accumulated over the course of one (1) or more academic years.

- A. "Career and technical education program" means a comprehensive program of secondary instruction for which a curriculum framework has been adopted in accordance with F.A.C. 6A-6.0571.

These activities may include events, projects, competitions, and workshops, including preparation or practice time for such activities, supervised agricultural experiences, or any other activity that meets the definition of work-based learning under F.S. [446.0915](#), that is related to a CTSO.

To apply for a high school credit, a student, including a transfer student, must provide CTSO Lead Advisor with the following forms of verifiable documentation of demonstrable CTSO participation no later than April 30:

CTSO advisors, CTSO teachers, and other relevant District personnel will be provided training on the requirements to award credit for CTSO participation.

Industry Certification in Industry-Certified Career Education Programs

- A. within an industry that addresses a critical local or Statewide economic need;
- B. linked to an occupation that is included in the workforce system's targeted occupation list; or
- C. linked to an occupation that is identified as emerging.

To earn industry certification, the student must demonstrate the required proficiency on an assessment evaluated by an independent, third-party certifying entity using predetermined standards for knowledge, skills, and competencies.

Secondary Career and Technical Education Course Fee

Career and technical course fee, as listed in the Board-approved fee schedule, is \$30 per year for middle school and \$50 per year for high school per program. This is the maximum allowable fee. The student, upon registering, is expected to agree to pay the fee. These fees may be used to cover the cost of materials, supplies, and dues. Students who are unable to pay the fees may submit a request to the school asking for a fee waiver.

The annual per-student activity fee may not cover all expenses associated with student participation in individual activities; therefore, additional fees to cover expenses, including (but not limited to) materials, supplies, equipment, travel, membership dues, and other purchased services may be assessed by school principals.

Strategic Plan to Address Local and Regional Workforce Demands

Florida statutes require each Board to develop, in collaboration with regional workforce boards, economic development agencies, and postsecondary institutions approved to operate in the state, a strategic three (3) year plan to address and meet local and regional workforce demands. If involvement of a regional workforce board or an economic development agency in the strategic plan development is not feasible, the Board, with the approval of the Department of Commerce/Economic Development, shall collaborate with the most appropriate regional business leadership board.

The Board authorizes the Superintendent to collaborate with one (1) or more neighboring counties in the development of the strategic plan, and, upon approval of the plan, to offer career-themed courses, as defined in F.S. 1003.493(1)(b), or a career and professional academy as a joint venture.

The strategic plan must describe in detail provisions for the efficient transportation of students, the maximum use of shared resources, access to courses aligned to State curriculum standards through virtual education providers legislatively authorized to provide part-time instruction to middle school students, and an objective review of proposed career and professional academy courses and other career-themed courses to determine if the courses will lead to the attainment of industry certifications included on the CAPE Industry Certified Funding List pursuant to rules adopted by the State Board of Education.

2423 - SCHOOL-TO-WORK PROGRAM

Federal School-to-Work Opportunities Act of 1994

The School Board strongly supports the School to Work Opportunities Act career and technical education work-based learning opportunities as a means vehicle to help the District to prepare students more effectively for the world of work. Through this legislation, the District will be able to provide students with the following learning experiences needed to develop career related knowledge, attitudes, and skills as well as life long learning skills:

- A. School based learning which includes career awareness, exploration, and counseling and the integration of academic and vocational learning.
- B. Work based learning which provides students with a planned program of job training and/or various types of work experiences that are coordinated with school based learning.
- C. Connecting activities which are designed to ensure that there is effective correlation and coordination between what students learn in school and what they learn at worksites.

The Superintendent is authorized to design and implement school to work activities and programs, both independently for this District and in cooperation with other districts, that create the three (3) types of learnings described above. In addition, s/he should take the steps necessary to implement Board Policy 9555 — *Partnerships with Business* and also ensure that the District is participating actively in alliances, consortia, and/or committees that are coordinating school to work initiatives in this area.

The Superintendent's procedures for the development and implementation of school to work activities/programs need to provide for the following concerns of the Board:

- A. Proposals are submitted to obtain planning and/or implementation funds from the State and other sources, when available and appropriate.
- B. Informed parental consent will be obtained for any out of district activities such as career awareness trips, job shadowing, work experiences, and the like.
- C. Proper supervision is being provided to all students when they are participating in learning activities in off school sites.
- D. All students are being provided with appropriate opportunities to participate in school to work activities when available.
- E. Emphasis is being placed throughout the program on the development/reinforcement of a high quality work ethic by every student.
- F. Each learning activity/program will have defined objectives with a clear correlation to career preparation and a means for assessing how well each student is achieving the objectives.

- ~~G. All activities/programs will comply with associated Board policies and District procedures as well as applicable Federal/State laws.~~

~~As appropriate to a particular program initiative, the Superintendent may request waivers from the State on certain statutory or regulatory provisions that are contained in the Elementary and Secondary Education Act and the Carl D. Perkins Vocational and Applied Technology Act.~~

~~Unpaid students interning or getting workplace experience as part of an education program will be considered employees of the District for worker's compensation purposes.~~

~~The Superintendent shall keep the Board informed periodically on the progress of the District toward the goals of this important program.~~

Florida Work-Based Learning Opportunities

The Board shall provide that each student enrolled in grades 9 through 12 has access to at least one (1) work-based learning opportunity.

In accordance with Florida law, the term "work-based learning opportunity" means an interaction with industry or community professionals that occurs in a workplace setting, to the extent possible, or a simulated environment at an educational institution that allows firsthand experience with tasks required in a given career field, is aligned with curriculum and instruction, and is provided in partnership with an educational institution. A work-based learning opportunity must meet all of the following criteria:

- A. be developmentally appropriate.
- B. identify learning objectives for the term of experience.
- C. explore multiple aspects of an industry.
- D. develop workplace skills and competencies.
- E. assess performance.
- F. provide opportunities for work-based reflection.
- G. link to next steps in career planning and preparation in a student's chosen career pathway.
- H. be provided in an equal and fair manner.
- I. be documented and reported in compliance with State and Federal labor laws.

A work-based learning opportunity should prioritize paid experiences, such as apprenticeships and preapprenticeship programs as those terms are defined in F.S. 446.021.

The AIP must include measurable objectives and related services to address the student's needs and transition goals to support the student's next educational placement or postsecondary option. at a minimum, the following:

- A. measurable objectives, strategies, supports, and related services that support the program's goals to improve academic achievement, attendance, and discipline, as appropriate;
- B. progress monitoring procedures; and,
- C. transition goals to support the next educational placement or postsecondary options.

The District shall establish course standards, including credit recovery course procedures, as defined by F.A.C. 6A-6.0521, and requirements for assigning teachers to these programs that are certified in accordance with F.S. 1012.55 and possess the necessary effective, pedagogical, and content-related skills to meet the needs of the students.

The parent of a student has the right to receive written notice by certified mail or other method agreed to by the parent before placement of the student in a dropout prevention and academic intervention program. 2460 - **EXCEPTIONAL STUDENT EDUCATION**

The School Board, as an expression of its commitment to provide a free, appropriate, public education for students with disabilities in accordance with State and Federal laws, rules, and regulations, shall develop and implement Special Programs and Procedures for Exceptional Students and the District Plan for Exceptional Student Education. These documents shall include at least the components listed below, shall provide administrative procedures for Exceptional Student Education Programs, and shall be revised when required by the Florida Department of Education (FLDOE), readopted, and submitted to the FLDOE.

A. Child Identification

The District will make ongoing efforts to identify, locate, and evaluate students below twenty-two (22) years of age, who reside within the District and have a confirmed or suspected disability in accordance with all Federal regulations and State standards.

B. Procedural Safeguards

A child with a disability and his/her parent shall be provided with safeguards, as required by law, throughout the identification, evaluation, and placement process, and the provision of a free, appropriate, public education to the student.

C. Multifactor Evaluation

A student may not be given special instruction or services as an exceptional student until after s/he has been properly evaluated and found eligible as an exceptional student in the manner prescribed by rules of the State Board of Education.

The District will provide a multifactor evaluation for students with disabilities by ensuring that:

1. children are assessed in their native language or other mode of communication;
2. tests are used for their validated purposes;
3. children are evaluated in all areas related to their suspected disability;
4. testing is conducted by a multidisciplinary team;
5. testing materials and procedures are not racially or culturally biased;

6. tests are administered by trained personnel qualified in accordance with all Federal regulations and State standards;
7. tests are administered in conformance with the instructions provided by the producer;
8. medical evaluation, when required as part of the multifactorial evaluation, shall be provided at no cost to the parent by a licensed physician designated by the Superintendent or his/her designee, when other no-cost resources are not available.

The parent of an exceptional student evaluated and found eligible or ineligible shall be notified of each such evaluation and determination. Such notice shall contain a statement informing the parent that s/he is entitled to a due process hearing on the identification, evaluation, and eligibility determination or non-determination.

D. Individualized Education Program

The District will develop an Individualized Education Program (IEP) for each child with a disability who needs special education and related services. The IEP shall be designed to meet the unique educational needs of the child and shall be developed in meetings with the child's designated IEP Team. At the initial meeting of a student's IEP team, the District will provide parents with information about the amount of funding the District receives for each of the five (5) exceptional student education support levels for a full-time student.

Parents of the child shall be strongly encouraged to participate in all planning conferences and IEP Team meetings. The school will provide written notice of an IEP meeting to the parent at least ten (10) days before the meeting, indicating the purpose, time, and location of the meeting and who, by title or position, will attend the meeting. The IEP Team meeting requirement may be waived by informed consent of the parent after the parent receives the written notice.

The District will utilize FLDOE parental consent forms for the following actions in a student's IEP:

1. administer to the student an alternate assessment pursuant to F.S. 1008.22 and provide instruction in the State standards access points curriculum; and
2. place the student in an exceptional student education center.

Except for a disciplinary interim alternative placement for no more than forty-five (45) school days, if the District determines that there is a need to change a student's IEP as it relates to the actions described above in 1 and 2, the school must hold an IEP Team meeting that includes the parent to discuss the reason for the change.

The District will not implement the change without parental consent unless the District documents reasonable efforts to obtain the parent's consent and the child's parent has failed to respond, or the District obtains approval through a due process hearing.

The IEP will include the components listed in F.A.C. 6A-6.03028, *Provision of Free Appropriate Public Education (FAPE) and Development of Individual Educational Plans for Students with Disabilities*.

The child's IEP shall be reviewed and revised as often as necessary, but at least annually.

District personnel will collaborate with private instructional personnel who are hired or contracted by parents in compliance with F.S. 1003.572. "Private instructional personnel" include only the following:

1. individuals certified under F.S. 393.17 or licensed under Chapter 490 or Chapter 491 for applied behavior analysis services as defined in F.S. 627.6686 and 641.31098;
2. registered behavior technicians who have a nationally recognized paraprofessional certification in behavior analysis and who practice under the supervision of individuals licensed under F.S. 393.17 or licensed under F.S. Chapter 490 or Chapter 491 by assisting such individuals in the provision of applied behavior analysis services;

To provide services under this paragraph, a registered behavior technician must be employed by a provider described in Paragraph 1 above.

3. speech-language pathologists licensed under F.S. 468.1185;

4. occupational therapists licensed under part III of 379 Chapter 468;
5. physical therapists licensed under Chapter 486;
6. psychologists licensed under Chapter 490; and
7. clinical social workers licensed under Chapter 491.

Private instructional personnel who are hired or contracted by parents to collaborate with public instructional personnel will be permitted to observe the student in the educational setting, collaborate with instructional personnel in the educational setting, and provide services in the educational setting only if the following requirements are met:

1. the student's public instructional personnel and principal consent to the time and place; and
2. the private instructional personnel satisfy the requirements of F.S. 1012.32 or 1012.321.

E. Least Restrictive Environment

The education of students with disabilities will occur in the least restrictive environment through appropriate special education programs and services designed to meet the unique needs of each disabled student. District personnel will use the regular school facilities and adapt them to the needs of exceptional students to the maximum extent appropriate. To the extent appropriate, students with disabilities, including students in public or private institutions or other care facilities, shall be educated with students who are not disabled. Placement of exceptional students will occur only when the nature or severity of the exceptionality is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily.

F. Confidentiality of Data

The confidentiality of personally identifiable data relating to children with disabilities and their parents and families shall be protected at collection, storage, disclosure, and destruction; one official of this District shall be assigned the responsibility for protecting the confidentiality of personally- identifiable data. The District follows all Federal regulations and State standards related to the confidentiality of data. (See Policy 8330 - *Student Records*.)

G. Due Process

The District will use procedures to allow differences of opinion between parents and this District or between agencies and this District, to be aired and resolved. The procedures shall provide for case conferences and impartial hearings on the District's proposal or refusal to initiate or change the identification, evaluation, eligibility, or educational placement of the child, or the provision of FAPE to the child.

The impartial hearings shall be conducted by an administrative law judge (ALJ) from the Florida Division of Administrative Hearings (DOAH) and shall be final. However, any party who does not agree with the findings and decision in the due process hearing, including a hearing relating to disciplinary procedures, has the right to bring a civil action with respect to the matter that was the subject of the due process hearing. The action may be brought in a State court of competent jurisdiction or in a district court of the United States without regard to the amount in dispute. In the alternative, in hearings conducted on behalf of a student who is identified as gifted, any party aggrieved by the decision of the ALJ has the right to request a review of the order by the District Court of Appeal as provided in F.S. 120.68.

During the pendency of a due process hearing or appellate proceeding regarding a due process complaint, the student shall remain in his/her current educational assignment, unless the parent and the Board otherwise agree.

H. Surrogate Parent

It shall be the policy of the District that whenever the parent or a person who acts in a parental role to a child with a disability or a child suspected of having a disability is determined to be legally unavailable, the child's rights shall be protected through the assignment of a surrogate parent. A surrogate parent means an individual appointed by the Superintendent and/or the court to act in place of a parent in educational decision-making and in safeguarding a child's rights under the Individuals with Disabilities Education Act. The surrogate parent shall not be an employee of the Department of Education, the School District, a community-based care provider, the Department of Children and Family Services, or any other public or private agency involved in the education or care of the child. The surrogate parent shall meet all statutory requirements and attend the required training to be appointed. The Superintendent shall appoint a surrogate not more than thirty (30) days after the District determines a particular student is in need

of a surrogate.

I. Testing Programs

Students with disabilities shall participate in local and State-wide testing programs to the maximum extent appropriate. Individual exemptions and/or waivers shall be granted only as permitted under Florida law and State Board of Education rules. Exceptional students with disabilities shall have access to testing sites.

Further, pursuant to State law, the IEP team may determine that end-of-course assessment cannot accurately measure the abilities of the student and may, therefore, waive the use of the results of the end-of-course assessment for purposes of determining the student's course grade and middle school promotion or award of high school credits.

If the IEP Team determines that a student with a disability is prevented by a "circumstance" or "condition" as defined in F.S. 1008.212 from physically demonstrating the mastery of skills that have been acquired and are measured by the Statewide standardized assessment, a Statewide standardized end-of-course assessment, or an alternate assessment under F.S. 1008.22(3)(c), the IEP Team may submit to the superintendent a written request for an extraordinary exemption from the administration of the assessment, pursuant to F.S. 1008.212. The request may be made at any time during the school year, but not later than sixty (60) days before the assessment for which the request is made. The superintendent will recommend to the Commissioner of Education whether the request should be granted or denied, and the Commissioner will grant or deny the requested exemption within thirty (30) days. A copy of the District's procedural safeguards as required in F.A.C. 6A-6.03311 shall be provided to the parent. If the parent disagrees with the IEP Team's recommendation, the dispute resolution methods described in the procedural safeguards shall be made available to the parent.

A parent who disagrees with the Commissioner's denial of a requested extraordinary exemption may request an expedited hearing before DOAH pursuant to F.S. 1008.212.

J. Right to be Accompanied at Meetings Pertaining to Students with Disabilities

Parents of students with disabilities, or eligible students with disabilities, may be accompanied by another person of their choice at a meeting with District personnel. Such meetings include, but are not limited to, meetings related to the eligibility for exceptional student education or related services; the development of an individual family support plan (IFSP); the development of an individual education plan (IEP); the development of a 504 accommodation plan issued under Section 504 of the Rehabilitation Act of 1973; the transition of a student from early intervention services to other services; the development of postsecondary goals for a student with a disability and the transition services needed to reach those goals; and other issues that may affect the student's educational environment, discipline, or placement of a student with a disability.

District personnel will not object to the attendance of such adult or discourage or attempt to discourage through any action, statement, or other means, parents or an eligible student, from inviting another person of their choice to attend a meeting. Parents, eligible students, or other individuals invited to attend such meetings by parents of students with disabilities or eligible students with disabilities on school grounds shall sign in at the front office of such school as a guest.

Parents of students with disabilities, or eligible students with disabilities, and District personnel shall sign Form 5780 F1 at the meeting's conclusion which states whether or not any District personnel have prohibited, discouraged or attempted discourage the parents, or eligible student, from inviting a person of their choice to the meeting pertaining to their child's, or their own, educational environment, placement, or discipline.

K. Early Literacy Skills for Retained Prekindergarten Students

A parent of a student with a disability who is enrolled in prekindergarten at the age of 4 and is fully funded through the Florida Education Finance Program may retain their child in consultation with the student's IEP team. A student with an IEP who has been retained pursuant to this paragraph and has demonstrated a substantial deficiency in early literacy skills shall receive instruction from the District in early literacy skills.

L. Transfer of Parental Rights at Age of Majority

Unless an exception applies under the rules of the State Board of Education, when a student with a disability reaches the age of eighteen (18), the right of prior written notice is retained as a shared right of the parent and the student. All other parent rights under the IDEA then transfer to the student. At least one (1) year before the student reaches the age of eighteen (18), the Board will provide written notice of the transfer of parent rights and information about

the ways in which the parent may continue to participate in educational decisions, including informed consent, power of attorney, guardian advocacy and guardianship.

At least one (1) year before the student reaches the age of eighteen (18), the Board will provide ~~written notice of the information and instruction to the student and the student's parent(s) on self-determination and the legal rights and responsibilities regarding the educational decisions that transfer of parent rights and information about the ways in which the parent may continue to participate in educational decisions, including informed consent, power of attorney, guardian advocacy and guardianship~~ to the student upon attaining the age of eighteen (18). The information and instruction will include written notice that the rights afforded to parents under Part B of the IDEA transfer to the student at age eighteen (18) except in specified circumstances referenced in F.A.C. 6A-6.03311, a description of the rights that transfer to the student, and the ways in which the parent may continue to participate in educational decisions, including:

1. informed consent to grant permission to access confidential records protected under the Family Educational Rights and Privacy Act (FERPA) as provided in F.S. 1002.22;
2. powers of attorney as provided in F.S. Chapter 709;
3. guardian advocacy as provided in F.S. 393.12;
4. guardianship as provided in F.S. Chapter 744; and,
5. supported decision-making agreements as provided in F.S. 709.2209.

Placement by the Department of Children and Family Services

After the Department of Children and Family Services provides written notification to the District that an exceptional student has been placed in a private residential care facility, the receiving school district shall, within ten (10) business days, review the student's IEP and shall:

- A. provide educational instruction to the student;
- B. contract with another provider to provide the educational instruction;
- C. contract with the private residential care facility in which the student resides to provide the educational instruction; or
- D. decline to provide or contract for educational instruction, in which case the school district in which the legal residence of the student is located shall provide or contract for the educational instruction of the student.

The Superintendent shall administer the local implementation of these State procedures, in accordance with State and Federal laws, rules, and regulations, which shall ensure fulfillment of this policy.

2520 - **SELECTION AND ADOPTION OF INSTRUCTIONAL MATERIALS**

The School Board adopts courses of study pursuant to State law and Policy 2220. When adopting courses of study, State law also requires the Board to adopt and provide adequate instructional materials to students enrolled in the District.

"Adequate instructional materials" means a sufficient number of student or site licenses or sets of materials that are available in bound, unbound, kit, or package form and may consist of hard-backed or soft-backed textbooks, electronic content, consumables, learning laboratories, manipulatives, electronic media, and computer courseware or software that serves as the basis for instruction in the core courses of mathematics, language arts, social studies, science, reading, and literature.

Furthermore, Federal law requires the Board to provide accessible instructional materials as specified in a student's Individualized Education Program (IEP). Such accessible instructional materials may be of a type or in a format as specified in the definition of adequate instructional materials in this policy.

"Library media center" means any collection of books, ebooks, periodicals, or videos maintained and accessible on the site of a school, including in classrooms.

As required by State law, instructional materials adopted and used in the District shall be consistent with the goals and objectives in the District's adopted course of study and with the course descriptions established by State Board rule. The Board is responsible for the content of all instructional materials and any other materials used in a classroom, made available in a school or classroom library, or included on a reading list.

Each principal shall provide that instructional materials are used to provide instruction to students enrolled at the grade level or levels for which the materials are designed pursuant to adopted Board policies. Each principal shall communicate to parents the manner in which instructional materials are used to implement the curricular objectives of the school and the procedures for contesting the adoption and use of instructional materials. Principals are also responsible for overseeing compliance with District procedures for selecting school library media center materials at the school to which they are assigned and notifying parents of the process for objecting to the use of specific materials.

The Superintendent shall develop administrative procedures that set forth a process to involve staff in the review and evaluation of instructional materials. The staff involved in this process shall recommend to the Superintendent for submission to the Board for adoption of the instructional materials that address the goals and objectives for adopted courses of study and the course descriptions established by State Board rule. The instructional materials shall be from the State-adopted instructional materials list if there has been a State adoption or from publishers and other resources if there has not been a State adoption. A meeting of a committee for the purpose of ranking, eliminating, or selecting instructional materials for recommendation to the Board must be noticed and open to the public in accordance with F.S. 286.011. A committee convened for such purposes must include parents of students who will have access to such materials.

The Superintendent's procedures shall also prescribe the process for the acquisition, management, use, accountability, and reporting requirements of all instructional materials.

Certification by Superintendent

The Superintendent shall annually provide notice to the Department of Education of the State-adopted instructional materials that will be requisitioned for use in the district, including the District's plan for use of the materials.

On or before July 1 each year, the Superintendent will certify to the Commissioner of Education (1) the estimated allocation of state funds for instructional materials for the ensuing fiscal year; and (2) that school librarians and media specialists who are involved in the selection of library media materials for students have completed the online Library Media Training course.

By August 1 each year, the Superintendent will certify to the Commissioner of Education that the Board has approved a comprehensive staff development plan that supports fidelity of implementation of instructional materials programs, including verification that training was provided; the materials are being implemented as designed, and that core reading materials and reading intervention materials used in kindergarten through grade 5 meet the requirements of F.S. 1001.215

Adoption of Instructional Materials

Prior to submitting a recommendation to the Board regarding the recommended instructional materials, those materials will be accessible for review online for at least twenty (20) calendar days prior to the open publicly noticed meeting at which a public hearing will be held so that the Board can receive comment, if any, about the instructional material under consideration for adoption. The Superintendent shall establish reasonable safeguards against the unauthorized use, reproduction, and distribution of the instructional material under consideration.

Following the public hearing, the Board may act upon the Superintendent's recommendation to adopt the instructional materials. The Board will select, approve, and adopt all materials as a separate line item on the regular (non-consent) agenda and will provide a reasonable opportunity for public comment.

At an open publicly noticed meeting following the meeting at which the instructional material is adopted, the Board shall consider a recommendation to approve an annual instructional materials plan that identifies any instructional materials to be purchased pursuant to the instructional materials review process described herein.

The Superintendent shall maintain a list of all adopted instructional materials.

Publication on Website of List of Instructional Materials and Process to Limit Student Access

The Board will publish on its website, in a searchable format, a list of all instructional materials, including those used to provide required instruction under Florida law.

The Board will adopt and publish on its website the process for a parent to limit his/her student's access to materials in the school or classroom library.

School Library Media Centers and Reading Lists

Effective July 1, 2022, each book newly made available to students through a school library media center or included in a recommended or assigned school or grade level reading list must be selected and approved by a District employee who holds a valid educational media specialist certificate, regardless of whether the book is purchased, donated or otherwise made available to students.

Procedure

The media specialist will endeavor to stay informed about appropriate new publications, using multiple sources, such as discussions with colleagues, attendance at conferences, and reading a variety of periodicals and book reviews. The media specialist will also receive and consider suggestions or requests brought forward by other faculty, students, and parents.

Potential new books for the school library media center and reading lists will be evaluated to determine if they would be suitable for student needs and whether they would be appropriate for the intended grade level and age group. In considering possible new acquisitions, the media specialist will consult reputable, professionally recognized reviewing periodicals and school community stakeholders. The media specialist will also assess the level of student interest in the subject(s) presented and the ability of students to comprehend the material. Books that are selected must be free of pornography and material prohibited under F.S. 847.012.

The goal of the selection process is for the school's library media center and reading list collections to be based on reader interest, the support of State standards and aligned curriculum, and the academic needs of students and faculty.

After evaluation, the media specialist will inform the principal of those books that have been evaluated and are approved for inclusion in the collections.

Periodically, books will be removed from the collection or discontinued, based on their poor physical condition, low rate of recent circulation, non-alignment to State standards, out-of-date content, or status following a parent's or community member's objection.

The procedure for developing library media center and reading list collections will be posted on the website for each school in the District.

Upon written request, an individual will be provided access to material or books specified in the written request that are maintained in a District library if such material or books are available for review. The Principal shall arrange for a convenient time to provide such access.

Each elementary school must publish on its website, in a searchable format, a list of all materials maintained and accessible in the school library media center or a classroom library which can be checked out or used by a student or required as part of a school or grade-level reading list. The format must:

- A. identify the type of material maintained in the library media center by category, such as books, ebooks, periodicals, and videos;
- B. list, at a minimum, the following information:
 1. the title and author for books and ebooks;
 2. the name or title for periodicals and videos; and,
 3. the title for any other material maintained in the media center.
- C. Books and ebooks must be searchable by, at a minimum, author and title. All other materials must be searchable by, at a minimum, title.

Purchase of Instructional Materials

Following adoption by the Board, requisitions shall be issued to purchase current instructional materials from the State-adopted instructional materials list so that each student in kindergarten through grade 12 will have a major tool of instruction in core courses of the subject areas of mathematics, language arts, science, social studies, reading, and literature. Any materials purchased shall be free of pornography and material prohibited under F.S. 847.12, suited to student needs and their ability to comprehend the material presented, and appropriate for the grade level and age group for which the materials are used or made available. The Board will purchase all materials as a separate line item on the regular (non-consent) agenda and will provide a reasonable opportunity for public comment.

Requisitions shall also be issued to purchase instructional materials that will be the major tool of instruction for subjects in the State Course Code Directory for which the Board has adopted courses of study, but for which there are no materials on the State-adopted instructional materials list.

The Superintendent shall approve these purchases.

~~In any year in which the total instructional materials allocation for District has not been expended or obligated prior to June 30th, the unobligated amount shall be carried forward and added to the next year's allocation.~~

The District shall maintain on its website a current list of instructional materials, by grade level, purchased by the District.

Replacement and Purchase of Instructional Materials by Students/Parents

Students may be held responsible for the cost of replacing any instructional materials lost, destroyed, or unnecessarily damaged. Failure to provide payment for the damage or loss may result in the suspension of the student from participation in extra-curricular activities, or the debt may be satisfied by the student performing community service activities at the school site as determined by the school principal.

A student or his/her parent(s) may purchase a copy of the designated course instructional materials, regardless of format, for the District's purchase price, including shipping.

Cost of materials may be charged for materials used in those activities beyond the basic curriculum in which a student elects to participate, particularly in activities where the product becomes the property of the student.

Free School-Related Instructional Materials

Free instructional materials may be accepted for classroom and school purposes under conditions that meet all the following criteria:

- A. The initiative for securing the materials should be of the type that teachers seek rather than materials forwarded to them to promote the interests of an outside agency.
- B. The materials should fill a legitimate purpose of the school curriculum.
- C. The advertising feature of the materials should be minimized.
- D. Educational films should contain a minimum amount of commercial advertising.

Equipment or Instructional Materials Vendors

The principal may permit vendors to demonstrate and show only that equipment and instructional materials which can be used to improve the instructional program and which are under consideration for purchase by the school.

New Worlds Reading Initiative

The New Worlds Reading Initiative, created by the Florida Department of Education, provides high-quality, free books directly to K-prekindergarten through grade 5 students who are not yet reading on grade level, who score below a level 3 on the most recent Statewide, standardized English Language Arts Assessment (ELA), or who have a substantial reading deficiency in reading identified under F.S. 1008.25, or who have a substantial deficiency in early literacy skills based upon the results of the coordinated screening and progress monitoring under F.S. 1008.25.

The School District must notify parents of eligible students upon enrollment and at the beginning of each school year options for specific book topics or genres in order to maximize student interest in reading. The District must coordinate monthly book deliveries with the program administrator beginning no later than October and continuing through at least June. The District must participate in the initiative by partnering with local nonprofit organizations and raising awareness by using marketing materials provided by the program administrator. A student's eligibility for the initiative continues until promotion to grade 6 or until the parent opts out of the initiative.

The District shall coordinate with each charter school it sponsors for the purposes of identifying eligible students, notifying parents, coordinating book deliveries, providing the opportunity to annually select book topics and genres, and raising awareness of the initiative.

The District shall also establish a data-sharing agreement with the initiative's administrator to allow for a streamlined student verification and enrollment process.

The Statewide ELA is not the sole determiner of promotion. Additional evaluations, portfolio reviews, and assessments are available to the child to assist parents and schools in identifying the reading level of the student. A parent of a student in grade 3 who is identified anytime during the year as being at risk of retention may request that the school begin collecting evidence for a portfolio.

However, the Board is not required to provide more services than can be supported by the funds generated by students in DJJ education programs located in the District.

Pursuant to State law, the Board shall provide, or contract for, appropriate educational assessments and an appropriate program of instruction and special education services for students in a DJJ education prevention, day treatment, ~~residential~~, or detention program located in the District. Any such contract for juvenile justice education programs shall be in writing between the Board and the provider, **be reviewed by DJJ**, and ~~shall~~ meet the provisions of Florida law. The Board shall select appropriate academic and career assessments to be administered at the time of program entry and exit for the purpose of developing goals for education transition plans, progress monitoring plans, individual education plans, as applicable, and Federal reporting, as applicable.

An individualized progress monitoring plan shall be developed for all students ~~not classified as exceptional education students~~ upon entry in a juvenile justice education program and upon reentry in the School District. **These plans shall address academic, literacy, and career and technical skills and shall include provisions for intensive remedial instruction in the areas of weakness.**

The progress of students who are classified as exceptional education students shall **also** be monitored in accordance with their Individualized Educational Plan (IEP).

B. Publication Required

The name(s), title(s), and contact information of this/these individual(s) will be published annually in the staff handbooks and/or on the School District's website.

IV. Complaint Procedures

Except for sex discrimination and/or Sexual Harassment that is covered by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities, any employee who alleges to have been subjected to unlawful discrimination, they may utilize the following complaint procedures as a means of reaching, at the lowest possible administrative level, a prompt and equitable resolution of the matter. Nothing contained in this policy is intended to interfere with the rights of any individual to pursue a complaint of unlawful harassment or retaliation with the U.S. Department of Education's Office for Civil Rights ("OCR"), the Florida Commission on Human Relations ("FCHR"), or the Equal Employment Opportunity Commission ("EEOC").

In accordance with Federal and State law, employees will be notified of their right to file an internal complaint regarding an alleged violation, misinterpretation, or misapplication of Federal and/or State law. In addition, employees will be notified of their right to file a complaint with the OCR, the FCHR, or the EEOC.

Internal complaints must be in writing and identify the specific circumstances or areas of dispute that have given rise to the complaint, and offer possible solutions to the dispute. The complaint must be filed with a compliance officer within the time limits specified below. The compliance officer is available to assist individuals in filing a complaint.

V. Internal Complaint Procedure

The following internal complaint procedure is available to employees for the prompt and equitable resolution of complaints alleging discrimination that is prohibited in this policy. This complaint procedure is not available to unsuccessful applicants. Use of the internal complaint procedure is not a prerequisite to the pursuit of other remedies, including the filing of a complaint with the OCR, FCHR, or EEOC.

- A. An employee with a complaint based on alleged discrimination may first discuss the problem with the compliance officer.
- B. If the informal discussion does not resolve the matter, or if the employee skips Step A, the individual may file a formal written complaint with the compliance officer. The written complaint must contain the name and address of the individual or representative filing the complaint, be signed by the complainant or someone authorized to sign for the complainant, describe the alleged discriminatory action in sufficient detail to inform the compliance officer of the nature and date of the alleged violation, and propose a resolution. The complaint must be filed within thirty (30) days of the circumstances or event giving rise to the complaint, unless the time for filing is extended by the compliance officer for good cause.
- C. The compliance officer will conduct an independent investigation of the matter (which may or may not include a hearing). This complaint procedure contemplates informal, but thorough investigations, affording all interested persons and their representatives, if any, an opportunity to present witnesses and other evidence relevant to the complaint. The compliance officer will provide the complainant with a written disposition of the complaint within ten (10) days. If no decision is rendered within ten (10) days, or the decision is unsatisfactory in the opinion of the complainant, the employee may file, in writing, an appeal with the Superintendent.
- D. The Superintendent will, within ten (10) days of receiving the written appeal, conduct a hearing with all parties involved in an attempt to resolve the complaint.

The Superintendent will render his/her decision within ten (10) days of the hearing.
- E. The employee may be represented, at their own cost, at any of the above-described meetings/hearings.
- F. The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies. Use of this internal complaint procedure is not a prerequisite to the pursuit of other remedies.

If it is determined that the complainant was subjected to unlawful discrimination, the CO must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, age-appropriate and effective, and tailored to the specific situation.

VI. Filing a Complaint with OCR/FCHR/EEOC

At any time, if employees believe that they have been subjected to unlawful discrimination, the individual may file a complaint with the OCR, FCHR, or EEOC.

VII. Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful discrimination/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a report, formal complaint, testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person for making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary

sanctions/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

VIII. Training

The compliance officers will also oversee the training of employees in the District so that all employees understand their rights and responsibilities under Federal and State law, and are informed of the Board's policies and practices with respect to fully implementing and complying with the requirements of Federal and State law.

IX. Notice

Notice of the Board's policy on nondiscrimination in employment practices and the identity of the compliance officers will be posted throughout the District, and published in the District's recruitment statements or general information publications as required by Federal and State law and this policy.

X. Retention of Investigatory Records and Materials

The Compliance Officer(s) is responsible for overseeing retention of all records that must be maintained pursuant to this policy. All individuals charged with conducting investigations under this policy shall retain all information, documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315) created and received as part of an investigation, including, but not limited to:

- A. all written reports/allegations/complaints/statements;
- B. narratives of all verbal reports/allegations/complaints/statements;

- D. any written documentation of actions taken by District personnel or individuals contracted or appointed by the Board to fulfill its responsibilities related to the investigation and/or the District's response to the alleged violation of this policy;
- E. contemporaneous notes in whatever form made (e.g., handwritten, keyed into a computer or tablet, etc.) pertaining to the investigation;
- F. written disciplinary sanctions issued to students or employees and a narrative of verbal disciplinary sanctions issued to students or employees for violations of the policies and procedures prohibiting discrimination or harassment;
- G. dated written determinations to the parties;
- H. dated written descriptions of verbal notifications to the parties;
- I. documentation of all actions taken, both individual and systemic, to stop the discrimination or harassment, prevent its recurrence, eliminate any hostile environment, and remedy its discriminatory effects;
- J. documentation of any supportive measures offered and/or provided to the Complainant and/or the Respondent, including no contact orders issued to both parties, the dates the no contact orders were issued, and the dates the parties acknowledged receipt of the no contact orders;
- K. copies of the Board policy and/or procedures/guidelines used by the District to conduct the investigation, and any documents used by the District at the time of the alleged violation to communicate the Board's expectations to students and staff with respect to the subject of this policy (e.g., Student Codes of Conduct and/or Employee Handbooks);
- L. copies of any documentation that memorializes any formal or informal resolutions to the alleged discrimination or harassment; and
- M. documentation of any training provided to District personnel related to this policy, including but not limited to, notification of the prohibitions and expectations of staff set forth in this policy and the role and

responsibility of all District personnel involved in enforcing this policy, including their duty to report alleged violations of this policy and/or conducting an investigation of an alleged violation of this policy.

The information, documents, ESI, and electronic media (as defined in Policy 8315) retained may include public records and records exempt from disclosure under Federal and/or State law (e.g., student records).

The information, documents, ESI, and electronic media (as defined in Policy 8315) created or received as part of an investigation shall be retained in accordance with Policy 8310, Policy 8315, Policy 8320, and Policy 8330 for not less than three (3) years, but longer if required by the District's records retention schedule.

3122.01 - **PROHIBITION AGAINST DISABILITY DISCRIMINATION IN EMPLOYMENT**

The School Board prohibits discrimination against any employee or applicant based upon his/her disability. As such, the Board will not engage in employment practices or adopt policies that discriminate on the basis of disability, or otherwise discriminate against qualified individuals with disabilities in regard to job application procedures, the hiring, advancement or discharge of employees, employee compensation, job training, or other terms, conditions and privileges of employment. The Board further will not limit, segregate, or classify applicants or employees in any way that adversely affects their opportunities or status because of disability. Additionally, the Board will not participate in any contractual or other relationships that have the effect of subjecting qualified individuals with disabilities who are applicants or employees to discrimination on the basis of disability.

"An individual with a disability" means a person who has, had a record of, or is regarded as having, a physical or mental impairment that substantially limits one or more major life activities. Major life activities are functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, eating, sleeping, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, sitting, reaching, interacting with others, and working.

Major life activities also include the operation of a major bodily function, including, but not limited to, functions of the immune system, special sense organs and skin, normal cell growth, and digestive, genitourinary, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, hemic, lymphatic, musculoskeletal and reproductive functions. The operation of a major bodily function includes the operation of an individual organ within a body system.

An impairment that is episodic in nature or in remission is considered a disability if it would substantially limit a major life activity when active.

The determination of whether an impairment substantially limits a major life activity must be made without regard to the ameliorative effects of mitigating measures such as medication, medical supplies, equipment or appliances, low-vision devices (defined as devices that magnify, enhance, or otherwise augment a visual image, but not including ordinary eyeglasses or contact lenses), prosthetics (including limbs and devices), hearing aid(s) and cochlear implant(s) or other implantable hearing devices, mobility devices, oxygen therapy equipment or supplies, use of assistive technology, reasonable accommodations or "auxiliary aides or services," learned behavioral or adaptive neurological modifications, psychotherapy, behavioral therapy, or physical therapy.

A qualified person with a disability means the individual satisfies the requisite skill, experience, education and other job-related requirements of the employment position such individual holds or desires and, with or without reasonable accommodation, can perform the essential functions of the job in question.

The Board will provide a reasonable accommodation to a qualified individual who has an actual disability or who has a record of a disability, unless the accommodation would impose an undue hardship on the operation of the District's program and/or activities. A reasonable accommodation is not necessarily required for an individual who is merely regarded as having a disability.

The name(s), title(s), and contact information of this/these individual(s) will be published annually in the staff handbooks and/or on the School District's website.

The District Compliance Officers are responsible for coordinating the District's efforts to comply with and fulfill its responsibilities under Section 504 and Title II of the Americans with Disabilities Act, as amended ("ADA"). A copy of Section 504 and the ADA, including copies of their implementing regulations, may be obtained from either of the District Compliance Officers.

The District Compliance Officers will oversee the investigation of any complaints of discrimination based on disability, which may be filed pursuant to the Board's adopted internal complaint procedure, and will attempt to resolve such complaints. The Board will provide for the prompt and equitable resolution of complaints alleging violations of Section 504/ADA.

Complaint Procedures

If a person believes that s/he has been discriminated against on the basis of his/her disability in regard to job application procedures, the hiring, advancement or discharge of employees, employee compensation, job training, or other terms, conditions and privileges of employment, the person may utilize the complaint procedures set forth in Policy 3122 - Nondiscrimination and Equal Employment Opportunity as a means of reaching, at the lowest possible administrative level, a prompt and equitable resolution of the matter.

Unless expressly stated otherwise, the term "day" or "days" as used in this policy means business day(s) (i.e., a day(s) that the Board office is open for normal operating hours, Monday – Friday, excluding State-recognized holidays).

Filing a Complaint with OCR/Florida Commission on Human Relations/EEOC

At any time, if an employee believes that s/he has been subjected to discrimination based upon his/her disability in violation of Section 504 or the ADA, the individual may file a complaint with the U.S. Department of Education's Office for Civil Rights ("OCR"), the Florida Commission on Human Relations, or the Equal Employment Opportunity Commission ("EEOC").

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful discrimination, or participates as a witness in an investigation, is prohibited. Specifically, the Board will not discriminate/retaliate against, coerce, intimidate, threaten or interfere with any individual because the person opposed any act or practice made unlawful by Section 504 or the ADA, or because that individual made a charge, testified, assisted or participated in any manner in an investigation, proceeding, or hearing under those laws, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Training

The District Compliance Officers will also oversee the training of employees in the District so that all employees understand their rights and responsibilities under Section 504 and the ADA, and are informed of the Board's policies, administrative procedures, and practices with respect to fully implementing and complying with the requirements of Section 504/ADA.

The Board will provide in-service training and consultation to staff responsible for the education of persons with disabilities, as necessary and appropriate.

Facilities

No qualified person with a disability will, because the District's facilities are inaccessible to or unusable by persons with disabilities, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity to which Section 504/ADA applies.

For facilities constructed or altered after June 3, 1977, the District will comply with applicable accessibility standards. For those existing facilities constructed prior to June 3, 1977, the District is committed to operating its programs and activities so that they are readily accessible to persons with disabilities.

Notice

Notice of the Board's policy on nondiscrimination in employment practices and the identity of the District's Compliance Officers will be published on the District's website and posted throughout the District, and included in the District's recruitment statements or general information publications.

- D. All instructional staff members shall adhere to the principles enumerated above.

[Drafting Note: F.S. 1001.42(6) does not require that instructional staff members receive training annually on the standards of ethical conduct; rather, the statute requires that the Board's policies require "all educational support employees, instructional personnel, administrative personnel, and school officers, as defined in s. 1012.01, to complete training on the standards." Neola recommends that school boards continue to require that educational support employees, instructional personnel, administrative personnel, and school officers receive annual training. As such, the policy template continues to include the requirement that such training be provided annually.]

All instructional staff members shall be required to complete training on the standards established herein upon employment and annually thereafter.

3362 - **ANTI-HARASSMENT**

I. General Policy Statement

The policy of the School Board is to maintain an educational and work environment that is free from all forms of unlawful harassment, including sexual harassment. This commitment applies to all School District operations, programs, and activities. All students, administrators, teachers, staff, and all other school personnel share responsibility for avoiding, discouraging, and reporting any form of unlawful harassment. This policy applies to unlawful conduct occurring on school property, or at another location if such conduct occurs during an activity sponsored by the Board. Further, the Board prohibits the bullying of any employee as set forth in F.S. 1006.147.

The Superintendent will vigorously enforce its prohibition against discriminatory harassment on the basis of race (including anti-Semitism [as defined in Bylaw 0100]), ethnicity, color, national origin, sex (including sexual orientation, gender status, or gender identity), disability (including HIV, AIDS, or sickle cell trait), pregnancy, marital status, age (except as authorized by law), religion, military status, ancestry, or genetic information which are classes protected by State and/or Federal law (collectively, "protected classes") (hereinafter referred to as unlawful harassment), and encourages those within the School District community as well as Third Parties, who feel aggrieved to seek assistance to rectify such problems. The Superintendent will direct site/departments administrators to investigate all allegations of unlawful harassment and in those cases where unlawful harassment is substantiated, immediate steps will be taken to end the harassment, prevent its reoccurrence, and remedy its effects. Individuals who are found to have engaged in unlawful harassment will be subject to appropriate disciplinary action.

Further, nothing in this policy shall be construed to abridge the rights of students or school employees that are protected by the First Amendment to the Constitution of the United States.

II. Other Violations of the Anti-Harassment Policy

The Superintendent will also take immediate steps to impose disciplinary action on employees engaging in any of the following prohibited acts:

- A. Retaliating against a person who has made a report or filed a complaint alleging unlawful harassment, or who has participated as a witness in a harassment investigation.
- B. Filing a malicious or knowingly false report or complaint of unlawful harassment.
- C. Disregarding, failing to investigate adequately, or delaying the investigation of allegations of unlawful harassment, when responsibility for reporting and/or investigating unlawful harassment charges comprises part of one's supervisory duties.

III. Definitions

Words used in this policy shall have those meanings defined herein; words not defined herein shall be construed according to their plain and ordinary meanings.

Complainant is the individual who alleges, or is alleged, to have been subjected to unlawful harassment, regardless of whether the person files a formal complaint or is pursuing an informal resolution to the alleged harassment.

Respondent is the individual who has been alleged to have engaged in unlawful harassment, regardless of whether the reporting party files a formal complaint or is seeking an informal resolution to the alleged harassment.

School District community means students and Board employees (i.e., administrators, and professional and classified staff), as well as Board members, agents, volunteers, contractors, or other persons subject to the control and supervision of the Board.

Third Parties include, but are not limited to, guests and/or visitors on School District property (e.g., visiting speakers, participants on opposing athletic teams, parents), vendors doing business with, or seeking to do business with, the Board, and other individuals who come in contact with members of the School District community at school-related events/activities (whether on or off District property).

Day(s): Unless expressly stated otherwise, the term "day" or "days" as used in this policy means business day(s) (i.e., a day(s) that the Board office is open for normal operating hours, Monday – Friday, excluding State-recognized holidays).

A. Bullying

Bullying rises to the level of unlawful harassment when one or more persons systematically and chronically inflict physical hurt or psychological distress on one (1) or more employees and that bullying is based upon sex, race (including anti-Semitism), color, national origin, religion, or disability, that is, characteristics that are protected by Federal civil rights laws. It is defined as any unwanted and repeated written, verbal, or physical behavior, including any threatening, insulting, or dehumanizing gesture, by an adult or student, that creates an intimidating, hostile, or offensive educational environment; cause discomfort or humiliation; or unreasonably interfere with the individual's school performance or participation. This unlawful harassment may include, but not be limited to, the following:

1. teasing;
2. social exclusion;
3. threats;
4. intimidation;
5. stalking;
6. cyberstalking;
7. cyberbullying;
8. physical violence;
9. theft;
10. sexual, religious, or racial harassment;
11. public or private humiliation; or
12. destruction of property.

B. "Harassment" means any threatening, insulting, or dehumanizing gesture, use of data or computer software, or written, verbal or physical conduct directed against a school employee that:

1. places a school employee in reasonable fear of harm to his/her person or damage to his/her property;

2. has the effect of substantially interfering with an employee's educational performance, opportunities, or benefits; or
3. has the effect of substantially disrupting the orderly operation of a school.

C. "Bullying" and "harassment" also include:

1. Retaliation against a school employee by a student or school employee for asserting or alleging an act of bullying or harassment. Reporting an act of bullying or harassment that is not made in good faith is considered retaliation.
2. Perpetuation of conduct listed under the definitions of "bullying," "cyberbullying," or "harassment" by an individual or group with intent to demean, dehumanize, embarrass, or cause physical harm to a school employee by:
 - a. incitement or coercion;
 - b. accessing or knowingly causing or providing access to data or computer software through a computer, computer system, or computer network within the scope of the District school system; or,
 - c. acting in a manner that has an effect substantially similar to the effect of bullying or harassment.

D. Sexual Harassment

For purposes of this policy and consistent with Title VII of the Civil Rights Act of 1964 "sexual harassment" is defined as:

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, when:

1. Submission to such conduct is made either implicitly or explicitly a term or condition of an individual's employment, or status in a class, educational program, or activity.
2. Submission or rejection of such conduct by an individual is used as the basis for employment or educational decisions affecting such individual.
3. Such conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity.

Sexual harassment may involve the behavior of a person of any gender against a person of the same or another gender.

Sexual Harassment covered by Policy 2266 – Nondiscrimination on the Basis of Sex in Education Programs or Activities is not included in this policy. Allegations of such conduct shall be addressed solely by Policy 2266.

Prohibited acts that constitute sexual harassment under this policy may take a variety of forms. Examples of the kinds of conduct that may constitute sexual harassment include, but are not limited to:

1. Unwelcome sexual propositions, invitations, solicitations, and flirtations.
2. Unwanted physical and/or sexual contact.
3. Threats or insinuations that a person's employment, wages, academic grade, promotion, classroom work or assignments, academic status, participation in athletics or extra-curricular programs, activities or events, or other conditions of employment or education may be adversely affected by not submitting to sexual advances.
4. Unwelcome verbal expressions, including graphic sexual commentaries about a person's body, dress, appearance, or sexual activities; the unwelcome use of sexually degrading language, profanity, jokes, or innuendoes; unwelcome suggestive or insulting sounds or whistles; obscene telephone calls or

texts.

5. Sexually suggestive objects, pictures, graffiti, videos, posters, audio recordings, or literature placed in the work or educational environment, that may reasonably embarrass or offend individuals.
6. Unwelcome and inappropriate touching, patting, or pinching; obscene gestures.
7. Asking about, or telling about, sexual fantasies, sexual preferences, or sexual activities.
8. Speculations about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history.
9. Giving unwelcome personal gifts such as lingerie that suggest the desire for a romantic relationship.
10. Leering or staring at someone in a sexual way, such as staring at a person's breasts, buttocks, or groin.
11. A pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another.
12. Consensual sexual relationships where such a relationship leads to favoritism of a subordinate employee with whom the superior is sexually involved and where such favoritism adversely affects other employees or otherwise creates a hostile work environment.
13. Verbal, nonverbal, or physical aggression, intimidation, or hostility based on sex or sex stereotyping that does not involve conduct of a sexual nature.
14. Inappropriate boundary invasions by a District employee or other adult member of the School District community into a student's personal space and personal life.

Not all behavior with sexual connotations constitutes unlawful sexual harassment. Sex-based and gender-based conduct must be sufficiently severe, pervasive, or persistent such that it adversely affects, limits, or denies an individual's employment, or such that it creates a hostile or abusive employment or educational environment.

NOTE: Any teacher, administrator, coach, or other school authority who engages in sexual conduct with a student may also be guilty of a crime.

E. Sexual Cyberharassment

Pursuant to Florida law, "sexual cyberharassment" means to publish to an Internet website or disseminate through electronic means to another person a sexually explicit image of a person that contains or conveys the personal identification information of the depicted person without the depicted person's consent, contrary to the depicted person's reasonable expectation that the image would remain private, for no legitimate purpose, with the intent of causing substantial emotional distress to the depicted person. Sexual cyberharassment may be a form of sexual harassment.

F. Race/Color Harassment (Including Anti-Semitism)

Prohibited racial harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's race or color and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's race or color, such as racial slurs, nicknames implying stereotypes, epithets, and/or negative references relative to racial customs.

G. Religious (Creed) Harassment

Prohibited religious harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's religion or creed and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics

of a person's religious tradition, clothing, or surnames, and/or involves religious slurs.

Prohibited anti-Semitism harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's Jewish heritage and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is based upon a certain perception of the Jewish people, which may be expressed as hatred toward Jewish people, rhetorical and physical manifestations of anti-Semitism directed toward a person, his/her property, or toward Jewish community institutions or religious facilities.

H. National Origin Harassment

Prohibited national origin harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's national origin and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's national origin, such as negative comments regarding customs, the manner of speaking, language, surnames, or ethnic slurs.

I. Disability Harassment

Prohibited disability harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's disability and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's disability, such as negative comments about speech patterns, movement, physical impairments, or defects/appearances, or the like. Such harassment may further occur where conduct is directed at or pertains to a person's genetic information.

J. Pregnancy Harassment

Prohibited pregnancy harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's pregnancy and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's pregnancy and condition of pregnancy.

IV. **Reports and Complaints of Harassing Conduct**

Members of the School District community and Third Parties, which includes all staff, are encouraged to promptly report incidents of unlawful harassing conduct to an administrator, supervisor, or a Compliance Officer, when the complaint is about the administrator or supervisor, so that the appropriate party (administrator, supervisor or compliance officer) may address the conduct before it becomes severe, pervasive, or persistent. Any administrator, supervisor, or Compliance Officer who receives such a complaint shall file it with the Professional Standards office within five (5) business days for recording purposes. The appropriate party is responsible for addressing the concern and/or conducting an investigation when necessary. Anonymous reports of an alleged act of bullying or harassment may be reported to an administrator, supervisor, or other School District official; however, formal disciplinary action may not be based solely on an anonymous report.

Members of the School District community and Third Parties who believe they have been unlawfully harassed by another member of the School District community or a Third Party are entitled to utilize the Board's Investigation and Complaint process. Initiating a complaint, whether formally or informally, will not adversely affect the Complainant's employment or participation in educational or extra-curricular programs unless the Complainant makes the complaint maliciously or with the knowledge that it is false. While there are no time limits for initiating complaints of harassment under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

A. Compliance Officers

Section 504 Compliance Officer/ADA Coordinator and Title IX Coordinators. They are hereinafter referred to as the "Compliance Officers".

B. Publication Required

The names, titles, and/or contact information of the persons presently serving as Compliance Officers may change from time to time, and such changes shall be deemed technical corrections within the meaning of Bylaw 0131.1 and shall be made pursuant to that bylaw.

C. Duties and Responsibilities

A Compliance Officer will be available during regular school/work hours to discuss concerns related to unlawful harassment, to assist staff, other members of the School District community, and third parties who seek support or advice when informing another individual about "unwelcome" conduct, or to intercede informally on behalf of the individual in those instances where concerns have not resulted in the filing of a formal complaint and where all parties are in agreement to participate in an informal process.

Any Board employee who directly observes unlawful harassment of a student is obligated, in accordance with this policy, to report such observations to a site/department administrator within two (2) business days. Thereafter, Policy 5517.01 Bullying and Harassment addresses the procedures to follow for this type of situation.

Compliance Officers are assigned to accept complaints of unlawful harassment directly from any member of the School District community or a visitor to the District or to receive complaints which are initially filed with a school building administrator. Upon receipt of a complaint either directly or through a school building administrator, the Compliance Officer will begin either an informal or formal process (depending on the request of the member of the School District community alleging harassment), or the Compliance Officer will designate a specific individual to conduct such a process. In either case, the Investigation and Complaint Procedures in section V below should be followed.

V. Investigation and Complaint Procedure

Any employee or other member of the School District community or Third Party who believes that they have been subjected to unlawful harassment may seek resolution of the complaint through the procedures as described below. Further, a process for investigating claims of harassment and a process for rendering a decision regarding whether the claim of legally prohibited harassment or retaliation was substantiated are set forth below. The site/department administrator will be the first level of review for all formal complaints for that site/department unless they are the subject of the complaint at which point the first level will be their immediate supervisor.

Due to the sensitivity surrounding complaints of unlawful harassment or retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30)

calendar days after the conduct occurs while the facts are known and potential witnesses are available. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within thirty (30) days of the complaint being received). If further time is needed, the site/department administrator must request an extension that can be granted for good cause by a compliance officer. If the compliance officer investigates, then the extension must be granted by the Superintendent.

The procedures set forth below are not intended to interfere with the rights of any individual to pursue a complaint of unlawful harassment or retaliation with the United States Department of Education, Office for Civil Rights, the Florida Civil Rights Commission, and/or the Equal Employment Opportunity Commission.

[DRAFTING NOTE: For complaints that fall outside the scope of Title IX, it is not mandatory that the Board create an informal complaint procedure. However, Neola continues to recommend that school boards include the informal complaint procedure language below. Neola further recommends that the Board consult with its legal counsel if it desires to remove the informal complaint procedure.]

VI.

VII. A. Formal Complaint Procedure

This formal complaint process is not intended to interfere with the rights of an employee, other member of the School District community, or third party to pursue a complaint of unlawful harassment with the United States Department of Education, Office for Civil Rights, the Florida Civil Rights Commission, or the Equal Employment Opportunity Commission.

The Complainant may file a formal complaint, either orally or in writing with an administrator, supervisor, principal &/or the Compliance Officer. Due to the sensitivity surrounding complaints of unlawful harassment and retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available.

All formal complaints must include the following information to the extent known the identity of the Respondent; a detailed description of the facts upon which the complaint is based; a list of potential witnesses; and the resolution sought by the complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the site/department administrator shall ask for such details in an oral interview. Thereafter, the site/department administrator will prepare a written summary of the oral interview, and the complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the site/department administrator will consider whether any action should be taken in the investigatory phase to protect the Complainant from further harassment or retaliation including but not limited to a change of work assignment or schedule for the Complainant and/or the Respondent. In making such a determination, the site/department administrator should consult the Complainant to assess his/her agreement to any action deemed appropriate. If the Complainant is unwilling to consent to any change that is deemed appropriate by the site/department administrator, the site/department administrator may still take whatever actions deemed appropriate in consultation with the compliance officer.

Within ten (10) business days of receiving a formal complaint, the site/department administrator or a designee will initiate a formal investigation to determine whether the complainant has been subjected to offensive conduct/harassment/retaliation.

Simultaneously, the site/department administrator will inform the Respondent that a formal complaint has been received. The respondent will be informed about the nature of the allegations and a copy of any relevant policies and the Board's anti-harassment policy shall be provided to the respondent at that time. The respondent must also be informed of the opportunity to submit a written response to the formal complaint within five (5) business days.

Although certain cases may require additional time, the site/department administrator or a designee will attempt to complete an investigation into the allegations of harassment/retaliation within fifteen (15) calendar days of receiving the formal complaint. The investigation will include:

- A. interviews with the complainant;
- B. interviews with the respondent;
- C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;

- D. consideration of any documentation or other evidence presented by the complainant, respondent, or any other witness which is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the site/department administrator or the designee shall compose a written report which summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful harassment as provided in Board policy and State and Federal law as to whether the complainant has been subject to unlawful harassment. The site/department administrator's recommendations must be based upon the totality of the circumstances, including the ages and maturity levels of those involved. In determining if discriminatory harassment or retaliation occurred, a preponderance of evidence standard will be used. The report shall be submitted to the Compliance Officer for review with the Superintendent.

Absent extenuating circumstances, within five (5) business days of receiving the report, the Superintendent must either issue a final decision regarding whether or not the complaint of harassment has been substantiated or request further investigation. A copy of the Superintendent's final decision will be delivered to both the complainant and the respondent.

If the Superintendent requests additional investigation, the Superintendent must specify the additional information that is to be gathered, and such additional investigation must be completed within five (5) business days. At the conclusion of the additional investigation, the Superintendent must issue a final written decision as described above.

The decision of the Superintendent shall be final.

The Superintendent reserves the right to investigate and resolve a complaint or report of unlawful harassment regardless of whether the member of the School District community or Third Party alleging the unlawful harassment pursues the complaint. The Superintendent also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Superintendent.

The parties may be represented, at their own cost, at any of the above-described meetings/hearings.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the Office for Civil Rights, the filing of charges with local law enforcement, or the filing of a civil action in court. Use of this internal complaint process is not a prerequisite to the pursuit of other remedies.

VI. Privacy/Confidentiality

The School District will employ all reasonable efforts to protect the rights of the Complainant, the Respondent, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy and related administrative procedures shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. Additionally, the Respondent must be provided the Complainant's identity

During the course of a formal investigation, the Compliance Officer or designee will instruct all members of the School District community and third parties who are interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of a harassment investigation is expected not to disclose any information that is learned or provided during the course of the investigation.

All public records created as a part of an investigation of a complaint of harassment will be maintained by the Compliance Officer in accordance with the Board's records retention policy. Any records which are considered student records in accordance with the *Family Educational Rights and Privacy Act* will be maintained in a manner consistent with the provisions of the Federal and State laws.

VII. Sanctions and Monitoring

The Superintendent shall vigorously enforce the Board's prohibitions against unlawful harassment and bullying/retaliation by taking appropriate action reasonably calculated to stop the harassment/retaliation/bullying and prevent further such harassment. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee. Disciplinary action up to and including the discharge of an employee may occur if an employee is found to have wrongfully and intentionally accused another of an act of bullying or harassment. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When

imposing discipline, the Superintendent shall consider the totality of the circumstances involved in the matter, including the ages and maturity levels of those involved. In those cases where unlawful harassment is not substantiated, the Superintendent may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Superintendent becomes aware that a prior remedial action has been taken against a member of the School District community, all subsequent sanctions imposed by the Board and/or Superintendent shall be reasonably calculated to end such conduct, prevent its reoccurrence, and remedy its effects.

VIII. Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful harassment/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a report, formal complaint, testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person for making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

IX. Allegations Constituting Criminal Conduct: Child Abuse/Sexual Misconduct

State law requires any teacher or school employee who knows or suspects that a child under the age of eighteen (18) is a victim of child abuse or neglect to immediately report that knowledge or suspicion to the Department of Children and Family Services. If, during the course of a harassment investigation, the Compliance Officer or a designee has reason to believe or suspect that the alleged conduct reasonably indicates abuse or neglect of the complainant, a report of such knowledge must be made in accordance with State law and Board policy.

If the Compliance Officer or a designee has reason to believe that the complainant has been the victim of criminal conduct as defined under Florida law, such knowledge should be reported to local law enforcement.

Any reports made to the local child protection service or to local law enforcement shall not terminate the Compliance Officer's or a designee's obligation and responsibility to continue to investigate a complaint of harassment. While the Compliance Officers or a designee may work cooperatively with outside agencies to conduct concurrent investigations, in no event shall the harassment investigation be inhibited by the involvement of outside agencies without good cause after consultation with the Superintendent.

X. Mandatory Reporting of Misconduct by Certificated Employees

The Superintendent is required by State law and Board Policy 8141 to report alleged misconduct by certificated employees of the District that affects the health, safety, or welfare of a student. In accordance with Board policy and State law, the Superintendent shall investigate each allegation of such conduct and, if confirmed, shall report such misconduct pursuant to Policy 8141.

XI. Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The Superintendent or designee shall provide appropriate information to all members of the School District community related to the implementation of this policy and shall provide training for District students and staff where appropriate.

XII. Retention of Public Records, Student Records, and Investigatory Records and Materials

The Compliance Officer(s) is responsible for overseeing retention of all records that must be maintained pursuant to this policy. All individuals charged with conducting investigations under this policy shall retain all information, documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315) created and

received as part of an investigation, including, but not limited to:

- A. all written reports/allegations/complaints/statements;
 - B. narratives of all verbal reports/allegations/complaints/statements;

 - K. dated written determinations to the parties;
 - L. dated written descriptions of verbal notifications to the parties;
 - M. documentation of all actions taken, both individual and systemic, to stop the discrimination or harassment, prevent its recurrence, eliminate any hostile environment, and remedy its discriminatory effects;
 - N. documentation of any supportive measures offered and/or provided to the Complainant and/or the Respondent, including no contact orders issued to both parties, the dates the no contact orders were issued, and the dates the parties acknowledged receipt of the no contact orders;
 - O. copies of the Board policy and/or procedures/guidelines used by the District to conduct the investigation, and any documents used by the District at the time of the alleged violation to communicate the Board's expectations to students and staff with respect to the subject of this policy (e.g., Student Code of Conduct and/or Employee Handbooks);
 - P. copies of any documentation that memorializes any formal or informal resolutions to the alleged discrimination or harassment; and
 - Q. documentation of any training provided to District personnel related to this policy, including but not limited to, notification of the prohibitions and expectations of staff set forth in this policy and the role and responsibility of all District personnel involved in enforcing this policy, including their duty to report alleged violations of this policy and/or conducting an investigation of an alleged violation of this policy.
- The information, documents, ESI, and electronic media (as defined in Policy 8315) retained may include public records and records exempt from disclosure under Federal and/or State law (e.g., student records).

The information, documents, ESI, and electronic media (as defined in Policy 8315) created or received as part of an investigation shall be retained in accordance with Policy 8310, Policy 8315, Policy 8320, and Policy 8330 for not less than three (3) years, but longer if required by the District's records retention schedule.

3. To Other Board Employees

An employee may donate (i.e., authorize transfer of) his/her accrued sick leave to another Board employee, provided that the transfer relates to the catastrophic personal illness or disability of the employee, maternity, or catastrophic illness or death of an immediate family member of the employee requesting leave donation. 4122.01 - **PROHIBITION AGAINST DISABILITY DISCRIMINATION IN EMPLOYMENT**

The School Board prohibits discrimination against any employee or applicant based upon his/her disability. As such, the Board will not engage in employment practices or adopt policies that discriminate on the basis of disability, or otherwise discriminate against qualified individuals with disabilities in regard to job application procedures, the hiring, advancement or discharge of employees, employee compensation, job training, or other terms, conditions and privileges of employment. The Board further will not limit, segregate, or classify applicants or employees in any way that adversely affects their opportunities or status because of disability. Additionally, the Board will not participate in any contractual or other relationships that have the effect of subjecting qualified individuals with disabilities who are applicants or employees to discrimination on the basis of disability.

"An individual with a disability" means a person who has, had a record of, or is regarded as having, a physical or mental impairment that substantially limits one or more major life activities. Major life activities are functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, eating, sleeping, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, sitting, reaching, interacting with others, and working.

Major life activities also include the operation of a major bodily function, including, but not limited to, functions of the immune system, special sense organs and skin, normal cell growth, and digestive, genitourinary, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, hemic, lymphatic, musculoskeletal and reproductive functions. The operation of a major bodily function includes the operation of an individual organ within a body system.

An impairment that is episodic in nature or in remission is considered a disability if it would substantially limit a major life activity when active.

The determination of whether an impairment substantially limits a major life activity must be made without regard to the ameliorative effects of mitigating measures such as medication, medical supplies, equipment or appliances, low-vision devices (defined as devices that magnify, enhance, or otherwise augment a visual image, but not including ordinary eyeglasses or contact lenses), prosthetics (including limbs and devices), hearing aid(s) and cochlear implant(s) or other implantable hearing devices, mobility devices, oxygen therapy equipment or supplies, use of assistive technology, reasonable accommodations or "auxiliary aides or services," learned behavioral or adaptive neurological modifications, psychotherapy, behavioral therapy, or physical therapy.

A qualified person with a disability means the individual satisfies the requisite skill, experience, education and other job-related requirements of the employment position such individual holds or desires and, with or without reasonable accommodation, can perform the essential functions of the job in question.

The Board will provide a reasonable accommodation to a qualified individual who has an actual disability or who has a record of a disability, unless the accommodation would impose an undue hardship on the operation of the District's program and/or activities. A reasonable accommodation is not necessarily required for an individual who is merely regarded as having a disability.

District Compliance Officers

The following persons are designated as the District Section 504 Compliance Officers/ADA Coordinators ("District Compliance Officers"):

Matthew Goldrick, Director of ~~Human Resources~~ **Labor Relations & Professional Standards**

The name(s), title(s), and contact information of this/these individual(s) will be published annually in the staff handbooks and/or on the School District's website.

The District Compliance Officers are responsible for coordinating the District's efforts to comply with and fulfill its responsibilities under Section 504 and Title II of the Americans with Disabilities Act, as amended ("ADA"). A copy of Section 504 and the ADA, including copies of their implementing regulations, may be obtained from either of the District Compliance Officers.

The District Compliance Officers will oversee the investigation of any complaints of discrimination based on disability, which may be filed pursuant to the Board's adopted internal complaint procedure, and will attempt to resolve such complaints. The Board will provide for the prompt and equitable resolution of complaints alleging violations of Section 504/ADA.

Complaint Procedures

If a person believes that s/he has been discriminated against on the basis of his/her disability in regard to job application procedures, the hiring, advancement or discharge of employees, employee compensation, job training, or other terms, conditions and privileges of employment, the person may utilize the complaint procedures set forth in Policy 4122 - Nondiscrimination and Equal Employment Opportunity as a means of reaching, at the lowest possible administrative level, a prompt and equitable resolution of the matter.

Unless expressly stated otherwise, the term "day" or "days" as used in this policy means business day(s) (i.e., a day(s) that the Board office is open for normal operating hours, Monday – Friday, excluding State-recognized holidays).

Filing a Complaint with OCR/Florida Commission on Human Relations/EEOC

At any time, if an employee believes that s/he has been subjected to discrimination based upon his/her disability in violation of Section 504 or the ADA, the individual may file a complaint with the U.S. Department of Education's Office for Civil Rights ("OCR"), the Florida Commission on Human Relations, or the Equal Employment Opportunity Commission ("EEOC").

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful discrimination, or participates as a witness in an investigation, is prohibited. Specifically, the Board will not discriminate/retaliate against, coerce, intimidate, threaten or interfere with any individual because the person opposed any act or practice made unlawful by Section 504 or the ADA, or because that individual made a charge, testified, assisted or participated in any manner in an investigation, proceeding, or hearing under those laws, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Training

The District Compliance Officers will also oversee the training of employees in the District so that all employees understand their rights and responsibilities under Section 504 and the ADA, and are informed of the Board's policies, administrative procedures, and practices with respect to fully implementing and complying with the requirements of Section 504/ADA.

The Board will provide in-service training and consultation to staff responsible for the education of persons with disabilities, as necessary and appropriate.

Facilities

No qualified person with a disability will, because the District's facilities are inaccessible to or unusable by persons with disabilities, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity to which Section 504/ADA applies.

For facilities constructed or altered after June 3, 1977, the District will comply with applicable accessibility standards. For those existing facilities constructed prior to June 3, 1977, the District is committed to operating its programs and activities so that they are readily accessible to persons with disabilities.

Notice

Notice of the Board's policy on nondiscrimination in employment practices and the identity of the District's Compliance Officers will be published on the District's website and posted throughout the District, and included in the District's recruitment statements or general information publications.

8. not withhold information regarding a position from an applicant or misrepresent an assignment or conditions of employment;
9. provide upon the request of a certificated individual a written statement of specific reason for recommendations that lead to the denial of increments, significant changes in employment, or termination of employment;
10. not assist entry into or continuance in the profession of any person known to be unqualified in accordance with these *Principles of Professional Conduct for the Education Profession in Florida* and other applicable Florida statutes and State Board of Education rules;
11. self-report within forty-eight (48) hours to their supervisor who will inform the Professional Standards any arrests/charges. Such notice shall not be considered an admission of guilt nor shall such notice be admissible for any purpose in any proceeding, civil or criminal, administrative or judicial, investigatory or

adjudicatory. In addition, support staff members shall self-report any conviction, finding of guilt, withholding of adjudication, commitment to a pretrial diversion program, or entering of a plea of guilty or Nolo Contendere for any criminal offense other than a minor traffic violation within forty-eight (48) hours after the final judgment. When handling sealed and expunged records disclosed under this rule, school districts shall comply with the confidentiality provisions of F.S. 943.0585(4) (c) and 943.059(4)(c).

12. report to appropriate authorities any known allegation of a violation of the Florida School Code or State Board of Education rules as defined in F.S. 1012.795(1);

13. seek no reprisal against any individual who has reported any allegation of a violation of the Florida School Code or State Board of Education rules as defined in F.S. 1012.795(1)

C. No support staff member shall have any interest, financial or otherwise, direct or indirect; engage in any business transaction or professional activity; or incur any obligation of any nature that is in substantial conflict with the proper discharge of his/her duties in the public interest. (see also Policy 4129, Conflict of Interest)

D. All support staff members shall adhere to the principles enumerated above.

[Drafting Note: F.S. 1001.42(6) does not require that educational support staff members receive training annually on the standards of ethical conduct; rather, the statute requires that the Board's policies require "all educational support employees, instructional personnel, administrative personnel, and school officers, as defined in s. 1012.01, to complete training on the standards." Neola recommends that school boards continue to require that educational support employees, instructional personnel, administrative personnel, and school officers receive annual training. As such, the policy template continues to include the requirement that such training be provided annually.]

All support staff members shall be required to complete training on the standards established herein upon employment and annually thereafter.

4362 - **ANTI-HARASSMENT**

I. General Policy Statement

The policy of the School Board is to maintain an educational and work environment that is free from all forms of unlawful harassment, including sexual harassment. This commitment applies to all School District operations, programs, and activities. All students, administrators, teachers, staff, and all other school personnel share responsibility for avoiding, discouraging, and reporting any form of unlawful harassment. This policy applies to unlawful conduct occurring on school property or at another location if such conduct occurs during an activity sponsored by the Board. Further, the Board prohibits the bullying of any employee as set forth in F.S. 1006.147.

The Superintendent will vigorously enforce its prohibition against discriminatory harassment on the basis of race (including anti-Semitism [as defined in Bylaw 0100]), ethnicity, color, national origin, sex (including sexual orientation gender status, or gender identity), disability (including HIV, AIDS, or sickle cell trait), pregnancy, marital status, age (except as authorized by law), religion, military status, ancestry, or genetic information which are classes protected by State and/or Federal law (collectively, "protected classes") (hereinafter referred to as unlawful harassment), and encourages those within the School District community as well as Third Parties, who feel aggrieved to seek assistance to rectify such problems. The Superintendent will direct site/departments administrators to investigate all allegations of unlawful harassment and in those cases where unlawful harassment is substantiated, immediate steps will be taken to end the harassment, prevent its reoccurrence, and remedy its effects. Employees who are found to have engaged in unlawful harassment will be subject to appropriate disciplinary action.

Further, nothing in this policy shall be construed to abridge the rights of school employees that are protected by the First Amendment to the Constitution of the United States.

II. Other Violations of the Anti-Harassment Policy

The Superintendent will also take immediate steps to impose disciplinary action on employees engaging in any of the following prohibited acts:

- A. Retaliating against a person who has made a report or filed a complaint alleging unlawful harassment, or who has participated as a witness in a harassment investigation.
- B. Filing a malicious or knowingly false report or complaint of unlawful harassment.
- C. Disregarding, failing to investigate adequately, or delaying the investigation of allegations of unlawful harassment, when responsibility for reporting and/or investigating unlawful harassment charges comprises part of one's supervisory duties.

III. Definitions

Words used in this policy shall have those meanings defined herein; words not defined herein shall be construed according to their plain and ordinary meanings.

Complainant is the individual who alleges, or is alleged, to have been subjected to unlawful harassment, regardless of whether the person files a formal complaint or is pursuing an informal resolution to the alleged harassment.

Respondent is the individual who has been alleged to have engaged in unlawful harassment, regardless of whether the reporting party files a formal complaint or is seeking an informal resolution to the alleged harassment.

School District community means students and Board employees (i.e., administrators, and professional and classified staff), as well as Board members, agents, volunteers, contractors, or other persons subject to the control and supervision of the Board.

Third Parties include, but are not limited to, guests and/or visitors on School District property (e.g., visiting speakers, participants on opposing athletic teams, parents), vendors doing business with, or seeking to do business with, the Board, and other individuals who come in contact with members of the School District community at school-related events/activities (whether on or off District property).

Day(s): Unless expressly stated otherwise, the term "day" or "days" as used in this policy means business day(s) (i.e., a day(s) that the Board office is open for normal operating hours, Monday – Friday, excluding State-recognized holidays).

A. Bullying

Bullying rises to the level of unlawful harassment when one or more persons systematically and chronically inflict physical hurt or psychological distress on one (1) or more employees and that bullying is based upon sex, race (including anti-Semitism), color, national origin, religion, or disability, that is, characteristics that are protected by Federal civil rights laws. It is defined as any unwanted and repeated written, verbal, or physical behavior, including any threatening, insulting, or dehumanizing gesture, by an adult or student, that creates an intimidating, hostile, or offensive educational environment; cause discomfort or humiliation; or unreasonably interfere with the individual's school performance or participation. This unlawful harassment may include, but not be limited to, the following:

1. teasing;
2. social exclusion;
3. threats;
4. intimidation;
5. stalking;
6. cyberstalking;
7. cyberbullying;
8. physical violence;
9. theft;
10. sexual, religious, or racial harassment;
11. public or private humiliation; or
12. destruction of property.

B. "Harassment" means any threatening, insulting, or dehumanizing gesture, use of data or computer software, or written, verbal or physical conduct directed against school employee that:

1. places school employee in reasonable fear of harm to his/her person or damage to his/her property;

2. has the effect of substantially interfering with an employee's educational performance, opportunities, or benefits; or
3. has the effect of substantially disrupting the orderly operation of a school.

C. "Bullying" and "harassment" also include:

1. Retaliation against a school employee by a student or school employee for asserting or alleging an act of bullying or harassment. Reporting an act of bullying or harassment that is not made in good faith is considered retaliation.
2. Perpetuation of conduct listed under the definitions of "bullying," "cyberbullying," or "harassment" by an individual or group with intent to demean, dehumanize, embarrass, or cause physical harm to a school employee by:
 - a. incitement or coercion;
 - b. accessing or knowingly causing or providing access to data or computer software through a computer, computer system, or computer network within the scope of the District school system; or,
 - c. acting in a manner that has an effect substantially similar to the effect of bullying or harassment.

D. Sexual Harassment

For purposes of this policy and consistent with Title VII of the Civil Rights Act of 1964 "sexual harassment" is defined as:

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, when:

1. Submission to such conduct is made either implicitly or explicitly a term or condition of an individual's employment, or status in a class, educational program, or activity.
2. Submission or rejection of such conduct by an individual is used as the basis for employment or educational decisions affecting such individual.
3. Such conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity.

Sexual harassment may involve the behavior of a person of any gender against a person of the same or another gender.

Sexual Harassment covered by Policy 2266 – Nondiscrimination on the Basis of Sex in Education Programs or Activities is not included in this policy. Allegations of such conduct shall be addressed solely by Policy 2266.

Prohibited acts that constitute sexual harassment under this policy may take a variety of forms. Examples of the kinds of conduct that may constitute sexual harassment include, but are not limited to:

1. Unwelcome sexual propositions, invitations, solicitations, and flirtations.
2. Unwanted physical and/or sexual contact.
3. Threats or insinuations that a person's employment, wages, academic grade, promotion, classroom work or assignments, academic status, participation in athletics or extra-curricular programs, activities, or events, or other conditions of employment or education may be adversely affected by not submitting to sexual advances.
4. Unwelcome verbal expressions, including graphic sexual commentaries about a person's body, dress, appearance, or sexual activities; the unwelcome use of sexually degrading language, profanity, jokes, or innuendoes; unwelcome suggestive or insulting sounds or whistles; obscene telephone calls or

texts.

5. Sexually suggestive objects, pictures, graffiti, videos, posters, audio recordings, or literature, placed in the work or educational environment, that may reasonably embarrass or offend individuals.
6. Unwelcome and inappropriate touching, patting, or pinching; obscene gestures.
7. Asking about, or telling about, sexual fantasies, sexual preferences, or sexual activities.
8. Speculations about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history.
9. Giving unwelcome personal gifts such as lingerie that suggest the desire for a romantic relationship.
10. Leering or staring at someone in a sexual way, such as staring at a person's breasts, buttocks, or groin.
11. A pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another.
12. Consensual sexual relationships where such a relationship leads to favoritism of a subordinate employee with whom the superior is sexually involved and where such favoritism adversely affects other employees or otherwise creates a hostile work environment.
13. Verbal, nonverbal, or physical aggression, intimidation, or hostility based on sex or sex stereotyping that does not involve conduct of a sexual nature.
14. Inappropriate boundary invasions by a District employee or other adult member of the School District community into a student's personal space and personal life.

Not all behavior with sexual connotations constitutes unlawful sexual harassment. Sex-based and gender-based conduct must be sufficiently severe, pervasive, or persistent such that it adversely affects, limits, or denies an individual's employment, or such that it creates a hostile or abusive employment or educational environment.

NOTE: Any teacher, administrator, coach, or other school authority who engages in sexual conduct with a student may also be guilty of a crime.

E. Sexual Cyberharassment

Pursuant to Florida law, "sexual cyberharassment" means to publish to an Internet website or disseminate through electronic means to another person a sexually explicit image of a person that contains or conveys the personal identification information of the depicted person without the depicted person's consent, contrary to the depicted person's reasonable expectation that the image would remain private, for no legitimate purpose, with the intent of causing substantial emotional distress to the depicted person. Evidence that the depicted person sent a sexually explicit image to another person does not, on its own, remove his/her reasonable expectation of privacy for that image. Sexual cyberharassment may be a form of sexual harassment.

F. Race/Color Harassment (Including Anti-Semitism)

Prohibited racial harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's race or color and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's race or color, such as racial slurs, nicknames implying stereotypes, epithets, and/or negative references relative to racial customs.

Prohibited anti-Semitism harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's Jewish heritage and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is based upon a certain

perception of the Jewish people, which may be expressed as hatred toward Jewish people, rhetorical and physical manifestations of anti-Semitism directed toward a person, his/her property, or toward Jewish community institutions or religious facilities.

G. Religious (Creed) Harassment

Prohibited religious harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's religion or creed and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's religious tradition, clothing, or surnames, and/or involves religious slurs.

H. National Origin Harassment

Prohibited national origin harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's national origin and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's national origin, such as negative comments regarding customs, the manner of speaking, language, surnames, or ethnic slurs.

I. Disability Harassment

Prohibited disability harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's disability and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's disability, such as negative comments about speech patterns, movement, physical impairments, or defects/appearances, or the like. Such harassment may further occur where conduct is directed at or pertains to a person's genetic information.

J. Pregnancy Harassment

Prohibited pregnancy harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's pregnancy and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's pregnancy and condition of pregnancy.

IV. **Reports and Complaints of Harassing Conduct**

Members of the School District community and Third Parties, which includes all staff, are encouraged to promptly report incidents of unlawful harassing conduct to an administrator, supervisor or a Compliance Officer, when the complaint is about the administrator or supervisor, so that the appropriate party (administrator, supervisor or compliance officer) may address the conduct before it becomes severe, pervasive, or persistent. Any administrator, supervisor, or Compliance Officer who receives such a report shall file it with the Professional Standards office within five (5) business days for recording purposes. The appropriate party is responsible for addressing the concern and/or conducting an investigation when necessary. Anonymous reports of an alleged act of bullying or harassment may be reported to an administrator, supervisor, or other School District official; however, formal disciplinary action may not be based solely on an anonymous report.

Members of the School District community and Third Parties who believe they have been unlawfully harassed by another member of the School District community or a Third Party are entitled to utilize the Board's Investigation and Complaint process. Initiating a complaint, whether formally or informally, will not adversely affect the Complainant's employment or participation in educational or extra-curricular programs unless the Complainant makes the complaint maliciously or with the knowledge that it is false. While there are no time limits for initiating complaints of harassment under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

B. Publication Required

The names, titles, and/or contact information of the persons presently serving as Compliance Officers may change from time to time, and such changes shall be deemed technical corrections within the meaning of Bylaw 0131.1 and shall be made pursuant to that bylaw.

C. Duties and Responsibilities

A Compliance Officer will be available during regular school/work hours to discuss concerns related to unlawful harassment, to assist staff, other members of the School District community, and third parties who seek support or advice when informing another individual about "unwelcome" conduct, or to intercede informally on behalf of the individual in those instances where concerns have not resulted in the filing of a formal complaint and where all parties are in agreement to participate in an informal process.

Any Board employee who directly observes unlawful harassment of a student is obligated, in accordance with this policy, to report such observations to a site/department administrator within two (2) business days. Thereafter, policy 5517.01 Bullying and Harassment addresses the procedures to follow for this type of situation.

Compliance Officers are assigned to accept complaints of unlawful harassment directly from any member of the School District community or a visitor to the District or to receive complaints which are initially filed with a school building administrator. Upon receipt of a complaint either directly or through a school building administrator, the Compliance Officer will begin either an informal or formal process (depending on the request of the member of the School District community alleging harassment), or the Compliance Officer will designate a specific individual to conduct such a process. In either case, the Investigation and Complaint Procedures in section V below should be followed.

V. Investigation and Complaint Procedure

Any employee or other member of the School District community or Third Party who believes that they have been subjected to unlawful harassment may seek resolution of the complaint through the procedures as described below. Further, a process for investigating claims of harassment and a process for rendering a decision regarding whether the claim of legally prohibited harassment or retaliation was substantiated are set forth below. The site/department administrator will be the first level of review for all formal complaints for that site/department unless they are the subject of the complaint at which point the first level will be their immediate supervisor.

Due to the sensitivity surrounding complaints of unlawful harassment or retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) calendar days after the conduct occurs while the facts are known and potential witnesses are available. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within thirty (30) days of the complaint being received). If further time is needed the site/department administrator must request an extension that can be granted for good cause by a compliance officer. If the compliance officer investigates then the extension must be granted by the Superintendent.

The procedures set forth below are not intended to interfere with the rights of any individual to pursue a complaint of unlawful harassment or retaliation with the United States Department of Education, Office for Civil Rights, the Florida Civil Rights Commission, and/or the Equal Employment Opportunity Commission.

Formal Complaint Procedure

This formal complaint process is not intended to interfere with the rights of an employee, other member of the School District community, or third party to pursue a complaint of unlawful harassment with the United States Department of Education, Office for Civil Rights, the Florida Civil Rights Commission, or the Equal Employment Opportunity Commission.

The Complainant may file a formal complaint, either orally or in writing with an administrator, supervisor &/or the Compliance Officer. Due to the sensitivity surrounding complaints of unlawful harassment and retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available.

All formal complaints must include the following information to the extent known: the identity of the Respondent a detailed description of the facts upon which the complaint is based; a list of potential witnesses; and the resolution sought by the complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the site/department administrator shall ask for such details in an oral interview. Thereafter, the site/department administrator will prepare a written summary of the oral interview, and the complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the site/department administrator will consider whether any action should be taken in the investigatory phase to protect the Complainant from further harassment or retaliation including but not limited to a change of work assignment or schedule for the Complainant and/or the Respondent. In making such a determination, the site/department administrator should consult the Complainant to assess his/her agreement to any action deemed appropriate. If the complainant is unwilling to consent to any change that is deemed appropriate by the site/department administrator, the site/department administrator may still take whatever actions deemed appropriate in consultation with the compliance officer.

Within ten (10) business days of receiving a formal complaint, the site/department administrator or a designee will initiate a formal investigation to determine whether the complainant has been subjected to offensive conduct/harassment/retaliation.

Simultaneously, the site/department administrator will inform the Respondent that a formal complaint has been received. The respondent will be informed about the nature of the allegations and a copy of any relevant policies and the Board's anti-harassment policy shall be provided to the respondent at that time. The respondent must also be informed of the opportunity to submit a written response to the formal complaint within five (5) business days.

Although certain cases may require additional time, the site/department administrator or a designee will attempt to complete an investigation into the allegations of harassment/retaliation within fifteen (15) calendar days of receiving the formal complaint. The investigation will include:

- A. interviews with the Complainant;
- B. interviews with the Respondent;
- C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;
- D. consideration of any documentation or other evidence presented by the complainant, respondent, or any other witness which is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the site/department administrator or the designee shall compose a written report which summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful harassment as provided in Board policy and State and Federal law as to whether the complainant has been subject to unlawful harassment. The site/department administrator's recommendations must be based upon the totality of the circumstances, including the ages and maturity levels of those involved. In determining if discriminatory harassment or retaliation occurred, a preponderance of evidence standard will be used. The report shall be submitted to the Compliance Officer for review with the Superintendent.

Absent extenuating circumstances, within five (5) business days of receiving the report, the Superintendent must either issue a final decision regarding whether or not the complaint of harassment has been substantiated or request further investigation. A copy of the Superintendent's final decision will be delivered to both the complainant and the respondent.

If the Superintendent requests additional investigation, the Superintendent must specify the additional information that is to be gathered, and such additional investigation must be completed within five (5) business days. At the conclusion of the additional investigation, the Superintendent must issue a final written decision as described above.

The decision of the Superintendent shall be final.

[Drafting Note: F.S. 1001.42(6) does not require that educational support staff members receive training annually on the standards of ethical conduct; rather, the statute requires that the Board's policies require "all educational support employees, instructional personnel, administrative personnel, and school officers, as defined in s. 1012.01, to complete training on the standards." Neola recommends that school boards continue to require that educational support employees, instructional personnel, administrative personnel, and school officers receive annual training. As such, the policy template continues to include the requirement that such training be provided annually.]

V. A. Informal Complaint Procedure

The goal of the informal complaint procedure is to promptly stop inappropriate behavior and to facilitate resolution through an informal means, if possible. The informal complaint procedure is provided as a less formal option for a student, other member of the School District community, or Third Party who alleges unlawful harassment or retaliation. This informal procedure is not required as a precursor to the filing of a formal complaint.

Employees, other members of the School District community, or Third Parties who believe that they have been unlawfully harassed or retaliated against may initiate their complaint through this informal complaint process, but are not required to do so. The informal process is only available in those circumstances where the Complainant and the Respondent mutually agree to participate in it.

The Complainant may proceed immediately to the formal complaint process and individuals who seek resolution through the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

All complaints involving a District employee, any other adult member of the School District community, or a Third Party and a student will be formally investigated.

As an initial course of action, if a Complainant feels comfortable and safe in doing so, the individual should tell or otherwise inform the Respondent that the alleged harassing conduct is unwelcome and must stop. The Complainant should address the allegedly harassing conduct as soon after it occurs as possible. The Compliance Officers is available to support and counsel individuals when taking this initial step or to intervene on behalf of the Complainant if requested to do so. A Complainant who is uncomfortable or unwilling to directly approach the Respondent about the allegedly inappropriate conduct may file an informal or a formal complaint. In addition, with regard to certain types of unlawful harassment, such as sexual harassment, the Compliance Officer may advise against the use of the informal complaint process.

A Complainant may make an informal complaint, either orally or in writing: (1) to a teacher, other employee, or building administrator; (2) to the Superintendent or other District level employee; and/or (3) directly to one of the Compliance Officers.

All informal complaints must be reported to the Compliance Officers who will either facilitate an informal resolution as described below or appoint another individual to facilitate an informal resolution.

The School District's informal complaint procedure is designed to provide employees, other members of the School District community, or Third Parties who believe they are being unlawfully harassed by another individual with a range of options designed to bring about a resolution of their concerns. Depending upon the nature of the complaint and the wishes of the Complainant, informal resolution may involve, but not be

~~limited to, one or more of the following:~~

- ~~1. Advising the Complainant about how to communicate the unwelcome nature of the behavior to the Respondent.~~
- ~~2. Distributing a copy of this policy as a reminder to the individuals in the school building or office where the Respondent works or attends.~~
- ~~3. If both parties agree, the Compliance Officers may arrange and facilitate a meeting or mediation between the Complainant and Respondent to work out a mutual resolution.~~

~~While there are no set time limits within which an informal complaint must be resolved, the Compliance Officers or designee is directed to attempt to resolve all informal complaints within fifteen (15) days of receiving the informal complaint. If the Complainant is dissatisfied with the informal complaint process, the Complainant may proceed to file a formal complaint. And, as stated above, either party may request that the informal process be terminated at any time to move to the formal complaint process.~~

The Superintendent reserves the right to investigate and resolve a complaint or report of unlawful harassment regardless of whether the member of the School District community or Third Party alleging the unlawful harassment pursues the complaint. The Superintendent also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Superintendent.

The parties may be represented, at their own cost, at any of the above-described meetings/hearings.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the Office for Civil Rights, the filing of charges with local law enforcement, or the filing of a civil action in court. Use of this internal complaint process is not a prerequisite to the pursuit of other remedies.

VI. Privacy/Confidentiality

The School District will employ all reasonable efforts to protect the rights of the Complainant, the Respondent, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy and related administrative procedures shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. Additionally, the Respondent must be provided the Complainant's identity.

During the course of a formal investigation, the Compliance Officer or designee will instruct all members of the School District community and third parties who are interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of a harassment investigation is expected not to disclose any information that is learned or provided during the course of the investigation.

All public records created as a part of an investigation of a complaint of harassment will be maintained by the Compliance Officer in accordance with the Board's records retention policy. Any records which are considered student records in accordance with the Family Educational Rights and Privacy Act will be maintained in a manner consistent with the provisions of the Federal and State laws.

VII. Sanctions and Monitoring

The Superintendent shall vigorously enforce the Board's prohibitions against unlawful harassment/bullying/retaliation by taking appropriate action reasonably calculated to stop the harassment/retaliation/bullying and prevent further such harassment. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee. Disciplinary action up to and including the discharge of an employee may occur if an employee is found to have wrongfully and intentionally accused another of an act of bullying or harassment. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the Superintendent shall consider the totality of the circumstances involved in the matter, including the ages and maturity levels of those involved. In those cases where unlawful harassment is not substantiated, the Superintendent may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Superintendent becomes aware that a prior remedial action has been taken against a member of the School District community, all subsequent sanctions imposed by the Board and/or Superintendent shall be reasonably calculated to end such conduct, prevent its reoccurrence, and remedy its effects.

VIII. Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful harassment/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a report, formal complaint, testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person for making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

IX. Allegations Constituting Criminal Conduct: Child Abuse/Sexual Misconduct

State law requires any teacher or school employee who knows or suspects that a child under the age of eighteen (18) is a victim of child abuse or neglect to immediately report that knowledge or suspicion to the Department of Children and Family Services. If, during the course of a harassment investigation, the Compliance Officer or a designee has reason to believe or suspect that the alleged conduct reasonably indicates abuse or neglect of the complainant, a report of such knowledge must be made in accordance with State law and Board policy.

If the Compliance Officer or a designee has reason to believe that the complainant has been the victim of criminal conduct as defined under Florida law, such knowledge should be reported to local law enforcement.

Any reports made to the local child protection service or to local law enforcement shall not terminate the Compliance Officer's or a designee's obligation and responsibility to continue to investigate a complaint of harassment. While the Compliance Officers or a designee may work cooperatively with outside agencies to conduct concurrent investigations, in no event shall the harassment investigation be inhibited by the involvement of outside agencies without good cause after consultation with the Superintendent.

X. Mandatory Reporting of Misconduct by Certificated Employees

The Superintendent is required by State law and Board Policy 8141 to report alleged misconduct by certificated employees of the District that affects the health, safety, or welfare of a student. In accordance with Board policy and State law, the Superintendent shall investigate each allegation of such conduct and, if confirmed, shall report such misconduct pursuant to Policy 8141.

XI. Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The Superintendent or designee shall provide appropriate information to all members of the School District community related to the implementation of this policy and shall provide training for District students and staff where appropriate.

XII. Retention of Investigatory Records and Materials

The Compliance Officer(s) is responsible for overseeing retention of all records that must be maintained pursuant to this policy. All individuals charged with conducting investigations under this policy shall retain all information, documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315) created and received as part of an investigation, including, but not limited to:

5200 - **ATTENDANCE**

The educational program offered by this District is predicated upon the presence of the student and requires continuity of instruction and classroom participation. Attendance shall be required of all students enrolled in the schools during the days and hours that the school is in session. School attendance is the responsibility of parents and students. Absences shall be reported to the school attendance office by the parent or adult student as soon as practicable.

In accordance with statute, the Superintendent shall require, from the parent of each student of compulsory school age or from an adult student who has been absent from school or from class for any reason, a statement of the cause for such absence. The School Board reserves the right to verify such statements and to investigate the cause of each single absence.

In addition, educators have the responsibility to encourage regular attendance of students, maintain accurate attendance records, and follow reporting procedures prescribed by the Superintendent. Schools will record absent and tardy students in the automated student attendance recordkeeping system.

Provision shall be made for promoting school attendance through adjustment of personal problems, education of parents, and enforcement of the compulsory attendance laws and related child welfare legislation. Accordingly:

- A. absences must be reported to the school by the parent or adult student within two (2) days upon returning to school;

Failure to report and explain the absence(s) shall result in unexcused absence(s). The final authority for determining the acceptability of the reason for the absence(s) shall rest with the principal.

- B. upon each unexcused absence, or absence for which the reason is unknown, the principal shall contact the student's parent to determine the reason for the absence;
- C. teachers shall record absentees each period of the school day and report absences, excused and unexcused, as required by the school;
- D. insofar as possible, parents should be contacted each time their child has an unexcused absence or an absence for which the reason is unknown, to prevent the development of patterns of nonattendance;
- E. when a student has at least five (5) unexcused absences or absences for which the reasons are unknown, within a calendar month, or ten (10) unexcused absences, or absences for which the reasons are unknown, within a ninety (90) calendar day period, it shall be reported to the Principal that the child may be exhibiting a pattern of nonattendance. Unless there is clear evidence that the absences are not a pattern of nonattendance, the Principal ~~must~~ will refer the case to the school's child study team to determine if early patterns of truancy are developing. If

the child study team finds that a pattern of nonattendance is developing, a meeting with the parent must be scheduled to identify potential remedies. ~~If the problem is not resolved, the child study team will implement interventions set forth in, and act in accordance with, the requirements in F.S. 1003.26.~~

The child study team may allow the parent to attend the meeting virtually or by telephone if the parent is unable to attend the meeting in person. If the parent or child fails to attend the child study team meeting, the meeting shall be held in their absence, and the child study team shall make written recommendations to remediate the truancy based upon the information available to the school. The recommendations shall be provided to the parent within seven (7) days after the child study team meeting.

If the initial meeting does not resolve the problem ~~is not resolved~~, the child study team shall implement the following:

1. Frequent attempts at communication between the teacher and the family.
2. Attempt to determine the reasons the child is truant from school and provide remedies if available or refer the family to services, including referring the family for available scholarship options if the learning environment is an issue of concern.
3. Evaluation for alternative education programs.
4. Attendance contracts.

The child study team may, but is not required to, implement other interventions, including referral to the Department of Juvenile Justice's designated provider for voluntary family services or to other agencies for family services, or to recommend filing a truancy petition seeking early truancy intervention pursuant to F.S. 984.151.

~~will implement interventions set forth in, and act in accordance with, the requirements in F.S. 1003.26, including referring the family for available scholarship options if the learning environment is an issue of concern.~~

- F.
 1. If a parent refuses to participate in the remedial strategies determined by the child study team because s/he believes that the strategies are unnecessary or inappropriate, the parent may appeal to the Board.
 2. The appeal will be headed by a hearing officer who will make recommendations for final action to the Board.
 3. If the Board's final determination is that the strategies of the child study team are appropriate, and the parent still refuses to participate or cooperate, the superintendent may seek criminal prosecution for noncompliance with compulsory school attendance.

Unexcused Absences/Truancy

If the parent of a child who has been identified as exhibiting a pattern of nonattendance enrolls the child in a home education program pursuant to F.S. Chapter 1002, the superintendent shall provide the parent a copy of F.S. 1002.41 and the accountability requirements set forth in F.S. 1003.26. The superintendent shall also refer the parent to a home education review committee composed of the District contact for home education programs and at least two (2) home educators selected by the parent from a District list of all home educators who have conducted a home education program for at least three (3) years and who have indicated a willingness to serve on the committee. The home education review committee shall review the portfolio of the student, as defined by F.S. 1002.41, every thirty (30) days during the District's regular school terms until the committee is satisfied that the home education program is in compliance with F.S. 1002.41(1)(d). - D. Failure of a parent to enroll the child in an attendance option as required by this subparagraph after termination of the home education program pursuant to this subparagraph shall constitute noncompliance with the compulsory attendance requirements of F.S. 1003.21 and may result in criminal prosecution under F.S. 1003.27(2).
- E. Nothing contained herein shall restrict the ability of the superintendent to review the portfolio pursuant to F.S. 1002.41(1)(e).

~~If a student subject to compulsory school attendance will not comply with attempts to enforce school attendance, the parent or the superintendent shall refer the case to the case staffing committee pursuant to F.S. 984.12 and the superintendent may file a truancy petition pursuant to the procedures in F.S. 984.151.~~

[x] The designated school representative must be accompanied on any visit to the home or place of residence of a student by [x] a law enforcement officer _____. As permitted in F.S. 984.13 and 1003.26, a child may be taken into custody by a designated school representative. **[DRAFTING NOTE: If the designated school representative is accompanied by a law enforcement officer, F.S. 984.13 authorizes a law enforcement officer to take a student into custody for specified reasons. This policy only addresses the requirements for when a designated school representative takes a student into custody.]** The designated school representative must adhere to the following:

- A. If the student is found by the designated school representative, the student shall be returned to their parent or to the principal or teacher in charge of the school, or to the private tutor from whom absent.

If the student has not been assigned to an alternative school placement, the designated school representative shall deliver the child to the parent, legal guardian, or custodian, to a location determined by the parent, legal guardian, or custodian, or to a designated truancy interdiction site until the parent or guardian can be located.

The designated school representative shall report to the appropriate authority designated by law to receive such notices, all violations of the Child Labor Law that may come to their knowledge.

The designated school representative shall have the right of access to, and inspection of, establishments where minors may be employed or detained only for the purpose of ascertaining whether students of compulsory school age are actually employed there and are actually working there regularly. The designated school representative shall, if they find unsatisfactory working conditions or violations of the Child Labor Law, report those findings to the appropriate authority.

Each school should also establish procedures to ensure good attendance consistent with this policy.

Truancy Reports

Each Principal must notify the Board of each minor student under its jurisdiction who accumulates fifteen (15) unexcused absences in a period of ninety (90) calendar days. Reports shall be made to the Board at the end of each school quarter. The calculation of fifteen (15) absences within ninety (90) days is determined based on calendar days and not limited to the span of one (1) school quarter during which the nonattendance begins or ends. The Board shall verify that those schools reporting fifteen (15) or more unexcused absences within a ninety (90)-day period have complied with the requirements of

remediating truancy at the school level or pursuing appropriate court intervention as provided in this policy and Florida law. Any school not meeting these requirements shall provide a remedial action plan to the Board within thirty (30) days, and follow up within ninety (90) days to confirm all truancy cases have been addressed either through the child's enrollment and regular attendance or referral of the case to the appropriate court or agency to pursue court intervention.

Habitual Truancy

Whenever any student has a total of fifteen (15) unexcused absences from school within ninety (90) calendar days, with or without the knowledge or consent of the parent, the student will be considered habitually truant. The Superintendent shall inform the student and his/her parents of the record of excessive absences as well as the District's intent to notify the Department of Highway Safety and Motor Vehicles, if appropriate. The Superintendent may also file a truancy petition seeking early truancy intervention under F.S. 984.151 if a student has accrued at least five (5) unexcused absences, or absences for which the reasons are unknown, within a calendar month or ten (10) unexcused absences, or absences for which the reasons are unknown within a ninety (90) calendar day period or has had more than fifteen (15) unexcused absences in a ninety (90) calendar day period. If the Superintendent chooses not to file a truancy petition, the case must be referred to the Department of Juvenile Justice's authorized agent for families in need of services.

Make-Up for Absences

A student having an excused absence shall be given the opportunity to make up work within two class meeting days upon their return. However, the make-up rule does not apply when the work was assigned prior to the student's absence. In such cases these tests, projects, etc. must be turned in immediately to the teacher when the student arrives on campus unless an extension of the time has been approved by the teacher or the principal due to extenuating circumstances.

If the work is not made up within the time period granted all zeroes will remain. If a student fails as a result of incomplete work, the report card shall reflect that the grade is based on incomplete work.

For unexcused absences, each principal shall establish site-specific policies that encourage both regular attendance and high academic achievement, and shall review and modify these policies from time-to-time as required to maintain and improve their effectiveness.

Excused Absences

The Board considers the following factors to be reasonable excuses for time missed at school:

- A. Personal illness of the student (medical evidence may be required by the principal or designee for absences exceeding five (5) consecutive days).
- B. Court appearance of the student.
- C. Medical appointment of the student.
- D. Pregnancy-related issues (see also Policy 5751).
- E. Approved school activity.
- F. Insurmountable conditions. Insurmountable conditions are extreme weather conditions, communicable disease outbreaks, and local conditions determined by the School District which, after taking into account the material circumstances, would render impracticable a student's attendance at school. (F.A.C. 6A-1.09513)
- G. Other absences with prior approval of the principal or designee.
- H. Attendance at a center under Children and Families Services supervision.
- I. Significant community events with prior permission of the Principal.
- J. Religious instruction or religious holiday.
- K. Death in the immediate family.

- L. Appointments for a therapy service provided by a licensed health care practitioner or behavior analyst certified pursuant to Florida law for the treatment of autism spectrum disorder including, but not limited to, applied behavioral analysis, speech therapy, and occupational therapy.

Absences not included in excused absences listed above shall be unexcused.

Students may not be given excused absences to remain out of school for the purpose of working unless the job is an integral part of the student's instructional program.

Discipline

Each school may develop its own procedures and consequences for tardy six (6) and beyond as long as it has been approved by the School Advisory Council and submitted to the superintendent.

Any student who fails to attend any regularly scheduled class and has no authorized excuse for absence should be referred to the appropriate administrator. Disciplinary action should include notification to parents or guardians.

Grades

A student's grade in any course is based on his/her performance in the instructional setting and shall not be reduced for reasons of conduct. If a student violates the attendance or other rules of the school, s/he should be disciplined appropriately for the misconduct, but his/her grades should be based upon what the student can demonstrate s/he has learned.

However, a student who has ten (10) or more days of unexcused absences within a semester ("days" defined as full days for elementary schools and individual periods for secondary schools) or five (5) or more days for schools on a block schedule, may not receive a passing grade for the course if he/she cannot demonstrate mastery of the student performance standards, as identified in curriculum guides and/or adopted textbooks. The school administration will provide opportunities for students who accrued unexcused absences as described herein to demonstrate mastery of the student performance standards in order to receive a passing grade for the course. Examples include, but are not limited to: credit recovery, progress monitoring data, and state standardized tests.

Administrative Procedures

The Superintendent shall develop administrative procedures that:

- A. provide the student and his/her parents the opportunity to challenge the attendance record prior to notification and that such notification complies with applicable Board rules;
- B. require a school session that is in conformity with the rules of the State Board;
- C. govern the keeping of attendance records in accordance with the rules of the State Board;
- D. identify the habitual truant, investigate the cause(s) of his/her behavior, and consider modification of his/her educational program to meet particular needs and interests;
- E. require that students whose absence has been excused have an opportunity to make up work they missed and receive credit for the work if completed;
- F. require that any student who, due to a specifically identifiable physical or mental impairment, exceeds or may exceed the District's limit on excused absence is referred for evaluation for eligibility either under the Individuals with Disabilities Education Act (IDEA) or Section 504 of the Rehabilitation Act of 1973 or other appropriate accommodation.

Habitual Truancy

Whenever any student has a total of fifteen (15) unexcused absences from school within ninety (90) calendar days, with or without the knowledge or consent of the parent, s/he will be considered habitually truant. The Board authorizes the Superintendent to inform the student and his/her parents of the record of excessive absences as well as the District's intent to notify the Department of Highway Safety and Motor Vehicles, if appropriate. The Superintendent is authorized to file a truancy petition under F.S. 984.151 if a student has accrued at least five (5) unexcused absences, or absences for which the reasons are unknown, within a calendar month or ten (10) unexcused absences, or absences for which the reasons are unknown within a ninety (90) calendar day period or has had more than fifteen (15) unexcused absences in a ninety (90) calendar day period.

5410.01 - PROMOTION, ACCELERATION, PLACEMENT, AND RETENTION

The School Board recognizes that the personal, social, physical, and educational growth of children will vary and that they should be placed in the educational setting most appropriate to their needs at the various stages of their growth.

The Board shall provide for the placement, acceleration, and progression of students through adopted student progression plans. The District student progression plan includes the standards for evaluating each student's performance, including how well s/he masters the performance standards approved by the State Board of Education. A student will be promoted to the succeeding grade level when s/he has demonstrated sufficient proficiency to permit him/her to move ahead in the educational program of the next grade.

Parents may request student participation in Academically Challenging Curriculum to Enhance Learning (ACCEL) options, including whole grade promotion, midyear promotion or subject matter acceleration. If the parent selects one of these ACCEL options and the student meets eligibility and procedural requirements in the student progression plan, the student will have the opportunity to participate in the ACCEL option.

No student may be assigned to a grade level based solely on age or other factors that constitute social promotion. (F.S. 1008.25(6)(a))

Progress Monitoring Plans and Remediation

Each student must participate in the Statewide standardized assessment program that is required by F.S. 1008.22. Each student who does not achieve a Level 3 or above on Statewide standardized English language arts assessment; the Statewide standardized mathematics assessment; or the Algebra I end-of-course (EOC) assessment must be evaluated to determine the nature of the student's difficulty, the areas of academic need, and strategies for providing academic supports to improve the student's performance.

Beginning in the 2022-2023 school year, the end-of-year comprehensive progress monitoring assessment administered pursuant to F.S. 1008.25(9)(b)2. is the Statewide standardized English Language Arts assessment for students in grades 3 through 10 and the Statewide standardized Mathematics assessment for students in grades 3 through 8.

A student who is not meeting the District or State requirements for satisfactory performance in English language arts and mathematics must be covered by one (1) of the following plans:

- A. a Federally required student plan such as an individual education plan;

- B. a schoolwide system of progress monitoring for all students, except a student who scores Level 4 or above on the English language arts and mathematics assessments may be exempted from participation by the principal; or
- C. an individualized progress monitoring plan.

Any student who has a substantial **deficiency in** reading and/or ~~substantial~~ mathematics ~~deficiency~~ as described in F.S. 1008.25 must be covered by a federally required student plan, such as an IEP or an individualized progress monitoring plan, or both, as necessary. The individualized progress monitoring plan shall be developed within forty-five (45) days after the results of the coordinated screening and progress monitoring system become available. The plan shall, at a minimum, include the following:

- A. the student's specific, identified reading or mathematics skill deficiency;
- B. goals and benchmarks for student growth in reading or mathematics;
- C. a description of the specific measures that will be used to evaluate and monitor the student's reading or mathematics progress;
- D. for a substantial ~~reading~~ deficiency **in reading**, the specific evidence-based will receive;
- E. strategies, resources, and materials that will be provided to the student's parent to support the student to make reading or mathematics progress; and,
- F. any additional services the student's teacher deems available and appropriate to accelerate the student's reading or mathematics skill development.

Substantial ~~Reading~~ Deficiencies **in Reading/Characteristics of Dyslexia and Parental Notification**

Any student in a Voluntary Prekindergarten Education Program provided by the District who exhibits a substantial deficiency in early literacy skills and any student in kindergarten through grade 3 who exhibits a substantial deficiency in reading or the characteristics of dyslexia, based upon screening, diagnostic, progress monitoring, or assessment data; statewide assessments; or teacher observations must be provided intensive, explicit, systematic, and multisensory reading interventions immediately following the identification of the reading deficiency or the characteristics of dyslexia to address his or her specific deficiency or dyslexia. A Voluntary Prekindergarten Education Program student is deemed to exhibit a substantial deficiency in early literacy skills based upon the results of the midyear or final administration of the coordinated screening and progress monitoring required pursuant to Florida law.

The District shall implement reading intervention programs approved by the Florida Department of Education in addition to the comprehensive core reading instruction that is provided to all students in the general education classroom. Dyslexia-specific interventions, as defined by rule of the State Board of Education, shall be provided to students who have the characteristics of dyslexia. The reading intervention programs implemented by the District shall do all of the following:

- A. provide explicit, direct instruction that is systematic, sequential, and cumulative in language development, phonological awareness, phonics, fluency, vocabulary, and comprehension, as applicable.
- B. provide daily targeted small group reading interventions based on student need in phonological awareness, phonics including decoding and encoding, sight words, vocabulary, or comprehension.
- C. be implemented during regular school hours.

A school may not wait for a student to receive a failing grade at the end of a grading period or wait until a plan under this policy is developed to identify the student as having a substantial **deficiency in** reading ~~deficiency~~ and initiate intensive reading interventions. In addition, a school may not wait until an evaluation conducted pursuant to F.S. 1003.57 is completed to provide appropriate, evidence-based interventions for a student whose parent submits documentation from a professional licensed under chapter 490 which demonstrates that the student has been diagnosed with dyslexia. Such interventions must be initiated upon receipt of the documentation and based on the student's specific areas of difficulty as identified by the licensed professional.

A student's reading proficiency must be monitored and the intensive interventions must continue until the student demonstrates grade level proficiency in a manner determined by the District, which may include achieving a Level 3 on the Statewide, standardized English Language Arts assessment. Determination of whether a student in a Voluntary Prekindergarten Education Program has a deficiency in early literacy and kindergarten through grade 3 has a substantial deficiency in reading shall be in accordance with State Board of Education guidelines.

The parent of any student who exhibits a substantial deficiency in reading, as described in the above paragraph, must be immediately notified in writing of the following:

- A. that their child has been identified as having a substantial deficiency in reading, including a description and explanation, in terms understandable to the parent, of the exact nature of the student's difficulty in learning and lack of achievement in reading;
- B. a description of the current services that are provided to the child;
- C. a description of the proposed intensive interventions and supports that will be provided to the child that are designed to remediate the identified area of reading deficiency;
- D. the student progression requirements and that if the child's reading deficiency is not remediated by the end of grade 3, the child must be retained unless s/he is exempt from mandatory retention for good cause;
- E. strategies, including multisensory strategies and programming, through a read-at-home plan for parents to use in helping their child succeed in reading;

The read-at-home plan must provide access to the resources identified in F.S. 1008.25.

- F. that the Statewide, standardized English Language Arts assessment is not the sole determiner of promotion and that additional evaluations, portfolio reviews, and assessments are available to the child to assist parents and the School District in knowing when a child is reading at or above grade level and ready for grade promotion;
- G. the District's specific criteria and policies for a portfolio as provided in F.S. 1008.22 and the evidence required for a student to demonstrate mastery of Florida's academic standards for English language arts;

Schools must begin collecting evidence for a portfolio when a student in grade 3 is identified as being at risk of retention of upon the request of the parent, whichever occurs first.

- H. the District's specific criteria and policies for midyear promotion;

Midyear promotion means promotion of a retained student at any time during the year of retention once the student has demonstrated ability to read at grade level.

- I. information about the student's eligibility for the New Worlds Reading Initiative under F.S. 1003.485 and the New Worlds Scholarship Accounts under F.S. 1002.411 and information on parent training modules and other reading engagement resources available through the initiative.

After initial notification, schools shall apprise the parent at least monthly of the student's progress in response to the intensive interventions and supports. Such communication will be in writing and explain any additional interventions or supports that will be implemented to accelerate the student's progress if the interventions and supports already being implemented have not resulted in improvement. Upon the request of the parent, the teacher or school administrator shall meet to discuss the student's progress. The parent may request more frequent notification of the student's progress, more frequent interventions or supports, and earlier implementation of the additional interventions or supports described in the initial notification.

To be promoted to grade 4, a student must score a Level 2 or higher on the Statewide standardized English language arts assessment required under F.S. 1008.22 for grade 3. If a student's reading deficiency is not remedied by the end of grade 3, as demonstrated by scoring Level 2 or higher on the Statewide standardized assessment required under F.S. 1008.22 for grade 3, the student must be retained.

A student who has been retained in third grade due to a reading deficiency shall be promoted mid-year if the student has demonstrated mastery of the State-mandated requirements in reading.

A student may be eligible for a waiver of retention criteria for acceptable good cause as outlined in the student progression plan. A student may be retained at the same grade level/course(s) when s/he has not demonstrated satisfactory mastery of the State-mandated requirements in the required subject areas. Parents must be informed in advance of the possibility of retention of a student at a grade level.

Reading instruction hereunder shall align with the requirements of F.A.C. 6A-6.053.

Substantial ~~Mathematics~~ Deficiencies in Mathematics/Characteristics of Dyscalculia and Parental Notification

Any student in a Voluntary Prekindergarten Education Program provided by the District who exhibits a substantial deficiency in early mathematics skills and any student in kindergarten through grade 4 who exhibits a substantial deficiency in mathematics (based on the criteria in F.A.C. 6A-6.0533) or the characteristics of dyscalculia based upon screening, diagnostic, progress monitoring, or assessment data; Statewide assessments; or teacher observations must:

A. immediately following the identification of the mathematics deficiency, be provided systematic and explicit mathematics instruction to address their specific deficiencies through either:

1. daily targeted small group mathematics intervention based on student need; or
2. supplemental, evidence-based mathematics interventions before or after school, or both, delivered by a highly qualified teacher of mathematics or a trained tutor.

B. the performance of a student receiving mathematics instruction under Paragraph A must be monitored and instruction must be adjusted based on the student's need.

A school may not wait for a student to receive a failing grade at the end of a grading period or wait until a plan under this policy is developed to identify the student as having a substantial deficiency in mathematics deficiency and initiate intensive mathematics interventions. In addition, a school may not wait until an evaluation conducted pursuant to F.S. 1003.57 is completed to provide appropriate, evidence-based interventions for a student whose parent submits documentation from a professional licensed under Chapter 490 which demonstrates that the student has been diagnosed with dyscalculia. Such interventions must be initiated upon receipt of the documentation and based on the student's specific areas of difficulty as identified by the licensed professional.

The mathematics proficiency of a student receiving additional mathematics supports must be monitored and the intensive interventions must continue until the student demonstrates grade level proficiency in a manner determined by the district, which may include achieving a Level 3 on the Statewide, standardized Mathematics assessment. Determination of whether a student in a Voluntary Prekindergarten Education Program has a deficiency in early mathematics skills or a student in Kindergarten through grade 4 has a substantial deficiency in mathematics will be made in accordance with State Board of Education guidelines. ~~A Voluntary Prekindergarten Education Program student is deemed to exhibit a substantial deficiency in mathematics skills based upon the results of the midyear or final administration of the coordinated screening and progress monitoring pursuant to Florida law.~~

The parent of any student who exhibits a substantial deficiency in mathematics, as described in the above paragraph, must be immediately notified in writing of the following:

- A. that their child has been identified as having a substantial deficiency in mathematics, including a description and explanation, in terms understandable to the parent, of the exact nature of the student's difficulty in learning and lack of achievement in mathematics;
- B. a description of the current services that are provided to the child;
- C. a description of the proposed intensive interventions and supports that will be provided to the child that are designed to remediate the identified area of mathematics deficiency;
- D. strategies, including multisensory strategies and programming, through a home-based plan the parent can use in helping their child succeed in mathematics. The home-based plan must provide access to the resources identified in F.S. 1008.25.

After the initial notification, the school shall apprise the parent at least monthly of the student's progress in response to the intensive interventions and supports. Such communications must be in writing and must explain any additional interventions or supports that will be implemented to accelerate the student's progress if the interventions and supports already being implemented have not resulted in improvement. The parent shall also be consulted in the development of a plan to address the deficiency as required under F.A.C. 6A-6.0533 which shall include, but is not necessarily limited to, interventions and progress monitoring. Upon the request of the parent, the teacher or school administrator shall meet to discuss the student's progress. The parent may request more frequent notification of the student's progress, more frequent interventions or supports, and earlier implementation of the additional interventions or supports described in the initial notification.

The District shall incorporate into a home-based plan provided to the parent of a student who is identified as having a substantial deficiency in mathematics deficiency the resources compiled by the Florida Department of Education and the Florida Center for Mathematics and Science Education Research. The resources will be made available online in an electronic format or, at the request of a parent, in a hardcopy format.

Mathematics instruction hereunder shall align with the requirements of F.A.C. 6A-6.0533.

The student must have been a senior in good standing to meet the requirements of graduation established by the Board at the time of the disability/death.

Early Admission Program

High school graduation by means of the Early Admission to College Program is an alternative for the college-bound student during the normal senior year in high school. When the prescribed District conditions as set forth in the student handbook have been met, the student shall be awarded a high school diploma with the regular high school graduating class. The official college transcript shall be made a part of the student's high school permanent record file.

When students leave high school as Early Admission to College Program students, they may participate in graduation exercises with their graduation class and may be ranked in the class pursuant to Policy 5430.

Early High School Graduation

For the purposes of this policy, the term early graduation means graduation from high school in less than eight (8) semesters or the equivalent by completion of the required number of credits.

I. General Policy Statement

It is the policy of the School Board to maintain an educational and work environment that is free from all forms of unlawful harassment, including sexual harassment. This commitment applies to all School District operations, programs, and activities. All students, administrators, teachers, staff, and all other school personnel share responsibility for avoiding, discouraging, and reporting any form of unlawful harassment. The Board will investigate all allegations of unlawful harassment and in those cases where unlawful harassment is substantiated, the Board will take immediate steps to end the harassment, prevent its reoccurrence, and remedy its effects. Individuals who are found to have engaged in unlawful harassment will be subject to appropriate disciplinary action.

The District will offer counseling services to any person found to have been subjected to unlawful harassment, and, where appropriate, the person(s) who committed the unlawful harassment.

Further, nothing in this policy shall be construed to abridge the rights of students or school employees that are protected by the First Amendment to the Constitution of the United States.

II. Other Violations of the Anti-Harassment Policy

Day(s): Unless expressly stated otherwise, the term "day" or "days" as used in this policy means business day(s) (i.e., a day(s) that the Board office is open for normal operating hours, Monday – Friday, excluding State-recognized holidays).

A. Bullying

Bullying rises to the level of unlawful harassment when one or more persons systematically and chronically inflict physical hurt or psychological distress on one (1) or more students or employees and that bullying is based upon sex, race, (including anti-Semitism), color, national origin, religion, or disability, that is, characteristics that are protected by Federal civil rights laws. It is defined as any unwanted and repeated written, verbal, or physical behavior, including any threatening, insulting, or dehumanizing gesture, by an adult or student, that is severe or pervasive enough to create an intimidating, hostile, or offensive educational environment; cause discomfort or humiliation; or unreasonably interfere with the individual's school performance or participation; and may involve:

1. teasing;
2. social exclusion;
3. threats;
4. intimidation;
5. stalking;
6. Submission to such conduct is made either implicitly or explicitly a term or condition of an individual's employment, or status in a class, educational program, or activity.
7. Submission or rejection of such conduct by an individual is used as the basis for employment or educational decisions affecting such individual.
8. Such conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity.

Sexual harassment may involve the behavior of a person of any gender against a person of the same or another gender.

Sexual Harassment covered by Policy 2266 – Nondiscrimination on the Basis of Sex in Education Programs or Activities is not included in this policy. Allegations of such conduct shall be addressed solely by Policy 2266.

Prohibited acts that constitute sexual harassment under this policy may take a variety of forms. Examples of the kinds of conduct that may constitute sexual harassment include, but are not limited to:

1. Unwelcome sexual propositions, invitations, solicitations, and flirtations.
2. Physical and/or sexual assault.
3. Threats or insinuations that a person's employment, wages, academic grade, promotion, classroom work or assignments, academic status, participation in athletics or extra-curricular programs or events, or other conditions of employment or education may be adversely affected by not submitting to sexual advances.
4. Unwelcome verbal expressions, including graphic sexual commentaries about a person's body, dress, appearance, or sexual activities; the unwelcome use of sexually degrading language, jokes, or innuendoes; unwelcome suggestive or insulting sounds or whistles; obscene telephone calls.
5. Sexually suggestive objects, pictures, graffiti, videos, posters, audio recordings, or literature, placed in the work or educational environment, that may reasonably embarrass or offend individuals.
6. Unwelcome and inappropriate touching, patting, or pinching; obscene gestures.
7. Asking about, or telling about, sexual fantasies, sexual preferences, or sexual activities.
8. Speculations about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history.
9. Giving unwelcome personal gifts such as lingerie that suggest the desire for a romantic relationship.
10. Leering or staring at someone in a sexual way, such as staring at a person's breasts, buttocks, or groin.
11. A pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another.
12. Remarks speculating about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history.
13. Verbal, nonverbal, or physical aggression, intimidation, or hostility based on sex or sex stereotyping that does not involve conduct of a sexual nature.
14. Inappropriate boundary invasions by a District employee or other adult member of the School District community into a student's personal space and personal life.

Not all behavior with sexual connotations constitutes unlawful sexual harassment. Sex-based or gender-based conduct must be sufficiently severe, pervasive, and persistent such that it adversely affects, limits, or denies an individual's education, or such that it creates a hostile or abusive educational environment, or such that it is intended to, or has the effect of, denying or limiting a student's ability to participate in or benefit from the educational program or activities.

Any teacher, administrator, coach, or other school authority who engages in sexual conduct with a student may also be guilty of a crime. The issue of consent is irrelevant in regard to such criminal charges and/or with respect to the application of this policy to District employees or other adult members of the School District community.

D. Sexual Cyberharassment

Pursuant to Florida law, "sexual cyberharassment" means to publish to an Internet website or disseminate through electronic means to another person a sexually explicit image of a person that contains or conveys the personal identification information of the depicted person without the depicted person's consent, contrary to the depicted person's reasonable expectation that the image would remain private, for no legitimate purpose, with the intent of causing substantial emotional distress to the depicted person. Evidence that the

depicted person sent a sexually explicit image to another person does not, on its own, remove his/her reasonable expectation of privacy for that image. Sexual cyberharassment may be a form of sexual harassment.

E. Race/Color Harassment

Prohibited racial harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's race or color and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's race or color, such as racial slurs, nicknames implying stereotypes, epithets, and/or negative references relative to racial customs.

Such harassment may occur where conduct is based upon a certain perception of the Jewish people, which may be expressed as hatred toward Jewish people, rhetorical and physical manifestations of anti-Semitism directed toward a person, his/her property, or toward Jewish community institutions or religious facilities.

F. Religious (Creed) Harassment

Prohibited religious harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's religion or creed and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's religious tradition, clothing, or surnames, and/or involves religious slurs.

G. National Origin Harassment

Such harassment may occur where conduct is directed at the characteristics of a person's national origin, such as negative comments regarding customs, manner of speaking, language, surnames, or ethnic slurs.

H. Disability Harassment

Prohibited disability harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's disability and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's disability, such as negative comments about speech patterns, movement, physical impairments or defects/appearances, or the like.

I. Pregnancy Harassment

Prohibited pregnancy harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's pregnancy and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's pregnancy and condition of pregnancy.

IV. Reports and Complaints of Harassing Conduct

Board employees are required to promptly report incidents of unlawful harassing conduct to an administrator,

supervisor, or other School District official so that the Board may address the conduct before it becomes severe, pervasive, or persistent. Students and all other members of the School District community, as well as Third Parties, are encouraged to promptly report incidents of unlawful harassing conduct to a teacher, administrator, supervisor, or other School District employee or official so that the Board may address the conduct before it becomes severe, pervasive, or persistent. Any teacher, administrator, supervisor, or other District employee or official who receives such a report shall file it with the District's Anti-Harassment Compliance Officer within two (2) days of receiving the report of harassment.

Members of the School District community, which includes students, or Third Parties who believe they have been unlawfully harassed are entitled to utilize the Board's complaint process that is set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the Complainant's employment or participation in educational or extra-curricular programs unless the complaining individual makes the complaint maliciously or with knowledge that it is false. While there are no time limits for initiating complaints of harassment under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

If, during an investigation of reported act of bullying and/or harassment in accordance with Policy 5517.01 – Bullying and Harassment, the principal or his/her designee believes that the reported misconduct may have created a hostile learning environment and may have constituted unlawful discriminatory harassment based on sex, race, (including anti-Semitism) color, national origin, religion, or disability, the principal or his/her designee will report the act of bullying and/or harassment to one of the Compliance Officers who shall investigate the allegation in accordance with this policy. If the alleged harassment involves Sexual Harassment as defined by Policy 2266, the matter will be handled in accordance with the grievance process and procedures outlined in Policy 2266. While the Compliance Officer investigates the allegation, or while the matter is being addressed pursuant to Policy 2266, the Principal shall suspend the Policy 5517.01 investigation to await the Compliance Officer's written report or the determination or responsibility pursuant to Policy 2266. B. Publication Required

The names, titles, and contact information for these individuals will be published annually in the parent and staff handbooks.

A Compliance Officer will be available during regular school/work hours to discuss concerns related to unlawful harassment, to assist students, other members of the School District community, and third parties who seek support or advice when informing another individual about "unwelcome" conduct, or to intercede informally on behalf of the student.

C. Duties and Responsibilities

Any Board employee who directly observes unlawful harassment of a student is obligated, in accordance with this policy, to report such observations to one of the Compliance Officers within two (2) business days. Thereafter, the Compliance Officer or designee must contact the Complainant, if age eighteen (18) or older, or the Complainant's parents/guardians if under the age of eighteen (18), within two (2) business days to advise them of the Board's intent to investigate the alleged misconduct, including the obligation of the compliance officer or designee to conduct an investigation following all the procedures outlined for a formal complaint.

The Compliance Officers are assigned to accept complaints of unlawful harassment directly from any member of the School District community or a visitor to the District, or to receive complaints that are initially filed with a school building administrator. Upon receipt of a complaint either directly or through a school building administrator, a Compliance Officer will begin either an informal or formal process (depending on the request of the member of the School District community alleging harassment or the nature of the alleged harassment), or the Compliance Officer will designate a specific individual to conduct such a process. In the case of a formal complaint, the Compliance Officer will prepare recommendations for the Superintendent or will oversee the preparation of such recommendations by a designee. All members of the School District community must report incidents of harassment that are reported to them to the Compliance Officer within two (2) days of learning of the incident.

V. **Investigation and Complaint Procedure**

Except for Sexual Harassment that is covered by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Program or Activities, any student who believes that they have been subjected to unlawful harassment may seek resolution of the complaint through the procedures described below. The formal complaint process involves an investigation of the Complainant's claims of harassment or retaliation and a process for rendering a decision regarding whether the charges are substantiated.

Due to the sensitivity surrounding complaints of unlawful harassment, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) days of the complaint being received).

The procedures set forth below are not intended to interfere with the rights of a student to pursue a complaint of unlawful harassment with the United States Department of Education, Office for Civil Rights, the Florida Civil Rights Commission, and/or the Equal Employment Opportunity Commission.

A. Informal Complaint Procedure

The goal of the informal complaint procedure is to promptly stop inappropriate behavior and to facilitate resolution through an informal means, if possible. The informal complaint procedure is provided as a less formal option for a student who alleges unlawful harassment or retaliation. This informal procedure is not required as a precursor to the filing of a formal complaint.

Students, other members of the School District community or Third Parties who believe that they have been unlawfully harassed or retaliated against, may initiate their complaint through this informal complaint process, but are not required to do so. The informal process is only available in those circumstances where

the Complainant and the Respondent mutually agree to participate in it.

The Complainant may proceed immediately to the formal complaint process and individuals who seek resolution through the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

However, all complaints of harassment involving a District employee or any other adult member of the School District community against a student will be formally investigated.

As an initial course of action, if a Complainant feels comfortable and safe in doing so, the individual should tell or otherwise inform the Respondent that the alleged harassing conduct is unwelcome and must stop. The Complainant should address the allegedly harassing conduct as soon after it occurs as possible. The Compliance Officer is available to support and counsel individuals when taking this initial step or to intervene on behalf of the Complainant if requested to do so. A Complainant who is uncomfortable or unwilling to directly approach the Respondent about the allegedly inappropriate conduct may file an informal or a formal complaint. In addition, with regard to certain types of unlawful harassment, such as sexual harassment, the Compliance Officer may advise against the use of the informal complaint process.

A Complainant may make an informal complaint, either orally or in writing: (1) to a teacher, other employee, or building administrator in the school the student attends; (2) to the Superintendent or other District-level employee; and/or (3) directly to one of the Compliance Officers.

All informal complaints must be reported to the Compliance Officers who will either facilitate an informal resolution as described below or appoint another individual to facilitate an informal resolution.

The School District's informal complaint procedure is designed to provide students, other members of the School District community and Third Parties who believe they are being unlawfully harassed by a student with a range of options designed to bring about a resolution of their concerns. Depending upon the nature of the complaint and the wishes of the Complainant, informal resolution may involve, but not be limited to, one or more of the following:

1. Advising the Complainant about how to communicate the unwelcome nature of the behavior to the Respondent.
2. Distributing a copy of this policy as a reminder to the individuals in the school building or office where the Respondent works or attends.
3. If both parties agree, the Compliance Officers may arrange and facilitate a meeting or a mediation between the Complainant and the Respondent to work out a mutual resolution.

While there are no set time limits within which an informal complaint must be resolved, the Compliance Officers or designee is directed to attempt to resolve all informal complaints within fifteen (15) days of receiving the informal complaint. If the Complainant is dissatisfied with the results of the informal complaint process may proceed to file a formal complaint. And, as stated above, parties may request that the informal process be terminated at any time to move to the formal complaint process.

B. Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, if one of the parties has requested that the informal complaint process be terminated to move to the formal complaint process, or the Complainant, from the outset, elects to file a formal complaint, or the CO determines the allegations are not appropriate for resolution through the informal process, the formal complaint process as described below shall be implemented.

This formal complaint process is not intended to interfere with the rights of a student, other member of the School District community, or third party to pursue a complaint of unlawful harassment with the United States Department of Education, Office for Civil Rights, the Florida Civil Rights Commission, or the Equal Employment Opportunity Commission.

The Complainant may file a formal complaint, either orally or in writing with a teacher, principal, or other District official at the student's school, the Compliance Officer, Superintendent, or other District official who works at another school or at the district level. Due to the sensitivity surrounding complaints of unlawful harassment, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) days after the conduct occurs while the facts are known and

potential witnesses are available. If a Complainant informs a teacher, principal, or other District official at the student's school, the Compliance Officer, Superintendent, or other District employee, either orally or in writing, about any complaint of harassment, that employee must report such information to the Compliance Officer or designee within two (2) days.

Throughout the course of the process, as described herein, the Compliance Officer should keep the parties reasonably informed of the status of the investigation and the decision-making process.

All formal complaints must include the following information to the extent known: the identity of the Respondent; a detailed description of the facts upon which the complaint is based (i.e., when, where, and what occurred); and a list of potential witnesses and the resolution sought by the complainant.

If the complainant is unwilling or unable to provide a written statement including the information set forth above, the Compliance Officer shall ask for such details in an oral interview. Thereafter the Compliance Officer will prepare a written summary of the oral interview, and the complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the Compliance Officer will consider whether any action should be taken in the investigatory phase to protect the complainant from further harassment or retaliation including but not limited to a change of class schedule for the Complainant and/or the Respondent, or possibly a change of school for either or both of the parties. In making such a determination, the Compliance Officer should consult the Complainant to assess whether the individual agrees to any action deemed appropriate. If the complainant is unwilling to consent to any change that is deemed appropriate by the Compliance Officer, the Compliance Officer may still take whatever actions deemed appropriate in consultation with the Superintendent and/or Board Attorney.

Within two (2) days of receiving a formal complaint, the Compliance Officer will inform the Respondent that a formal complaint has been received. The Respondent will be informed about the nature of the allegations and a copy of any relevant policies and/or administrative procedures and the Board's anti-harassment policy shall be provided to the respondent at that time. The Respondent must also be informed of the opportunity to submit a written response to the complaint within five (5) days.

Within five (5) business days of receiving the complaint, the Compliance Officer or a designee will initiate a formal investigation to determine whether the complainant has been subject to offensive conduct/harassment. A principal will not conduct an investigation unless directed to do so by the Compliance Officer.

Although certain cases may require additional time, the Compliance Officer or a designee will attempt to complete an investigation into the allegations of harassment within fifteen (15) calendar days of receiving the formal complaint. The investigation will include:

1. interviews with the Complainant;
2. interviews with the Respondent;
3. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;
4. consideration of any documentation or other evidence presented by the complainant, respondent, or any other witness which is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the Compliance Officer or the designee shall prepare and deliver a written report to the Superintendent which summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful harassment as provided in Board policy and State and Federal law as to whether Respondent engaged in unlawful harassment/retaliation of the Complainant. In determining if discriminatory harassment or retaliation occurred, a preponderance of evidence standard will be used. The Compliance Officer's recommendations must be based upon the totality of the circumstances, including the ages and maturity levels of those involved. The Compliance Officer may consult with the Board Attorney before finalizing the report to the Superintendent.

Absent extenuating circumstances, within five (5) business days of receiving the report of the Compliance Officer or the designee, the Superintendent must either issue a final decision regarding whether or not the complaint of harassment has been substantiated or request further investigation. A copy of the Superintendent's final decision will be delivered to both the complainant and the respondent.

If the Superintendent requests additional investigation, the Superintendent must specify the additional information that is to be gathered, and such additional investigation must be completed within five (5) business days. At the conclusion of the additional investigation, the Superintendent must issue a final written decision as described above.

The decision of the Superintendent shall be final.

The parties may be represented, at their own cost, at any of the above-described meetings/hearings.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the Office for Civil Rights, the filing of charges with local law enforcement, or the filing of a civil action in court. Use of this internal complaint process is not a prerequisite to the pursuit of other remedies.

VI. Privacy/Confidentiality

The School District will employ all reasonable efforts to protect the rights of the complainant, the Respondent, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy and related administrative procedures shall be maintained as confidential to the extent permitted by law. Confidentiality cannot be guaranteed, however. Additionally, the Respondent must be provided the Complainant's identity.

During the course of a formal investigation, the Compliance Officer or his/her designee will instruct all members of the School District community and third parties who are interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of a harassment investigation is expected not to disclose any information that is learned or provided during the course of the investigation.

All public records created as a part of an investigation of a complaint of harassment will be maintained by the Compliance Officer in accordance with the Board's records retention policy. Any records which are considered student records in accordance with the Family Educational Rights and Privacy Act will be maintained in a manner consistent with the provisions of the Federal law.

VII. Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful harassment/retaliation by taking appropriate action reasonably calculated to stop the harassment and prevent further such harassment. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the Superintendent shall consider the totality of the circumstances involved in the matter, including the ages and maturity levels of those involved. In those cases where unlawful harassment is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Board becomes aware that a prior remedial action has been taken against a member of the School District community, all subsequent sanctions imposed by the Board and/or Superintendent shall be reasonably calculated to end such conduct, prevent its reoccurrence, and remedy its effects.

VIII. Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful harassment/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a report, formal complaint, testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person for making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

IX. Allegations Constituting Criminal Conduct: Child Abuse/Sexual Misconduct

State law requires any teacher or school employee who knows or suspects that a child with a disability under the age of twenty-one (21) or that a child under the age of eighteen (18) is a victim of child abuse or neglect to immediately report that knowledge or suspicion to the Department of Children and Family Services. If, during the course of a harassment investigation, the Compliance Officer or a designee has reason to believe or suspect that the alleged conduct reasonably indicates abuse or neglect of the complainant, a report of such knowledge must be made in accordance with State law and Board policy.

If the Compliance Officer or a designee has reason to believe that the complainant has been the victim of criminal conduct as defined under Florida law, such knowledge should be reported to local law enforcement.

Any reports made to the local child protection service or to local law enforcement shall not terminate the Compliance Officer's or a designee's obligation and responsibility to continue to investigate a complaint of harassment. While the Compliance Officers or a designee may work cooperatively with outside agencies to conduct concurrent investigations, in no event shall the harassment investigation be inhibited by the involvement of outside agencies without good cause after consultation with the Superintendent.

X. Mandatory Reporting of Misconduct by Certificated Employees

The Superintendent is required by State law and Board Policy 8141 to report alleged misconduct by certificated employees of the District that affects the health, safety, or welfare of a student. In accordance with Board policy and State law, the Superintendent shall investigate each allegation of such conduct and, if confirmed, shall report such misconduct pursuant to Policy 8141.

XI. Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The Superintendent or designee shall provide appropriate information to all members of the School District community related to the implementation of this policy shall provide training for District students and staff where appropriate. All training, as well as all information provided regarding this policy and harassment in general, will be age and content-appropriate.

XII. Retention of Investigatory Records and Materials

The Compliance Officer(s) is responsible for overseeing retention of all records that must be maintained pursuant to this policy. All individuals charged with conducting investigations under this policy shall retain all information, documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315) created and received as part of an investigation, including, but not limited to:

- A. all written reports/allegations/complaints/statements;
- B. narratives of all verbal reports/allegations/complaints/statements;
- C. a narrative of all actions taken by District personnel; or individuals contracted or appointed by the Board to fulfill its responsibilities;
- D. any written documentation of actions taken by District personnel;
- E. contemporaneous notes in whatever form made (e.g., handwritten, keyed into a computer or tablet, etc.) pertaining to the investigation;
- F. written disciplinary sanctions issued to students or employees and a narrative of verbal disciplinary sanctions issued to students or employees for violations of the policies and procedures prohibiting discrimination or harassment;
- G. dated written determinations to the parties;

- H. dated written descriptions of verbal notifications to the parties;
- I. written documentation of any supportive measures offered and/or provided to the Complainant and/or the Respondent, including no contact orders issued to both parties, the dates issued, and the dates the parties acknowledged receipt; and
- J. documentation of all actions taken, both individual and systemic, to stop the discrimination or harassment, prevent its recurrence, eliminate any hostile environment, and remedy its discriminatory effects;
- K. documentation of any supportive measures offered and/or provided to the Complainant and/or the Respondent, including no contact orders issued to both parties, the dates the no contact orders were issued, and the dates the parties acknowledged receipt of the no contact orders;
- L. copies of the Board policy and/or procedures/guidelines used by the District to conduct the investigation, and any documents used by the District at the time of the alleged violation to communicate the Board's expectations to students and staff with respect to the subject of this policy (e.g., Student Code of Conduct and/or Employee Handbooks);
- M. copies of any documentation that memorializes any formal or informal resolutions to the alleged discrimination or harassment; and
- N. documentation of any training provided to District personnel related to this policy, including but not limited to, notification of the prohibitions and expectations of staff set forth in this policy and the role and responsibility of all District personnel involved in enforcing this policy, including their duty to report alleged violations of this policy and/or conducting an investigation of an alleged violation of this policy.

The information, documents, ESI, and electronic media (as defined in Policy 8315) retained may include public records and records exempt from disclosure under Federal and/or State law (e.g., student records).

The information, documents, ESI, and electronic media (as defined in Policy 8315) created or received as part of an investigation shall be retained in accordance with Policy 8310, Policy 8315, Policy 8320, and Policy 8330 for not less than three (3) years, but longer if required by the District's records retention schedule.

5780 - **STUDENT/PARENT RIGHTS**

The School Board recognizes that students possess not only the right to an education but the rights of citizenship as well. Federal and State law prohibits the Board from adopting any policy or rule, or from entering into any agreement, that infringes upon or waives the rights of freedoms afforded to students by the United States Constitution.

In providing students the opportunity for an education to which they are entitled, the District shall attempt to offer nurture, counsel, and custodial care appropriate to their age and maturity. The District shall, at the same time, guarantee that no student is deprived of the basic right to equal treatment and equal access to the educational program, due process, a presumption of innocence, free expression and association, and the privacy of his/her own thoughts.

Attendant to the rights guaranteed to each student, however, are certain responsibilities, which include respect for the rights of others, obedience to properly constituted school authority, and compliance with the procedures and rules of the District.

The Board realizes that as students differ in age and maturity, so they differ in ability to handle both the rights of citizens and the concomitant responsibilities. The exercise of each right shall be granted, therefore, with due regard for the degree of responsibility possessed by the student and the student's need for the continuing guidance and control of those responsible for his/her education.

Since a student who has reached the age of majority possesses the full rights of an adult, they may authorize those school matters previously handled by their parents, but the student also assumes the responsibility for their performance in school, attendance, and compliance with school rules.

All K-12 students in Florida are entitled to a uniform, safe, secure, efficient, and high-quality system of education, one that allows students the opportunity to obtain a high-quality education. Parents are responsible to ready their children for school; however, neither the State of Florida nor the District can be a guarantor of any individual student's success.

Parental Access at School

Each parent has the right to pick-up, visit, and meet with their student at school, without the interference of or the need for consent from the other parent, unless the school has received a certified copy of an enforceable court order that provides to the contrary. The Principal may restrict the times, location, frequency, and length of parent visitations at school, based on legitimate pedagogical or scheduling reasons. The District will abide by enforceable 'no contact orders' which have been provided to the school.

Educational Decisions

Both natural parents have an equal right to make decisions about the education and welfare of their student, unless an enforceable court order provides otherwise. Schools will attempt to follow the language of an enforceable court order that specifies that one of the parents or someone else, has the sole or ultimate right to make educational and/or general welfare decisions for the student. If parent directives conflict with each other regarding an educational decision about the student not addressed by court order, the school will defer to the enrolling parent's authority, unless emergent circumstances affecting the health, safety, or welfare of the student require the school to act based on what it considers to be in the best interests of the child.

Parental Notice

Parents normally receive notice by U.S. Mail of the school's suspension of their student or intended placement of their student in a dropout prevention/academic intervention program. A parent may agree to receive such notices by an alternative method other than U.S. Mail. Such agreement may be made before the need for notice arises or at the time the notice becomes required.

Attendance

A. Termination of Enrollment

A student who attains the age of sixteen (16) years during the school year has the right to file a formal declaration of intent to terminate school enrollment if the declaration is signed by the parent. The parent has the right to be notified by the District of its receipt of the student's declaration of intent to terminate school enrollment. (see also Policy 5130 - *Withdrawal from School*)

B. Married or Pregnant

Students who become or have become married or who are pregnant and parenting have the right to attend school and receive the same or equivalent educational instruction as other students. (see also Policy 5751 - *Parental Married Status of Students*)

C. Compulsory Attendance

Parents of students who have attained the age of six (6) years by February 1st of any school year but who have not attained the age of sixteen (16) years must comply with the compulsory school attendance laws. Parents have the option to comply with the school attendance laws by the attendance of the student in a public school; a parochial, religious, or denominational school; a private school; a home education program; or a private tutoring program. (see also Policy 5112 - *Entrance Requirements* and Policy 5200 - *Attendance*)

D. Absence for Religious Purposes

A parent of a student may request and be granted permission for the absence of the student from school for religious instruction or religious holidays. (see also Policy 5223 - *Absences for Religious Instruction* and Policy 5225 - *Absences for Religious Holidays*)

E. Dropout Prevention and Academic Intervention Programs

The parent of a student has the right to receive written notice by certified mail or other method agreed to by the parent before a student initially receives services under a dropout prevention and academic intervention program. The parent will be notified in writing and entitled to an administrative review of any action by school personnel relating to the student's placement. Thereafter, the parent must be notified annually. The notification must be in the parent's primary language or other mode of communication commonly used by the parent unless clearly not feasible pursuant to F.A.C. 6A-6.0908.

F. Absence for Treatment of Autism Spectrum Disorder

A parent of a student may request and be granted permission for absence of the student from school for an appointment scheduled to receive a therapy service provided by a licensed health care practitioner or behavior analyst certified pursuant to Florida law for the treatment of autism spectrum disorder including, but not limited to, applied behavioral analysis, speech therapy, and occupational therapy.

Health Issues

A. Notice of Health Care Services

At the beginning of the school year, the District will provide notice to parents of all health care services offered at their student's school and of the option to withhold consent to or decline any specific service. Before administering a student well-being questionnaire or health screening form to a student in kindergarten through grade 3, the District will provide the questionnaire or form to the parent and obtain the permission of the parent.

B. School-Entry Health Examinations

The parent of any student shall be exempt from the requirement of a health examination upon written request stating objections on religious grounds. (see also Policy 5112 - *Entrance Requirements*)

C. Immunizations

The parent of any student shall be exempt from the school immunization requirements upon meeting any of the specified exemptions. (see also Policy 5320 - *Immunizations and Health Examination* and Policy 5112 - *Entrance Requirements*)

D. Biological Experiments

Parents may request that their child be excused from performing dissection in biological science classes. Alternate assignments will be given to students who do not participate in the dissection activities.

E. Reproductive Health and Disease Education

A public school student whose parent makes written request to the school Principal shall be exempted from the teaching of reproductive health or any disease, including HIV/AIDS. (see also Policy 2417 - *Comprehensive Health Education*)

F. Contraceptive Services to Students

Students may not be referred to or offered contraceptive services at school facilities without the parent's consent.

G. Career Education Courses Involving Hazardous Substances

High school students must be given plano safety glasses or devices in career education courses involving the use of hazardous substances likely to cause eye injury.

H. Substance Abuse Reports

The parent of a student must be timely notified of any verified report of a substance abuse violation by the student.

I. Short-Acting Bronchodilator Use

Note****This language is NEOLA Template Language. Do you want to change to this language

Asthmatic students whose parent and physician provide their approval to the Principal may carry a metered dose inhaler short-acting bronchodilator and components on their person while in school. The Principal shall be provided a copy of the parent's and physician's approval. (see also Policy 5330.01 - *Self-Administered Medication and Epinephrine Use*; Policy 5330.04 - *Administration of Short-Acting Bronchodilators and Components by Trained School Personnel*)

Asthmatic students may carry a short-acting bronchodilator and components inhaler on their person while in school, participating in school-sponsored activities, or in transit to or from school or school-sponsored activities if the school has been provided with written parental and physician authorization. The parent or guardian must provide the District with a written authority and contract to carry that are both signed and dated by the student (if applicable), parent or guardian, and the physician. The written approval by the physician must include; (see Policy 5330.04 - *Administration of Short-Acting Bronchodilators and Components by Trained School Personnel*)

1. name of the medication in the metered dose inhaler;
2. the prescribed dosage;
3. the times or the special circumstances under which the medication is to be administered; and
4. any other special related information regarding the administration of the metered dose inhaler.

(see also Policy 5330.01 - *Self-Administered Medication and Epinephrine Use*)

J. Epinephrine Use and Supply

A student who has experienced or is at risk for life-threatening allergic reactions may carry an epinephrine auto-injector and self-administer epinephrine by auto-injector while in school, participating in school-sponsored activities, or in transit to or from school or school-sponsored activities if the school has been provided with written parental and physician authorization. The parent or guardian must provide the District with a written authorization and contract to carry that are both signed and dated by the student (if applicable), parent or guardian, and the physician. The written approval by the physician must include:

1. the times or the special circumstances under which the medication is to be administered; and
2. any other special related information regarding the administration of the epinephrine auto-injected.

The School District shall be indemnified by the parent of a student who is authorized to carry an epinephrine auto-injector for any and all liability with respect to the student's use of an epinephrine auto-injector pursuant to this policy.

The District and its employees and agents, including the physician who provides the standing protocol for school epinephrine auto-injectors, are not liable for any injury arising from the use of an epinephrine auto-injector administered by trained school personnel who follow the adopted protocol and whose professional opinion is that the student is having an anaphylactic reaction:

1. unless the trained school personnel's action is willful and wanton;
2. notwithstanding that the parents or guardians of the student to whom the epinephrine is administered have not been provided notice or have not signed a statement acknowledging that the School District is not liable; and
3. regardless of whether authorization has been given by the student's parents or guardians or by the student's physician, physician's assistant, or advanced registered nurse practitioner.

(see also Policy 5330.01 - *Self-Administered Medication and Epinephrine Use*)

K. Diabetes Management

The District may not assign a student who has diabetes to a particular school on the basis that the student has diabetes, that the school does not have a full-time school nurse, or that the school does not have trained diabetes personnel.

Diabetic students whose parent and physician provide their written authorization to the school Principal may carry diabetic supplies and equipment on their person and attend to the management and care of their diabetes while in school, participating in school-sponsored activities, or in transit to or from school or school-sponsored activities, to the extent authorized by the parent and physician and within the parameters set forth by State Board of Education rule. At a minimum, the Principal must take the following actions:

The Principal or the principal's designee may delay the required notification for no more than twenty-four (24) hours after a student is removed if:

6144 - **INVESTMENTS**

PURPOSE

The purpose of this investment policy (hereinafter "policy") is to set forth the investment objectives and parameters for the management of public funds of the School Board. This policy is designed to ensure the prudent management of public funds, the availability of operating and capital funds when needed, and an investment return competitive with comparable funds and financial market indices.

SCOPE

In accordance with F.S. 218.415, this policy applies to all financial assets (the "portfolio") of the Board with the exception of funds related to the issuance of debt where there are other existing policies or indentures in effect for such funds. Funds held by State agencies (e.g., Department of Education) are not subject to the provisions of this policy.

DEFINITIONS

For purposes of this policy, the following definitions shall apply:

- A. "Available monies" means all monies available for investment exclusive of debt proceeds.
- B. "CFO" means the Chief Financial Officer (the "CFO") (or successor in the event of a reorganization) of the School District, or other District authorized representative of a different title acting in an equivalent professional capacity.
- C. "Core funds" means reserves, cash designated for projects and other operating and non-operating purposes which are not debt proceeds and are not expected to be expended within the immediately succeeding twelve (12) months.
- D. "Debt proceeds" means monies that are the proceeds of an issuance of a debt or lease financing.
- E. "Fund" means a pooled investment operated by a professional investment company.

- F. "Money fund index" means weighted average return on nation's largest money funds as reported by iMoneyNet, Crane Data, Standard & Poor's, or other nationally recognized money fund ranking service.
- G. "Monies" means cash and deposits available to the Board.
- H. "Pecuniary factor" means a factor that the Board prudently determines is expected to have a material effect on the risk or returns of an investment based on appropriate investment horizons consistent with applicable investment objectives and funding policy. The term does not include the consideration of the furtherance of any social, political, or ideological interests.
- I. "Portfolio" means investments held by the Board.
- J. "Qualified public depository" means a bank, credit union, savings bank, or savings association meeting the criteria outline in F.S. Chapter 280.
- K. "Rating agency" means S&P, Moody's or Fitch.
- L. "Self-insurance funds" means monies set aside to pay for specific needs in the future based on actuarial assumptions.
- M. "Short-term funds" means operating funds or other monies designated to be spent within twelve (12) months.
- N. "Superintendent" means the District Superintendent.
- O. "Superintendent's designee" means the CFO.

INVESTMENT OBJECTIVES

A. Safety of Principal

The foremost objective of this investment program is the safety of the principal of those funds within the portfolios. Investment transactions shall seek to be consistent with the other investment objectives which are to keep capital losses at a minimum whether they are from securities defaults or erosion of market value.

B. Maintenance of Liquidity

The portfolios shall be managed in such a manner that funds are available to meet reasonably anticipated cash flow requirements in an orderly manner. Periodic cash flow analyses will be completed in order to ensure that the portfolios are positioned to provide sufficient liquidity.

RETURN OF INVESTMENT

~~RETURN OF INVESTMENT~~

Investment portfolios shall be designed with the objective of attaining a market rate of return throughout budgetary and economic cycles, taking into account the investment risk constraints and liquidity needs. Return on investment is of least importance compared to the safety and liquidity objectives described above. The core of investments is limited to relatively low-risk securities in anticipation of earning a fair return relative to the risk being assumed. When deciding whether and when to invest, the Board, the Superintendent, and the Superintendent's designee must make decisions based solely on pecuniary factors and may not subordinate such factors to other objectives, including sacrificing investment return or undertaking additional investment risk to promote any nonpecuniary factor. The weight given to any pecuniary factor must appropriately reflect a prudent assessment of its impact on risk or returns in accordance with F.S. 218.415(24).

DELEGATION OF STAFF AUTHORITY

The responsibility for providing oversight and direction in regard to the management of the investment program resides with the **Finance Department** ~~Director of Finance and Purchasing~~. The daily management responsibility for all Board funds in the investment program and investment transactions is delegated to the **Finance Department** ~~accountant or finance staff designated by the Director of Finance and Purchasing~~. The **Finance Department** ~~Director of Finance and Purchasing~~ shall establish written procedures for the operation of the investment portfolio and a system of internal accounting and administrative controls to regulate the activities of employees. The Board may employ an investment advisor to assist in managing some of the Board's portfolios. Such investment advisor must be registered under the Investment Advisers Act of 1940.

The authorized staff includes the **Chief Financial Officer** ~~Director of Finance and Purchasing~~, the ~~Director of Budget~~, and the ~~accountant or finance staff designated by the~~ **Chief Financial Officer** ~~Director of Finance and Purchasing~~.

STANDARDS OF PRUDENCE

The standard of prudence to be used by authorized staff shall be the "Prudent Person" standard and shall be applied in the context of managing an overall portfolio. Authorized staff acting in accordance with written procedures and this investment policy and exercising due diligence shall be relieved of personal responsibility for an individual security's credit risk or market price changes, provided deviations from expectation are reported in a timely fashion to the Board and the liquidity and the sale of securities are carried out in accordance with the terms of this policy. The "Prudent Person" rule states the following:

"Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived from the investment."

While the standard of prudence to be used by authorized staff who are officers or employees is the "Prudent Person" standard, any person or firm hired or retained to invest, monitor, or advise concerning these assets shall be held to the higher standard of "Prudent Expert". The standard shall be that in investing and reinvesting moneys and in acquiring, retaining, managing, and disposing of investments of these funds, the investment advisor shall exercise: the judgment, care, skill, prudence, and diligence under the circumstances then prevailing, which persons of prudence, discretion, and intelligence, acting in a like capacity and familiar with such matters would use in the conduct of an enterprise of like character and with like aims by diversifying the investments of the funds, so as to minimize the risk, considering the probable income as well as the probable safety of their capital.

ETHICS AND CONFLICTS OF INTEREST

Employees involved in the investment process shall refrain from personal business activity that could conflict with proper execution of the investment program, or which could impair their ability to make impartial investment decisions. Also, employees involved in the investment process shall disclose to the Board any material financial interests in financial institutions that conduct business with the Board, and they shall further disclose any material personal financial/investment positions that could be related to the performance of the Board's portfolio.

INTERNAL CONTROLS AND INVESTMENT PROCEDURES

The **Finance Department** ~~Director of Finance and Purchasing~~ shall establish a system of internal controls and operational procedures that are in writing and made a part of the Board's financial procedures. The internal controls should be designed to prevent losses of funds, which might arise from fraud, employee error, and misrepresentation, by third parties, or imprudent actions by employees. The written procedures should include reference to safekeeping, repurchase agreements, separation of transaction authority from accounting and recordkeeping, wire transfer agreements, banking service contracts, collateral/depository agreements, and "delivery vs. payment" procedures. No person may engage in an investment transaction except as authorized under the terms of this policy. These procedures are intended to reduce the relatively low risk that material losses may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Independent auditors as a normal part of the annual financial audit to the Board shall conduct a review of the system of internal controls to ensure compliance with policies and procedures.

CONTINUING EDUCATION

The **Chief Financial Officer** ~~Director of Finance and Purchasing~~, the ~~Director of Budget~~, or **Finance Department** ~~accountant~~ shall annually complete eight (8) hours of continuing education in subjects or courses of study related to investment practices and products.

AUTHORIZED INVESTMENT INSTITUTIONS AND DEALERS

The Board shall only purchase securities from financial institutions, which are qualified as public depositories by the Treasurer or the **Finance Department** Director of Finance and Purchasing of the State of Florida, "Primary Dealers" as designated by the Federal Reserve Bank of New York, or from direct issuers of commercial paper and bankers' acceptances.

The Board's investment advisor(s) shall utilize and maintain its own list of approved primary and non-primary dealers.

The Board shall only enter into repurchase agreements with "Primary Dealers" as designated by the Federal Reserve Bank of New York and financial institutions that are State qualified public depositories.

All brokers, dealers, and other financial institutions deemed to be qualified institutions shall be provided with current copies of the Board's investment policy. A current audited financial statement is required to be on file for each financial institution and broker/dealer with which the Board transacts business.

MATURITY AND LIQUIDITY REQUIREMENTS

Operating Funds

To the extent possible, an attempt will be made to match investment maturities with known cash needs and anticipated cash flow requirements. Investments of current operating funds shall have maturities of no longer than twenty-four (24) months.

Core Funds

Investments of reserves and other non-current operating funds ("core funds") shall have a term appropriate to the need for funds but in no event shall exceed five and one-half (5 1/2) years.

RISK AND DIVERSIFICATION

Assets held shall be diversified to control risks resulting from over concentration of assets in a specific maturity, issuer, instruments, dealer, or bank through which these instruments are bought and sold. The Superintendent shall determine diversification strategies within the established guidelines.

MASTER REPURCHASE AGREEMENT

The Board will require all approved institutions and dealers transacting repurchase agreements to execute and perform as stated in the master repurchase agreement. All repurchase agreement transactions will adhere to requirements of the master repurchase agreement.

DERIVATIVES AND REVERSE REPURCHASE AGREEMENTS

Investment in any derivative products or the use of reverse repurchase agreements is specifically prohibited by this investment policy. A "derivative" is defined as a financial instrument the value of which depends on or is derived from the value of one (1) or more underlying assets or indices or asset values.

COMPETITIVE SELECTION OF INVESTMENT INSTRUMENTS

After the approximate maturity date based on cash flow needs and market conditions has been determined and the Director of Finance and Purchasing with the investment advisor have analyzed and selected one (1) or more optimal types of investments, then a minimum of three (3) reputable, qualified, and financially sound banks and/or dealers must be contacted and asked to provide bids on securities in questions. Bids will be held in confidence until the highest bid is determined and awarded.

However, on an exception basis, securities may be purchased utilizing the comparison to current market price method. Acceptable current market price providers include, but are not limited to:

- A. Telerate Information System
- B. Bloomberg Information Systems
- C. Wall Street Journal or a comparable nationally recognized financial publication providing daily market pricing

D. Daily market pricing provided by the Board's custody agents or their correspondent institutions

Selection by comparison to a current market price, as indicated above, shall only be utilized when, in judgment of the investment advisor Director of Finance and Purchasing, competitive bidding would inhibit the selection process.

Examples of when this method may be used include:

- A. When time constraints due to unusual circumstances preclude the use of the competitive bidding process.
- B. When no active market exists for the issue being traded due to the age or depth of the issue.
- C. When a security is unique to a single dealer, for example, a private placement.
- D. When the transaction involves new issues or issues in the "when issued" market.

Overnight sweep repurchase agreements will not be bid, but may be placed with the Board's depository bank relating to the demand account for which the repurchase agreement was purchased.

AUTHORIZED INVESTMENTS AND PORTFOLIO COMPOSITION

Investments should be made subject to the cash flow needs and such cash flows are subject to revisions as market conditions and the Board's needs change. However, when the invested funds are needed in whole or in part for the purpose originally intended or for more optimal investments, authorized staff may sell the investment at the then-prevailing market price and place the proceeds into the proper account at the Board's custodian.

The following are the guidelines for investments and limits on security types, issuers, and maturities as established by the Board. The Director of Finance and Purchasing shall have the option to further restrict investment percentages from time to time based on market conditions. The percentage allocations requirements for investment types and issuers are calculated based on the original cost of each investment at the time of purchase. Investments not listed in this policy are prohibited.

- A. The operating funds investment portfolio shall be designed with the annual objective of exceeding the S&P Rated GIP Index Government 30-Day Gross of Fees Yield.
- B. Core funds and other non-operating funds that have a longer-term investment horizon will be compared to Bank of America Merrill Lynch 1-3 Year U.S. Treasury Note Index and the portfolio's total rate of return will be compared to this benchmark. The appropriate index will have a duration and asset mix that approximates the portfolios and will be utilized as a benchmark to be compared to the portfolio's total rate of return.

REPORTING

The **Chief Financial Officer** Director of Finance and Purchasing and/or the investment advisor shall provide the Board with quarterly investment reports. Schedules in the quarterly report should include the following:

- A. a listing of individual securities held at the end of the reporting period
- B. percentage of available funds represented by each investment type
- C. coupon, discount, or rate of return

D. average life or duration and final maturity of all investments

E. par value and market value

On an annual basis, the **Finance Department** ~~Director of Finance and Purchasing~~ shall prepare and submit to the Board a written report on all invested funds. The annual report shall provide all, but not limited to, the following: a complete list of all invested funds, name, or type of security in which the funds are invested, the amount invested, the maturity date, earned income, the book value, the market value, and the yield on each investment.

Glossary of Cash and Investment Management Terms

The following is a glossary of key investing terms, many of which appear in the Board's investment policy. This glossary clarifies the meaning of investment terms generally used in cash and investment management. This glossary has been adapted from the GFOA Sample Investment Policy and the Association of Public Treasurers of the United States and Canada's Model Investment Policy.

Accrued Interest. Interest earned but which has not yet been paid or received.

Agency. See "Federal Agency Securities".

Ask Price. Price at which a broker/dealer offers to sell a security to an investor. Also known as "offered price".

Asset Backed Securities (ABS). A fixed-income security backed by notes or receivables against assets other than real estate. Generally issued by special purpose companies that "own" the assets and issue the ABS. Examples include securities backed by auto loans, credit card receivables, home equity loans, manufactured housing loans, farm equipment loans, and aircraft leases.

Average Life. The average length of time that an issue of serial bonds and/or term bonds with a mandatory sinking fund feature is expected to be outstanding.

Bankers' Acceptance (BA's). A draft or bill of exchange drawn upon and accepted by a bank. Frequently used to finance shipping of international goods. Used as a short-term credit instrument, bankers' acceptances are traded at a discount from face value as a money market instrument in the secondary market on the basis of the credit quality of the guaranteeing bank.

Basis Point. One hundredth of one percent, or 0.01%. Thus one percent (1%) equals 100 basis points.

Bearer Security. A security whose ownership is determined by the holder of the physical security. Typically, there is no registration on the issuer's books. Title to bearer securities is transferred by delivery of the physical security or certificate. Also known as "physical securities".

Benchmark Bills: In November 1999, FNMA introduced its benchmark bills program, a short-term debt securities issuance program to supplement its existing discount note program. The program includes a schedule of larger, weekly issues in three (3) and six (6) month maturities and biweekly issues in one (1) year for benchmark bills. Each issue is brought to market via a Dutch (single price) auction. FNMA conducts a weekly auction for each benchmark bill maturity and accepts both competitive and non-competitive bids through a web based auction system. This program is in addition to the variety of other discount note maturities, with rates posted on a daily basis, which FNMA offers. FNMA's benchmark bills are unsecured general obligations that are issued in book-entry form through the Federal reserve banks. There are no periodic payments of interest on benchmark bills, which are sold at a discount from the principal amount and payable at par at maturity. Issues under the benchmark program constitute the same credit standing as other FNMA discount notes; they simply add organization and liquidity to the short-term agency discount note market.

Benchmark Notes/Bonds: Benchmark notes and bonds are a series of FNMA "bullet" maturities (non-callable) issued according to a pre-announced calendar. Under its benchmark notes/bonds program, two (2), three (3), five (5), ten (10), and thirty (30) year maturities are issued each quarter. Each benchmark notes new issue has a minimum size of \$4 billion, thirty (30) year new issues having a minimum size of \$1 billion, with re-openings based on investor demand to further enhance liquidity. The amount of non-callable issuance has allowed FNMA to build a yield curve in benchmark notes and bonds in maturities ranging from two (2) to thirty (30) years. The liquidity emanating from these large size issues has facilitated favorable financing opportunities through the development of a liquid overnight and term repo market. Issues under the benchmark program constitute the same credit standing as other FNMA issues; they simply add organization and liquidity to the intermediate- and long-term agency market.

Benchmark. A market index used as a comparative basis for measuring the performance of an investment portfolio. A performance benchmark should represent a close correlation to investment guidelines, risk tolerance, and duration of the actual portfolio's investments.

Bid Price. Price at which a broker/dealer offers to purchase a security from an investor.

Bond. Financial obligation for which the issuer promises to pay the bondholder (the purchaser or owner of the bond) a specified stream of future cash-flows, including periodic interest payments and a principal repayment.

Book Entry Securities. Securities that are recorded in a customer's account electronically through one of the financial markets electronic delivery and custody systems, such as the Fed Securities wire, DTC, and PTC (as opposed to bearer or physical securities). The trend is toward a certificate-free society in order to cut down on paperwork and to diminish investors' concerns about the certificates themselves. The vast majority of securities are now book entry securities.

Book Value. The value at which a debt security is reflected on the holder's records at any point in time. Book value is also called "amortized cost" as it represents the original cost of an investment adjusted for amortization of premium or accretion of discount. Also called "carrying value". Book value can vary over time as an investment approaches maturity and differs from "market value" in that it is not affected by changes in market interest rates.

Broker/Dealer. A person or firm transacting securities business with customers. A "broker" acts as an agent between buyers and sellers, and receives a commission for these services. A "dealer" buys and sells financial assets from its own portfolio. A dealer takes risk by owning inventory of securities, whereas a broker merely matches up buyers and sellers. See also "Primary Dealer".

Bullet Notes/Bonds. Notes or bonds that have a single maturity date and are non-callable.

Call Date. Date at which a call option may be or is exercised.

Call Option. The right, but not the obligation, of an issuer of a security to redeem a security at a specified value and at a specified date or dates prior to its stated maturity date. Most fixed-income calls are at par, but can be at any previously established price. Securities issued with a call provision typically carry a higher yield than similar securities issued without a

call feature. There are three (3) primary types of call options (1) European - one-time calls, (2) Bermudan - periodically on a predetermined schedule (quarterly, semi-annual, annual), and (3) American - continuously callable at any time on or after the call date. There is usually a notice period of at least five (5) business days prior to a call date.

Callable Bonds/Notes. Securities which contain an imbedded call option giving the issuer the right to redeem the securities prior to maturity at a predetermined price and time.

Certificate of Deposit (CD). Bank obligation issued by a financial institution generally offering a fixed rate of return (coupon) for a specified period of time (maturity). Can be as long as ten (10) years to maturity, but most CDs purchased by public agencies are one (1) year and under.

Collateral. Investment securities or other property that a borrower pledges to secure repayment of a loan, secure deposits of public monies, or provide security for a repurchase agreement.

Collateralization. Process by which a borrower pledges securities, property, or other deposits for securing the repayment of a loan and/or security.

Collateralized Mortgage Obligation (CMO). A security that pools together mortgages and separates them into short, medium, and long-term positions (called tranches). Tranches are set up to pay different rates of interest depending upon their maturity. Interest payments are usually paid monthly. In "plain vanilla" CMOs, principal is not paid on a tranche until all shorter tranches have been paid off. This system provides interest and principal in a more predictable manner. A single pool of mortgages can be carved up into numerous tranches each with its own payment and risk characteristics.

Commercial Paper. Short term unsecured promissory note issued by a company or financial institution. Issued at a discount and matures for par or face value. Usually a maximum maturity of 270 days and given a short-term debt rating by one (1) or more NRSROs.

Convexity. A measure of a bond's price sensitivity to changing interest rates. A high convexity indicates greater sensitivity of a bond's price to interest rate changes.

Corporate Note. A debt instrument issued by a corporation with a maturity of greater than one (1) year and less than ten (10) years.

Counterparty. The other party in a two party financial transaction. "Counterparty risk" refers to the risk that the other party to a transaction will fail in its related obligations. For example, the bank or broker/dealer in a repurchase agreement.

Coupon Rate. Annual rate of interest on a debt security, expressed as a percentage of the bond's face value.

Current Yield. Annual rate of return on a bond based on its price. Calculated as (coupon rate/price), but does not accurately reflect a bond's true yield level.

Custody. Safekeeping services offered by a bank, financial institution, or trust company, referred to as the "custodian". Service normally includes the holding and reporting of the customer's securities, the collection and disbursement of income, securities settlement, and market values.

Dealer. A dealer, as opposed to a broker, acts as a principal in all transactions, buying and selling for his/her own account.

Delivery Versus Payment (DVP). Settlement procedure in which securities are delivered versus payment of cash, but only after cash has been received. Most security transactions, including those through the Fed Securities Wire system and DTC, are done DVP as a protection for both the buyer and seller of securities.

Depository Trust Company (DTC). A firm through which members can use a computer to arrange for securities to be delivered to other members without physical delivery of certificates. A member of the Federal reserve system and owned mostly by the New York Stock Exchange, the depository trust company uses computerized debit and credit entries. Most corporate securities, commercial paper, CDs, and BAs clear through DTC.

Derivatives. (1) Financial instruments whose return profile is linked to, or derived from, the movement of one or more underlying index or security, and may include a leveraging factor, or (2) financial contracts based upon notional amounts whose value is derived from an underlying index or security (interest rates, foreign exchange rates, equities, or commodities). For hedging purposes, common derivatives are options, futures, interest rate swaps, and swaptions. All collateralized mortgage obligations (CMOs) are derivatives.

Derivative Security. Financial instrument created from, or whose value depends upon, one or more underlying assets or indexes of asset values.

Designated Bond. FFCB's regularly issued, liquid, non-callable securities that generally have a two (2) or three (3) year original maturity. New issues of designated bonds are \$1 billion or larger. Re-openings of existing designated bond issues are generally a minimum of \$100 million. Designated bonds are offered through a syndicate of two (2) to six (6) dealers. Twice each month the funding corporation announces its intention to issue a new designated bond, reopen an existing issue, or to not issue or reopen a designated bond. Issues under the designated bond program constitute the same credit standing as other FFCB issues; they simply add organization and liquidity to the intermediate- and long-term agency market.

Discount Notes. Unsecured general obligations issued by Federal agencies at a discount. Discount notes mature at par and can range in maturity from overnight to one (1) year. Very large primary (new issue) and secondary markets exist.

Discount Rate. Rate charged by the system of Federal reserve banks on overnight loans to member banks. Changes to this rate are administered by the Federal reserve and closely mirror changes to the "fed funds rate".

Discount Securities. Non-interest bearing money market instruments that are issued at discount and redeemed at maturity for full face value. Examples include: U.S. Treasury bills, Federal agency discount notes, bankers' acceptances, and commercial paper.

Discount. The amount by which a bond or other financial instrument sells below its face value. See also "Premium".

Diversification. Dividing investment funds among a variety of security types, maturities, industries, and issuers offering potentially independent returns.

Dollar Price. A bond's cost expressed as a percentage of its face value. For example, a bond quoted at a dollar price of ninety-five and one-half (95 1/2), would have a principal cost of \$955 per \$1,000 of face value.

Duff & Phelps. One of several NRSROs that provide credit ratings on corporate and bank debt issues.

Duration. The weighted average maturity of a security's or portfolio's cash-flows, where the present values of the cash-flows serve as the weights. The greater the duration of a security/portfolio, the greater its percentage price volatility with respect to changes in interest rates. Used as a measure of risk and a key tool for managing a portfolio versus a benchmark and for hedging risk. There are also different kinds of duration used for different purposes (e.g. MacAuley Duration, Modified Duration).

Fannie Mae. See "Federal National Mortgage Association".

Fed Money Wire. A computerized communications system that connects the Federal reserve system with its member banks, certain U. S. Treasury offices, and the Washington D.C. office of the Commodity Credit Corporation. The fed money wire is the book entry system used to transfer cash balances between banks for themselves and for customer accounts.

Fed Securities Wire. A computerized communications system that facilitates book entry transfer of securities between banks, brokers and customer accounts, used primarily for settlement of U.S. Treasury and Federal agency securities.

Fed. See "Federal Reserve System".

Federal Agency Security. A debt instrument issued by one of the Federal agencies. Federal agencies are considered second in credit quality and liquidity only to U.S. Treasuries.

Federal Agency. Government sponsored/owned entity created by the U.S. Congress, generally for the purpose of acting as a financial intermediary by borrowing in the marketplace and directing proceeds to specific areas of the economy considered to otherwise have restricted access to credit markets. The largest Federal agencies are GNMA, FNMA, FHLMC, FHLB, FFCB, SLMA, and TVA.

Federal Deposit Insurance Corporation (FDIC). Federal agency that insures deposits at commercial banks, currently to a limit of \$250,000 per depositor per bank.

Federal Farm Credit Bank (FFCB). One of the large Federal agencies. A government sponsored enterprise (GSE) system that is a network of cooperatively-owned lending institutions that provides credit services to farmers, agricultural cooperatives, and rural utilities. The FFCBs act as financial intermediaries that borrow money in the capital markets and use the proceeds to make loans and provide other assistance to farmers and farm-affiliated businesses. Consists of the consolidated operations of the banks for cooperatives, Federal intermediate credit banks, and Federal land banks. Frequent

issuer of discount notes, agency notes and callable agency securities. FFCB debt is not an obligation of, nor is it guaranteed by the U.S. government, although it is considered to have minimal credit risk due to its importance to the U.S. financial system and agricultural industry. Also issues notes under its "designated note" program.

Federal Funds (Fed Funds). Funds placed in Federal reserve banks by depository institutions in excess of current reserve requirements, and frequently loaned or borrowed on an overnight basis between depository institutions.

Federal Funds Rate (Fed Funds Rate). The interest rate charged by a depository institution lending Federal funds to another depository institution. The Federal reserve influences this rate by establishing a "target" fed funds rate associated with the fed's management of monetary policy.

Federal Home Loan Bank System (FHLB). One of the large Federal agencies. A government sponsored enterprise (GSE) system, consisting of wholesale banks (currently twelve (12) district banks) owned by their member banks, which provides correspondent banking services and credit to various financial institutions, financed by the issuance of securities. The principal purpose of the FHLB is to add liquidity to the mortgage markets. Although FHLB does not directly fund mortgages, it provides a stable supply of credit to thrift institutions that make new mortgage loans. FHLB debt is not an obligation of, nor is it guaranteed by the U.S. government, although it is considered to have minimal credit risk due to its importance to the U.S. financial system and housing market. Frequent issuer of discount notes, agency notes and callable agency securities. Also issues notes under its "global note" and "TAP" programs.

Federal Home Loan Mortgage Corporation (FHLMC or "Freddie Mac"). One of the large Federal agencies. A government sponsored public corporation (GSE) that provides stability and assistance to the secondary market for home mortgages by purchasing first mortgages and participation interests financed by the sale of debt and guaranteed mortgage backed securities. FHLMC debt is not an obligation of, nor is it guaranteed by the U.S. government, although it is considered to have minimal credit risk due to its importance to the U.S. financial system and housing market. Frequent issuer of discount notes, agency notes, callable agency securities, and MBS. Also issues notes under its "reference note" program.

Federal National Mortgage Association (FNMA or "Fannie Mae"). One of the large Federal agencies. A government sponsored public corporation (GSE) that provides liquidity to the residential mortgage market by purchasing mortgage loans from lenders, financed by the issuance of debt securities and MBS (pools of mortgages packaged together as a security). FNMA debt is not an obligation of, nor is it guaranteed by the U.S. government, although it is considered to have minimal credit risk due to its importance to the U.S. financial system and housing market. Frequent issuer of discount notes, agency notes, callable agency securities and MBS. Also issues notes under its "benchmark note" program.

Federal Reserve Bank. One of the twelve (12) distinct banks of the Federal reserve system.

Federal Reserve System (the Fed). The independent central bank system of the United States that establishes and conducts the nation's monetary policy. This is accomplished in three major ways: (1) raising or lowering bank reserve requirements, raising or lowering the target fed funds rate and discount rate, and (3) in open market operations by buying and selling government securities. The Federal reserve system is made up of twelve (12) Federal reserve district banks, their branches, and many national and state banks throughout the nation. It is headed by the seven (7) member board of governors known as the "federal reserve board" and headed by its chairman.

Financial Industry Regulatory Authority, Inc. (FINRA). A private corporation that acts as a self-regulatory organization (SRO). FINRA is the successor to the National Association of Securities Dealers, Inc. (NASD). Though sometimes mistaken for a government agency, it is a non-governmental organization that performs financial regulation of member brokerage firms and exchange markets. The government also has a regulatory arm for investments, the Securities and Exchange Commission (SEC).

Fiscal Agent/Paying Agent. A bank or trust company that acts, under a trust agreement with a corporation or municipality, in the capacity of general treasurer. The agent performs such duties as making coupon payments, paying rents, redeeming bonds, and handling taxes relating to the issuance of bonds.

Fitch Investors Service, Inc. One of several NRSROs that provide credit ratings on corporate and municipal debt issues.

Floating Rate Security (FRN or "floater"). A bond with an interest rate that is adjusted according to changes in an interest rate or index. Differs from variable-rate debt in that the changes to the rate take place immediately when the index changes, rather than on a predetermined schedule. See also "Variable Rate Security".

Freddie Mac. See "Federal Home Loan Mortgage Corporation".

Ginnie Mae. See "Government National Mortgage Association".

Global Notes: Notes designed to qualify for immediate trading in both the domestic U.S. capital market and in foreign markets around the globe. Usually large issues that are sold to investors worldwide and therefore have excellent liquidity. Despite their global sales, global notes sold in the U.S. are typically denominated in U.S. dollars.

Government National Mortgage Association (GNMA or "Ginnie Mae"). One of the large Federal agencies. Government-owned Federal agency that acquires, packages, and resells mortgages and mortgage purchase commitments in the form of mortgage-backed securities. Largest issuer of mortgage pass-through securities. GNMA debt is guaranteed by the full faith and credit of the U.S. government (one of the few agencies that are actually full faith and credit of the U.S. government).

Government Securities. An obligation of the U.S. government, backed by the full faith and credit of the government. These securities are regarded as the highest quality of investment securities available in the U.S. securities market. See "Treasury Bills, Notes, Bonds, and SLGS".

Government Sponsored Enterprise (GSE). Privately owned entity subject to Federal regulation and supervision, created by the U.S. Congress to reduce the cost of capital for certain borrowing sectors of the economy such as students, farmers, and homeowners. GSEs carry the implicit backing of the U.S. government, but they are not direct obligations of the U.S. government. For this reason, these securities will offer a yield premium over U.S. Treasuries. Examples of GSEs include: FHLB, FHLMC, FNMA, and SLMA.

Government Sponsored Enterprise Security. A security issued by a government sponsored enterprise. Considered Federal agency securities.

Index. A compilation of statistical data that tracks changes in the economy or in financial markets.

Interest-Only (IO) STRIP. A security based solely on the interest payments from the bond. After the principal has been repaid, interest payments stop and the value of the security falls to nothing. Therefore, IOs are considered risky investments. Usually associated with mortgage-backed securities.

Internal Controls. An internal control structure ensures that the assets of the entity are protected from loss, theft, or misuse. The internal control structure is designed to provide reasonable assurance that these objectives are met. The concept of reasonable assurance recognizes that 1) the cost of a control should not exceed the benefits likely to be derived and 2) the valuation of costs and benefits requires estimates and judgments by management. Internal controls should address the following points:

- A. **Control of collusion** - Collusion is a situation where two (2) or more employees are working in conjunction to defraud their employer.
- B. **Separation of transaction authority from accounting and record keeping** - A separation of duties is achieved by separating the person who authorizes or performs the transaction from the people who record or otherwise account for the transaction.
- C. **Custodial safekeeping** - Securities purchased from any bank or dealer including appropriate collateral (as defined by State law) shall be placed with an independent third party for custodial safekeeping.
- D. **Avoidance of physical delivery securities** - Book-entry securities are much easier to transfer and account for since actual delivery of a document never takes place. Delivered securities must be properly safeguarded against loss or destruction. The potential for fraud and loss increases with physically delivered securities.
- E. **Clear delegation of authority to subordinate staff members** - Subordinate staff members must have a clear understanding of their authority and responsibilities to avoid improper actions. Clear delegation of authority also preserves the internal control structure that is contingent on the various staff positions and their respective responsibilities.
- F. **Written confirmation of transactions for investments and wire transfers** - Due to the potential for error and improprieties arising from telephone and electronic transactions, all transactions should be supported by written communications and approved by the appropriate person. Written communications may be via fax if on letterhead and if the safekeeping institution has a list of authorized signatures.
- G. **Development of a wire transfer agreement with the lead bank and third-party custodian** - The designated official should ensure that an agreement will be entered into and will address the following points: controls, security provisions, and responsibilities of each party making and receiving wire transfers.

Inverse Floater. A floating rate security structured in such a way that it reacts inversely to the direction of interest rates. Considered risky as their value moves in the opposite direction of normal fixed-income investments and whose interest rate can fall to zero.

Investment Advisor. A company that provides professional advice managing portfolios, investment recommendations, and/or research in exchange for a management fee.

Investment Adviser Act of 1940. Federal legislation that sets the standards by which investment companies, such as mutual funds, are regulated in the areas of advertising, promotion, performance reporting requirements, and securities valuations.

Investment Grade. Bonds considered suitable for preservation of invested capital, including bonds rated a minimum of Baa3 by Moody's, BBB- by Standard & Poor's, or BBB- by Fitch. Although "BBB" rated bonds are considered investment grade, most public agencies cannot invest in securities rated below "A."

Liquidity. Relative ease of converting an asset into cash without significant loss of value. Also, a relative measure of cash and near-cash items in a portfolio of assets. Additionally, it is a term describing the marketability of a money market security correlating to the narrowness of the spread between the bid and ask prices.

Local Government Investment Pool (LGIP). An investment by local governments in which their money is pooled as a method for managing local funds, (e.g., Florida State Board of Administration's Florida Prime Fund).

Long-Term Core Investment Program. Funds that are not needed within a one (1) year period.

Market Value. The fair market value of a security or commodity. The price at which a willing buyer and seller would pay for a security.

Mark-to-market. Adjusting the value of an asset to its market value, reflecting in the process unrealized gains or losses.

Master Repurchase Agreement. A widely accepted standard agreement form published by the Securities Industry and Financial Markets Association (SIFMA) that is used to govern and document repurchase agreements and protect the interest of parties in a repo transaction.

Maturity Date. Date on which principal payment of a financial obligation is to be paid.

Medium Term Notes (MTN's). Used frequently to refer to corporate notes of medium maturity (five (5) years and under). Technically, any debt security issued by a corporate or depository institution with a maturity from one (1) to ten (10) years and issued under an MTN shelf registration. Usually issued in smaller issues with varying coupons and maturities, and underwritten by a variety of broker/dealers (as opposed to large corporate deals issued and underwritten all at once in large size and with a fixed coupon and maturity).

Money Market. The market in which short-term debt instruments (bills, commercial paper, bankers' acceptance, etc.) are issued and traded.

Money Market Mutual Fund (MMF). A type of mutual fund that invests solely in money market instruments, such as: U.S. Treasury bills, commercial paper, bankers' acceptances, and repurchase agreements. Money market mutual funds are registered with the SEC under the Investment Company Act of 1940 and are subject to "rule 2a-7" which significantly limits average maturity and credit quality of holdings. MMF's are managed to maintain a stable net asset value (NAV) of \$1.00. Many MMFs carry ratings by a NRSRO.

Moody's Investors Service. One of several NRSROs that provide credit ratings on corporate and municipal debt issues.

Mortgage Backed Securities (MBS). Mortgage-backed securities represent an ownership interest in a pool of mortgage loans made by financial institutions, such as savings and loans, commercial banks, or mortgage companies, to finance the borrower's purchase of a home or other real estate. The majority of MBS are issued and/or guaranteed by GNMA, FNMA, and FHLMC. There are a variety of MBS structures with varying levels of risk and complexity. All MBS have reinvestment risk as actual principal and interest payments are dependent on the payment of the underlying mortgages which can be prepaid by mortgage holders to refinance and lower rates or simply because the underlying property was sold.

Mortgage Pass-Through Securities. A pool of residential mortgage loans with the monthly interest and principal distributed to investors on a pro-rata basis. The largest issuer is GNMA.

Municipal Note/Bond. A debt instrument issued by a State or local government unit or public agency. The vast majority of municipals are exempt from State and Federal income tax, although some non-qualified issues are taxable.

Mutual Fund. Portfolio of securities professionally managed by a registered investment company that issues shares to investors. Many different types of mutual funds exist (e.g., bond, equity, and money market funds); all except money market funds operate on a variable net asset value (NAV).

Negotiable Certificate of Deposit (Negotiable CD). Large denomination CDs (\$100,000 and larger) that are issued in bearer form and can be traded in the secondary market.

Net Asset Value. The market value of one share of an investment company, such as a mutual fund. This figure is calculated by totaling a fund's assets including securities, cash, and any accrued earnings, then subtracting the total assets from the fund's liabilities, and dividing this total by the number of shares outstanding. This is calculated once a day based on the closing price for each security in the fund's portfolio. (See below.)

$$[(\text{Total assets}) - (\text{Liabilities})]/(\text{Number of shares outstanding})$$

NRSRO. A "Nationally Recognized Statistical Rating Organization" (NRSRO) is a designated rating organization that the SEC has deemed a strong national presence in the U.S. NRSROs provide credit ratings on corporate and bank debt issues. Only ratings of a NRSRO may be used for the regulatory purposes of rating. Includes Moody's, S&P, Fitch, and Duff & Phelps.

Offered Price. See also "Ask Price".

Open Market Operations. A Federal reserve monetary policy tactic entailing the purchase or sale of government securities in the open market by the Federal reserve system from and to primary dealers in order to influence the money supply, credit conditions, and interest rates.

Par Value. The face value, stated value, or maturity value of a security.

Physical Delivery. Delivery of readily available underlying assets at contract maturity.

Portfolio. Collection of securities and investments held by an investor.

Premium. The amount by which a bond or other financial instrument sells above its face value. See also "Discount".

Primary Dealer. A designation given to certain government securities dealer by the Federal Reserve Bank of New York. Primary dealers can buy and sell government securities directly with the fed. Primary dealers also submit daily reports of market activity and security positions held to the fed and are subject to its informal oversight. Primary dealers are the largest buyers and sellers by volume in the U.S. Treasury securities market.

Prime Paper. Commercial paper of high quality. Highest rated paper is A-1+/A-1 by S&P and P-1 by Moody's.

Principal. Face value of a financial instrument on which interest accrues. May be less than par value if some principal has been repaid or retired. For a transaction, principal is par value times price and includes any premium or discount.

Prudent Expert Rule. Standard that requires that a fiduciary manage a portfolio with the care, skill, prudence, and diligence, under the circumstances then prevailing, that a prudent person acting in a like capacity and familiar with such matters would use in the conduct of an enterprise of a like character and with like aims. This statement differs from the "prudent person" rule in that familiarity with such matters suggests a higher standard than simple prudence.

Prudent Investor Standard. Standard that requires that when investing, reinvesting, purchasing, acquiring, exchanging, selling, or managing public funds, a trustee shall act with care, skill, prudence, and diligence under the circumstances then prevailing, including, but not limited to, the general economic conditions and the anticipated needs of the agency, that a prudent person acting in a like capacity and familiarity with those matters would use in the conduct of funds of a like character and with like aims, to safeguard the principal and maintain the liquidity needs of the agency. More stringent than the "prudent person" standard as it implies a level of knowledge commensurate with the responsibility at hand.

Qualified Public Depository - Per F.S. 280.02(26), "qualified public depository" means any bank, savings bank, or savings association that:

- A. is organized and exists under the laws of the United States, the laws of this State or any other state or territory of the United States;
- B. has its principal place of business in this State or has a branch office in this State which is authorized under the laws of this State or of the United States to receive deposits in this State;

- C. has deposit insurance under the provision of the Federal Deposit Insurance Act, as amended, 12 U.S.C. 1811 et seq.;
- D. has procedures and practices for accurate identification, classification, reporting, and collateralization of public deposits;
- E. meets all requirements of F.S. Chapter 280;
- F. has been designated by the Director of Finance and Purchasing as a qualified public depository.

Range Note. A type of structured note that accrues interest daily at a set coupon rate that is tied to an index. Most range notes have two (2) coupon levels; a higher accrual rate for the period the index is within a designated range, the lower accrual rate for the period that the index falls outside the designated range. This lower rate may be zero and may result in zero earnings.

Rate of Return. Amount of income received from an investment, expressed as a percentage of the amount invested.

Realized Gains (Losses). The difference between the sale price of an investment and its book value. Gains/Losses are "realized" when the security is actually sold, as compared to "unrealized" gains/losses which are based on current market value. See "Unrealized Gains (Losses)".

Reference Bills: FHLMC's short-term debt program created to supplement its existing discount note program by offering issues from one (1) month through one (1) year, auctioned on a weekly or on an alternating four (4) week basis (depending upon maturity) offered in sizeable volumes (\$1 billion and up) on a cycle of regular, standardized issuance. Globally sponsored and distributed, reference bill issues are intended to encourage active trading and market-making and facilitate the development of a term repo market. The program was designed to offer predictable supply, pricing transparency, and liquidity, thereby providing alternatives to

U.S. Treasury bills. FHLMC's reference bills are unsecured general corporate obligations. This program supplements the corporation's existing discount note program. Issues under the reference program constitute the same credit standing as other FHLMC discount notes; they simply add organization and liquidity to the short-term agency discount note market.

Reference Notes: FHLMC's intermediate-term debt program with issuances of two (2), three (3), five (5), ten (10), and thirty (30) year maturities. Initial issuances range from \$2 - \$6 billion with re-openings ranging \$1 - \$4 billion.

The notes are high-quality bullet structures securities that pay interest semiannually. Issues under the reference program constitute the same credit standing as other FHLMC notes; they simply add organization and liquidity to the intermediate- and long-term agency market.

Repurchase Agreement (Repo). A short-term investment vehicle where an investor agrees to buy securities from a counterparty and simultaneously agrees to resell the securities back to the counterparty at an agreed upon time and for an agreed upon price. The difference between the purchase price and the sale price represents interest earned on the agreement. In effect, it represents a collateralized loan to the investor, where the securities are the collateral. Can be DVP, where securities are delivered to the investor's custodial bank, or "tri-party" where the securities are delivered to a third party intermediary. Any type of security can be used as "collateral", but only some types provide the investor with special bankruptcy protection under the law. Repos should be undertaken only when an appropriate Securities Industry and Financial Markets Association (SIFMA) approved master repurchase agreement is in place.

Reverse Repurchase Agreement (Reverse Repo). A repo from the point of view of the original seller of securities. Used by dealers to finance their inventory of securities by essentially borrowing at short-term rates. Can also be used to leverage a portfolio and in this sense, can be considered risky if used improperly.

Safekeeping. Service offered for a fee, usually by financial institutions, for the holding of securities and other valuables. Safekeeping is a component of custody services.

Secondary Market. Markets for the purchase and sale of any previously issued financial instrument.

Securities Industry and Financial Markets Association (SIFMA). The bond market trade association representing the largest securities markets in the world. In addition to publishing a master repurchase agreement, widely accepted as the industry standard document for repurchase agreements, the SIFMA also recommends bond market closures and early closes due to holidays.

Securities Lending. An arrangement between an investor and a custody bank that allows the custody bank to "loan" the investor's investment holdings, reinvest the proceeds in permitted investments, and shares any profits with the investor. Should be governed by a securities lending agreement. Can increase the risk of a portfolio in that the investor takes on the

default risk on the reinvestment at the discretion of the custodian.

Sinking Fund. A separate accumulation of cash or investments (including earnings on investments) in a fund in accordance with the terms of a trust agreement or indenture, funded by periodic deposits by the issuer (or other entity responsible for debt service), for the purpose of assuring timely availability of moneys for payment of debt service. Usually used in connection with term bonds.

Spread. The difference between the price of a security and similar maturity U.S. Treasury investments, expressed in percentage terms or basis points. A spread can also be the absolute difference in yield between two (2) securities. The securities can be in different markets or within the same securities market between different credits, sectors, or other relevant factors.

Standard & Poor's. One of several NRSROs that provide credit ratings on corporate and municipal debt issues.

STRIPS (Separate Trading of Registered Interest and Principal of Securities). Acronym applied to U.S. Treasury securities that have had their coupons and principal repayments separated into individual zero-coupon Treasury securities. The same technique and "strips" description can be applied to non-Treasury securities (e.g., FNMA strips).

Structured Notes. Notes that have imbedded into their structure options such as step-up coupons or derivative-based returns.

Supranational. Supranational organizations are international financial institutions that are generally established by agreements among nations, with member nations contributing capital and participating in management. These agreements provide for limited immunity from the laws of member countries. Bonds issued by these institutions are part of the broader class of Supranational, Sovereign, and Non-U.S. Agency (SSA) sector bonds. Supranational bonds finance economic and infrastructure development and support environmental protection, poverty reduction, and renewable energy around the globe. For example, the World Bank, International Finance Corporation (IFC), and African Development Bank (AfDB) have "green bond" programs specifically designed for energy resource conservation and management. Supranational bonds, which are issued by multi-national organizations that transcend national boundaries. Examples include the World Bank, African Development Bank, and European Investment Bank.

Swap. Trading one asset for another.

TAP Notes: Federal agency notes issued under the FHLB TAP program. Launched in 6/99 as a refinement to the FHLB bullet bond auction process. In a break from the FHLB's traditional practice of bringing numerous small issues to market with similar maturities, the TAP issue program uses the four (4) most common maturities and reopens them up regularly through a competitive auction. These maturities (two (2), three (3), five (5), and ten (10) year) will remain open for the calendar quarter, after which they will be closed and a new series of TAP issues will be opened to replace them. This reduces the number of separate bullet bonds issued, but generates enhanced awareness and liquidity in the marketplace through increased issue size and secondary market volume.

Tennessee Valley Authority (TVA). One of the large Federal agencies. A wholly owned corporation of the United States government that was established in 1933 to develop the resources of the Tennessee Valley region in order to strengthen the regional and national economy and the national defense. Power operations are separated from non-power operations. TVA securities represent obligations of TVA, payable solely from TVA's net power proceeds, and are neither obligations of nor guaranteed by the United States. TVA is currently authorized to issue debt up to \$30 billion. Under this authorization, TVA may also obtain advances from the U.S. Treasury of up to \$150 million. Frequent issuer of discount notes, agency notes, and callable agency securities.

Total Return. Investment performance measured over a period of time that includes coupon interest, interest on interest, and both realized and unrealized gains or losses. Total return includes, therefore, any market value appreciation/depreciation on investments held at period end.

Treasuries. Collective term used to describe debt instruments backed by the U.S. government and issued through the U.S. Department of the Treasury. Includes Treasury bills, Treasury notes, and Treasury bonds. Also a benchmark term used as a basis by which the yields of non-Treasury securities are compared (e.g., "trading at fifty (50) basis points over Treasuries").

Treasury Bills (T-Bills). Short-term direct obligations of the United States government issued with an original term of one (1) year or less. Treasury bills are sold at a discount from face value and do not pay interest before maturity. The difference between the purchase price of the bill and the maturity value is the interest earned on the bill. Currently, the U.S. Treasury issues four (4) week, thirteen (13) week, and twenty-six (26) week T-Bills.

Treasury Bonds. Long-term interest-bearing debt securities backed by the U.S. government and issued with maturities of ten (10) years and longer by the U.S. Department of the Treasury.

Treasury Notes. Intermediate interest-bearing debt securities backed by the U.S. government and issued with maturities ranging from one (1) to ten (10) years by the U.S. Department of the Treasury. The Treasury currently issues two (2) year, three (3) year, five (5) year, and ten (10) year Treasury notes.

Trustee. A bank designated by an issuer of securities as the custodian of funds and official representative of bondholders. Trustees are appointed to insure compliance with the bond documents and to represent bondholders in enforcing their contract with the issuer.

Uniform Net Capital Rule. SEC Rule 15c3-1 that outlines the minimum net capital ratio (ratio of indebtedness to net liquid capital) of member firms and non-member broker/dealers.

Unrealized Gains (Losses). The difference between the market value of an investment and its book value. Gains/Losses are "realized" when the security is actually sold, as compared to "unrealized" gains/losses which are based on current market value. See also "Realized Gains (Losses)".

Variable-Rate Security. A bond that bears interest at a rate that varies over time based on a specified schedule of adjustment (e.g., daily, weekly, monthly, semi-annually, or annually). See also "Floating Rate Note".

Weighted Average Maturity (or just "Average Maturity"). The average maturity of all securities and investments of a portfolio, determined by multiplying the par or principal value of each security or investment by its maturity (days or years), summing the products, and dividing the sum by the total principal value of the portfolio. A simple measure of risk of a fixed-income portfolio.

Weighted Average Maturity to Call. The average maturity of all securities and investments of a portfolio, adjusted to substitute the first call date per security for maturity date for those securities with call provisions.

Yield Curve. A graphic depiction of yields on like securities in relation to remaining maturities spread over a time line. The traditional yield curve depicts yields on U.S. Treasuries, although yield curves exist for Federal agencies and various credit quality corporates as well. Yield curves can be positively sloped (normal) where longer-term investments have higher yields, or "inverted" (uncommon) where longer-term investments have lower yields than shorter ones.

Yield to Call (YTC). Same as "Yield to Maturity", except the return is measured to the first call date rather than the maturity date. Yield to call can be significantly higher or lower than a security's yield to maturity.

Yield to Maturity (YTM). Calculated return on an investment, assuming all cash-flows from the security are reinvested at the same original yield. Can be higher or lower than the coupon rate depending on market rates and whether the security was purchased at a premium or discount. There are different conventions for calculating YTM for various types of securities.

Yield. There are numerous methods of yield determination. In this glossary, see also "Current Yield," "Yield Curve," "Yield to Call," and "Yield to Maturity."

7101 - **BUILDING PERMITS AND CODE ENFORCEMENT**

The School Board shall designate an approved building code official (BCO) for code enforcement services. Approved project plans will be reviewed for code compliance, permits issued, and the work inspected. Two (2) types of permits will be issued: annual facility maintenance permits and building permits.

A. Annual Facility Maintenance Permits:

Each school or facility will be issued an annual facility maintenance permit to facilitate routine maintenance, emergency repairs, building refurbishment, and minor renovations of systems or equipment. Qualifiers for this type of permit will be the Operation and Maintenance Director and/or his/her designee. Permits will be issued in their names. The amount expended per maintenance project may not exceed \$200,000. A facility maintenance permit is valid for one (1) year. A detailed log of alterations and inspections must be maintained and annually submitted to the BCO. The BCO retains the right to make inspections at the facility site as s/he considers necessary.

B. Building Permits:

Building permits are required for new construction, additions, remodeling, renovations, site work, structural modifications, major mechanical and electrical upgrades, technology infrastructure and improvements, roofing, re-roofing, and demolition. District project managers and/or their contractors will submit application for a permit to the BCO.

Before a contract has let for the construction, the BCO must review and approve the Phase III construction documents as required by F.S. 1013.38. Upon review by the BCO, a permit will be issued and work inspected. When the work is deemed complete and the BCO has determined that the building or structure and its site conditions comply with all applicable statutes and rules, the BCO will issue a Certificate of Occupancy.

The BCO shall take into account the seventeen (17) considerations set forth in F.S. 1013.37 when reviewing plans for approval.

The District may reuse prototype plans on another site, provided the facilities list and Phase III construction documents have been updated for the new site and for compliance with the Florida Building Code and the Florida Fire Prevention Code and any laws relating to fire safety, health and sanitation, casualty safety, and requirements for the physically handicapped which are in effect at the time a construction contract is to be awarded.

For each proposed new facility and each proposed new facility addition exceeding 2,500 square feet, the Board shall submit for review a minimum of one (1) copy of the site plan to the local county, municipality, or independent special fire control district providing fire protection services to the facility. The site plans shall be considered in accordance with F.S. 1013.38.

Before the commencement of any new construction, renovation, or remodeling, the Board shall:

1. approve or cause to be approved the construction documents and evaluate such documents for compliance with the Florida Building Code and the Florida Fire Prevention Code; and
2. ensure compliance with all applicable fire safety codes and standards by contracting with a fire safety inspector certified by the State Fire Marshal under F.S. 633.081.

The Board shall provide reasonable access to all construction documents upon request by the local county, municipality, or independent special fire control district.

C. Design Services:

The Board or volunteer service organization which under takes any project that includes new construction, addition, remodeling, and structural modifications shall have plans and specifications prepared by a licensed design professional as required by State Requirements for Education Facilities 4.1(2).

Board approved projects will be governed by the standard District contracts. Volunteer project sponsor(s) will submit a standard partnership agreement for project approval prior to commencement of work.

D. Contractors:

All construction on Board-owned property including volunteer or service organization projects, shall be performed by State-certified or licensed general contractors and subcontractors, or locally registered subcontractors where their registration is valid, as required by State Requirements for Education Facilities 4.1(5) and shall follow approved processes as described under Florida statute.

The School Safety Specialist shall report the school security risk assessment findings and recommendations and the Board's action(s) to the Office of Safe Schools no later than thirty (30) days after the Board meeting and prior to November 1 of each year. The School Safety Specialist shall also submit a best-practices assessment in the Florida Safe Schools Assessment Tool.

As a part of the *School Safety and Security Plan*, the Board shall verify that it has procedures in place for keeping schools safe and drug-free that include (see also, Form 8330 F15 entitled Checklist of Policies and Guidelines Addressing No Child Left Behind Act of 2001):

- A. safety and security best practices;
- B. appropriate and effective school discipline policies that prohibit disorderly conduct, the illegal possession of weapons and the illegal use, possession, distribution, and sale of tobacco, alcohol, and other drugs by students;
- C. security procedures at school and while students are on the way to and from school;
- D. prevention activities that are designed to maintain safe, disciplined and drug-free environments;
- E. a code of conduct or policy for all students that clearly states the responsibilities of students, teachers, and administrators in maintaining a classroom environment that:
 - 1. allows a teacher to communicate effectively to all students in the class;
 - 2. allows all students in the class the opportunity to learn;

3. has consequences that are fair, and developmentally appropriate;
4. considers the student and the circumstances of the situation; and
5. is enforced accordingly.

Threat Management Coordinator

The Superintendent will designate a Threat Management Coordinator to oversee threat management at all public K-12 District schools, including charter schools sponsored by or under contract with the District, in accordance with the requirements set forth in Florida law and State Board of Education rules.

Among other duties as may be assigned, the Threat Management Coordinator shall serve as the primary point of contact regarding the District's coordination, communication, and implementation of the threat management program. The Threat Management Coordinator is also responsible for reporting quantitative data to the Office of Safe Schools in accordance with its guidelines.

The Superintendent will report the name and contact information of the Threat Management Coordinator to the Office of Safe Schools by July 1, 2023. Any changes in the name and contact information of the Threat Management Coordinator will be updated with the Office of Safe Schools within one (1) school day of the change.

Mental Health Coordinator

The Board shall identify a mental health coordinator for the District. The mental health coordinator shall serve as the District's primary point of contact regarding the District's coordination, communication, and implementation of student mental health policies, procedures, responsibilities, and reporting. The mental health coordinator is responsible for:

- A. Coordinating with the Office of Safe Schools, established pursuant to F.S. 1001.212.
- B. Maintaining records and reports regarding student mental health as it relates to school safety and the mental health assistance allocation under F.S. 1011.62(14).
- C. Facilitating the implementation of District policies relating to the respective duties and responsibilities of the District, the Superintendent, and District Principals.
- D. Coordinating with the School Safety Specialist on the staffing and training of threat management teams and facilitating referrals to mental health services, as appropriate, for students and their families.
- E. Coordinating with the School Safety Specialist on the training and resources for students and District staff relating to youth mental health awareness and assistance.
- F. Reviewing annually the District's policies and procedures related to student mental health for compliance with Florida law and alignment with current best practices and make recommendations, as needed, for amending such policies and procedures to the Superintendent and the Board.

Safety and Security Best Practices

The Superintendent shall develop administrative procedures for the prevention of violence on school grounds, including the assessment and intervention with individuals whose behavior poses a threat to the safety of the school community.

The Board shall adopt, in coordination with local law enforcement agencies and local governments, a family reunification plan to reunite students and employees with their families in the event that a school is closed or unexpectedly evacuated due to a natural or man-made disaster. The reunification plan must be reviewed annually and updated, as applicable.

Persistently Dangerous Schools

The Board has set forth the rules with regard to expected behavior in Policy 5500 - *Student Conduct* and has established the consequences for violating the policy on student conduct in Policy 5600 - *Student Discipline*. The Board recognizes that not only Federal, but also State law requires that the District report annually incidents which meet the statutory definition of violent criminal offenses that occur in a school, on school grounds, on a school conveyance, or at a school-sponsored activity, as well as those incidents that would be a Gun-Free Schools Act violation. It is further understood that the Florida Department of Education will then use the data for the offenses identified in the Department's Unsafe School Choice Option Policy to determine whether or not a school is considered persistently dangerous.

Pursuant to the Board's stated intent to provide a safe school environment, school administrators are expected to respond appropriately to any and all violations of the Student Code of Conduct, especially those of a serious, violent nature. In any year where the number of reportable incidents of violent criminal offenses in any school exceeds the threshold number established in State law, the Superintendent shall

☒ discuss this at the annual meeting for the purpose of reviewing the *School Safety and Security Plan* so that a plan of corrective action can be developed and implemented in an effort to reduce the number of these incidents in the subsequent year.

☒ convene a meeting of the building administrator, representative(s) of the local law enforcement ☒ agency ~~and other agencies~~, and any other individuals deemed appropriate for the purpose of developing a plan of corrective action that can be implemented in an effort to reduce the number of these incidents in the subsequent year.

The Superintendent shall make a report to the Board about this plan of corrective action and shall recommend approval and adoption of it.

In the unexpected event that the number of reportable incidents in three (3) consecutive school years exceeds the statutory threshold and the school is identified as persistently dangerous, the Superintendent shall offer parents and eligible students the opportunity to transfer to another school within the District that serves the same grades. If there is another school within the District serving the same grades, the transfer shall be completed in a timely manner. If there is not another school within the District that serves the same grades, then parents and eligible students will be advised that, although Federal and State law provides for an opportunity to transfer, they will be unable to do so.

In addition, the Superintendent shall

The Superintendent shall immediately attempt to notify the student's parent or legal guardian. However, nothing in this paragraph precludes District personnel from acting immediately to address an imminent threat.

- 6. if a preliminary determination is made by the threat management team that a student poses a threat of violence to himself or others or exhibits significantly disruptive behavior or need for assistance, authorized members of the threat management team may obtain criminal history record information pursuant to F.S. 985.04(1);

Members of the threat management team may not disclose any criminal history record information obtained pursuant to this paragraph or otherwise use any record of an individual beyond the purpose for which such disclosure was made to the threat management team.

Upon the student's transfer to a different school, the threat management team shall verify that any intervention services provided to the student remain in place until the threat management team of the receiving school independently determines the need for intervention services.

E. Threat Assessment Report

The threat management team shall prepare a threat assessment report using the Florida Harm Prevention and Threat Management Instrument. A threat assessment report, all corresponding documentation, and any other information required by the Florida Harm Prevention and Threat Management Instrument in the threat management portal is an education record.

While new information may be gathered by the school based threat management team Chair, the Chair may rely on the information gathered while using CSTAG to determine what level of concern to classify the student's behavior, and if a student support management plan should be implemented as a result. If a Student Support Management Plan is

implemented, the student must be monitored for the minimum period that aligns with the new Florida Model.]

G. Office of Safe Schools Reporting

- C. maintain a current file of SDSs for every hazardous material present on District property;
- D. design and implement a written communication program which:
 1. lists hazardous materials present on District property,

In fulfilling these responsibilities, the THP Coordinator may enlist the aid of county and municipal authorities and, if possible, the owners or operators of identified potential sources of toxic hazards.

ASBESTOS

Pursuant to the Asbestos Hazard Emergency Response Act (AHERA); 15 U.S.C. 2650; 40 C.F.R. 763.93, the Superintendent shall maintain an Asbestos Management Plan for each school, and maintain and update the Plan to keep it current with ongoing operations and maintenance, periodic surveillance, inspection, re-inspection, and response action activities.

Bad Debt

Bad Debt

Bad debt incurred through the inability to collect lunch payment from students is not an allowable cost chargeable to any Federal program. Any related collection cost, including legal cost, arising from such bad debt after they have been determined to be uncollectable are also unallowable. District efforts to collect bad debt shall be in accordance with Policy 6152 - *Student Fees, Fines, and Charges*.

Bad debt is uncollectable/delinquent debt that has been determined to be uncollectable no sooner than the end of the school year in which the debt was incurred (x) and after the Superintendent determines that sufficient reasonable effort and approaches to collecting the debt have been made. **[END OF OPTION]** If the uncollectable/delinquent debt cannot be recovered by the School Meals Program in the year when the debt was incurred, then this is classified as bad debt. Once classified as bad debt, non-Federal funding sources must reimburse the NSFSA for the total amount of the bad debt. The funds may come from the District general fund, State or local funding, school or community organizations such as the PTA, or any other non-federal source. Once the uncollectable/delinquent debt charges are converted to bad debt, records relating to those charges must be maintained in accordance with the record retention requirements in 7 C.F.R. 210.9(b)(17) and 7 C.F.R. 210.15(b).

Meal charges that are not collected in the year when the debt was incurred shall be classified as bad debt. Bad debt incurred through the inability to collect lunch payment from students is not an allowable cost chargeable to any Federal program. Once classified as bad debt, non-Federal funding sources shall reimburse the school lunch program account for the total amount of the bad debt. If funds to reimburse the District for this bad debt are not available from another source, such as school or community organizations (like the PTA) or any other non-Federal source, the funds to reimburse the school lunch program shall be transferred from the District's general fund or other State or local funding to make that reimbursement.

Once the uncollectable/delinquent debt charges are converted to bad debt, records relating to those charges must be maintained in accordance with the record retention requirements in 7 C.F.R. 210.9(b)(17) and 7 C.F.R. 210.15(b).

Any related collection cost, including legal cost, arising from such bad debt after they have been determined to be uncollectable are also unallowable.

Negative Account Balances

[DRAFTING NOTE: USDA regulations provide local control with respect to permitting negative lunch account balances, including prohibiting it altogether. As a practical matter, a hard-line rule prohibiting any negative

account balances is not recommended. Rather, permitting some limited negative balances to occur, while placing some restrictions on those situations, is likely the most appropriate. Nonetheless, this first option recognizes that each School District does have the choice to prohibit a negative balance without any exceptions].

Parents will be initially notified by _____ call, email _____ x _____ **{DRAFTING NOTE: Enter method of first notification (e.g., phone call, email, letter, etc.)-}** of a negative balance in their student's account _____ **{DRAFTING NOTE: Enter a time period, (e.g., upon every occurrence, every week, etc.)}**.

Negative balances are expected to be corrected upon the notification by District personnel. The _____ Food and Nutrition Services Department Senior Associate _____ **{DRAFTING NOTE: Enter staff assigned responsibility for initial notification.}** will be responsible for making this initial notification to parents.

x] OPTION #1

No student will be permitted to purchase any meals for which the student does not have sufficient balance in their food service account or sufficient cash on hand to purchase the food items.

Students receiving paid or reduced-price lunch who do not have sufficient account balance or cash on hand to purchase a meal+ (x) will be provided an alternative meal **{END OF OPTION}** that meets the USDA guidelines applicable to alternative meal options. The Superintendent shall, in coordination with the District's food service, assure that any alternative meals that are provided meet the requisite USDA guidelines for alternative meals. The cost of the alternative meal will be added to the delinquent account.

{ } OPTION #2

~~Students will be permitted to purchase meals from the District's food service using either cash on hand or a food service account. A student may be allowed to incur a negative food service account balance subject to the following conditions.~~

~~Students may be permitted to accumulate negative food service account balance () not to exceed \$ _____ () not to exceed an amount equal to one school week of regular meal price **{END OF OPTIONS}**. () Students up to grade 8 will be allowed to incur a negative balance not to exceed \$ _____. **{END OF OPTIONAL SENTENCE}** **{DRAFTING NOTE: The Board may establish a different permissible negative balance for elementary grades to account for the students' lower level of responsibility for managing these accounts at the younger grade levels.}** A student () shall be () shall not be **{END OF OPTION}** permitted to purchase a la carte items without sufficient account balance or cash on hand. () Likewise, any student that has a negative account balance may not purchase a la carte items with cash unless the student is also able to bring their account current. **{END OF OPTION}**~~

x] A student who has exceeded the permissible negative balance amount in their account and does not have cash on hand sufficient to purchase a meal will be treated respectfully. The District will provide meals to students with unpaid meal balances without stigmatizing them, will provide parents of students who charge meals with notification when a student charges a meal, and will make efforts to collect the charges incurred by the students so that the unpaid charges are not classified as bad debt at the end of the school year.

{ } {Option A}

~~If a student has reached the permissible level of negative lunch account balance, they shall be provided a regular reimbursable meal that follows the USDA meal pattern, the cost of which shall continue to accrue to a negative lunch account balance.~~

{End of Option A}

{ } {Option B}

If a student has a significant negative lunch account balance, they shall be provided an alternate meal () at a reduced price recommended by the Superintendent and approved by the Board **[END OF OPTION]**, the cost of which shall continue to accrue to a negative lunch account balance, and the student's parent(s) shall be contacted to collect the outstanding charges. The alternate meal will be a low cost alternative to the regular reimbursable meal and shall meet USDA nutritional standards or the Smart Snacks in Schools Regulations so that it qualifies for reimbursement under the National School Lunch/Breakfast Program.

[End of Option B]

(x) Negative lunch account balances will carry-over from year-to-year until paid in full or until a student enters ninth (9th) grade. Upon entering 9th grade, any negative lunch account balances will be converted to school fees. Parents/Guardians will be responsible for paying all fees in accordance with Policy 6152 - *Student Fees, Fines, and Charges*. Fee waivers are applied in accordance with Policy 6152.01 *Waivers of School Fees for Instructional Materials*. **[END OF OPTION]**

Students who have qualified for free lunches are still responsible for paying off any debt that was incurred prior to qualifying for free lunches.

Modifications Based on Compliant Medical Documentation

[DRAFTING NOTE: The section below contains three (3) categories of circumstances in which a student may receive a modified meal. The first category "Compliant Medical Documentation" is mandatory; whereas the second two (2) categories, i.e., "Noncompliant Medical Requests" and "Requests Not Based on a Medical Statement", are optional. The Board may choose either or neither of the two (2) optional categories.]

An adult student or student's parent requesting special dietary accommodations for a student with a disability that restricts the diet must provide the Medical Statement for Special Dietary Needs signed by a State authorized medical authority, which is a medical professional authorized in the State of Florida to write prescriptions. The request must contain the following information:

- A. an explanation of how the student's physical or mental impairment restricts the diet;
- B. the food(s)/type(s) of foods to be avoided;
- C. the food(s)/type(s) of foods to be substituted;
- D. additional pertinent information, if any, that will assist in accommodating the student's needs.

If a Medical Statement for Special Dietary Needs is incomplete, unclear, or lacks sufficient detail, the special dietary accommodation coordinator or food service director shall request that the student or parent/guardian request that the medical authority supplement the response so that a safe meal can be provided.

A special dietary accommodation for a student who has a disability that restricts the student's diet must be supported by a Medical Statement for Special Dietary Needs, which should be submitted to (x) the Food Service Director who shall serve as the Special Dietary Accommodation Coordinator () the Special Dietary Accommodation Coordinator **[END OF OPTIONS]**. **Holly Longo, Director of Food and Nutrition Services 8050 Mobley Road Brooksville, FL 34601 352-797-7028 insert name, address, phone, email address.** **[DRAFTING NOTE - at least one person must be identified as responsible for coordinating compliance with disability-based dietary modifications per 7 C.F.R. Part 15b.6.]**

A student with a disability may have an IEP or 504 plan that requires specific instruction, services, or accommodation related to the student's nutritional needs. If a student's IEP or 504 plan contains the same information that is required on a

Medical Statement for Special Dietary Needs, then it is not necessary to obtain and submit a separate Medical Statement for Special Dietary Needs.

The individual making an initial request for such substitutions must inform the Food Service Director or Special Dietary Accommodation Coordinator that the student has a disability that restricts the student's diet. The School District will honor the request upon receipt of the required documentation from a State authorized medical authority. If the Special Dietary Accommodation Coordinator is unable to grant a requested accommodation following receipt of the medical authority's statement, the student or parent shall be provided with an explanation of the basis for the decision. Compliant requests shall be implemented without unnecessary delay. ~~immediately implemented.~~

Disability Accommodation Grievance Procedure

The following procedure is intended to provide prompt and equitable resolution to any concern or disagreement regarding the food service program's administration of meal modifications made or requested on the basis of a student's disability. None of the procedures described in this policy section shall prevent a student or parent from pursuing a complaint with any State or Federal agency, including the USDA, using the procedures described at the end of this policy or otherwise available under Florida or Federal law.

- A. If an initial request for accommodation in the form of substituted meals is denied, the student or parent may request review of that decision by the ~~() Principal () District's Compliance Coordinator () Superintendent ()~~ ☒ Director of Food and Nutrition **[END OF OPTIONS] [DRAFTING NOTE: The grievance procedure can be designed as appropriate for each District.]** and shall provide any communications between the student or parent and food service officials concerning the accommodation request, any documentation provided by a medical authority, and any additional information the student or parent believes is pertinent to the decision. A review of the materials provided and of the initial decision shall be completed and a response provided to the student or parent as soon as practicable following receipt of the request for review. If the initial decision is reversed, including due to additional information provided on review, the dietary accommodations shall be implemented without delay. If the initial decision is affirmed ☒ the decision is final ~~() the decision may be appealed to the Superintendent whose decision is final ()~~ **[END OF OPTIONS]**.
- B. Any other complaint or disagreement with the food service administration concerning implementation of special dietary accommodations based on a student's disability shall be presented to the Special Dietary Accommodation Coordinator. The student or parent shall specify the nature of the concern and any requested remedy in writing. The Coordinator shall promptly review the grievance and either contact the student or parent for any required clarification of the request or to seek to reach an agreement regarding how to best address the concern. If no agreement is reached, the Coordinator shall make a determination and notify the student or parent in writing as soon as practicable. If the grievance is affirmed in any respect, the Coordinator shall propose a plan for implementing appropriate remedial measures. If the student or parent is dissatisfied with the Coordinator's determination, the student or parent may submit a written request to the Building Principal or Superintendent for review. The Superintendent's determination shall be final.

[END OF OPTION]

[Optional Provision—Based on preferences with no medical documentation] [DRAFTING NOTE: If the Board chooses to include this category of modification, it must also choose among the options below.]

☒ Modification Based on Student/Parental Preference

When a request for a special dietary accommodation is not supported by an authorized Medical Statement for Special Dietary Needs or included in a student's IEP or 504 plan, the School District cannot provide modified meals that are not in compliance with USDA Child Nutrition Program requirements. However, the Board authorizes the following:

- A. ☒ **Fluid Milk Substitution [If Selected Choose One]**
 1. ☒ The School District shall have no legal obligation to accommodate a student's or a parent's preference for a fluid milk substitute if there is no Medical Statement for Special Dietary Needs on file requiring such a

substitute. However, the District will assist the student in choosing a reimbursable meal through offer versus serve (OVS). **[DRAFTING NOTE: This gives students the ability to decline some of the food options offered as part of the reimbursable meals. For example: Five (5) components need to be offered and students need to take three (3) options. They can decline milk for example, and it is still a reimbursable meal. The intent is to give students a choice and avoid food waste. Schools have the ability whether or not they use OVS.]**

2. ~~[]~~ The School District shall offer a Federally approved milk substitute with a written and signed request from a parent that identifies the reason for the special dietary accommodation.

B. ☒ Religious Reason ~~[If Selected Choose One]~~

1. ☒ The School District shall have no legal obligation to accommodate a student's or parent's request for accommodations based on religious requests. However, the District will assist the student in choosing a reimbursable meal through offer versus serve (OVS).
2. ~~[]~~ The School District will provide substitutions based on religious requests to any student, for any religious reason with a written and signed request by a parent that identifies the reason for the accommodation. A substitution for a religious request must meet USDA Child Nutrition Program meal pattern requirements.

C. ☒ General Dietary Preference ~~[If Selected Choose One]~~

1. ☒ The School District shall have no legal obligation to accommodate a student's or parent's general health, nutrition, or food preferences. However, the District will assist the student in choosing a reimbursable meal through offer versus serve (OVS).
2. ~~[]~~ The School District will provide substitutions based on lifestyle preferences to any student with a written and signed request by a parent that identifies the reason for the accommodation. A substitution for a personal request must meet USDA Child Nutrition Program meal pattern requirements.

[END-OF-OPTIONS]

Review

Upon receipt of a request for a special dietary accommodation, the Food Service Director or Special Dietary Accommodation Coordinator shall review the request to ensure it is supported as required by Federal law and Board policy and if not, shall request additional or clarifying information from the student or parent making the request.

Implementation

When the need for a special dietary accommodation is supported by a Medical Statement for Special Dietary Needs signed by a State authorized medical authority, the District will offer a reasonable modification that effectively accommodates the student's disability. Status	
Adopted	August 26, 2025

9271 - **PERSONALIZED EDUCATION PROGRAM (PEP) STUDENTS**

This policy identifies the opportunities available in the District for students enrolled in a Personalized Education Program (PEP).

Definitions

Personalized Education Program or **PEP**, as more fully defined in F.S. 1002.01, is a sequentially progressive instruction of a student directed by his/her parent to satisfy the attendance requirements of Florida law while registered with an eligible nonprofit scholarship-funding organization pursuant to F.S. 1002.395.

PEP Student Participation in Certain District Activities

In accordance with Florida law, PEP students may participate in certain activities associated with the District. These activities include, but are not necessarily limited to, the following:

- A. interscholastic extra-curricular student activities;
- B. dual enrollment programs;
- C. District virtual instruction programs;
- D. career and technical courses and programs when the student enrolls in a public school solely for career and technical courses and programs; and
- E. industry certifications, national assessments, and Statewide, standardized assessments offered by the District.

In compliance with Florida law, if a course is required for participation in an extra-curricular activity, students (including PEP students) must be allowed to enroll in the class, regardless of their full-time or part-time enrollment status.

As outlined in F.S. 1002.395, PEP students are responsible for procuring educational services. When a PEP student uses a scholarship for such services, the District is not obligated to provide a Free Appropriate Public Education (FAPE) under the Individuals with Disabilities Education Act (IDEA).

Exceptional Student Education (ESE)

Parents of a student not enrolled in the District who suspect that their child may have a disability or may be gifted should (1) contact the District's ESE office and request that their child be tested and evaluated; or (2) contact the Florida Department of Education's (FLDOE's) Diagnostic and Resources System (FDLRS) and request that their child be evaluated in accordance with State law. If requested to do so by a parent of a student suspected of having a disability or of being gifted, the District shall perform testing and evaluation services for the student.

If it is determined that a student meets eligibility requirements for ESE, his/her parent(s) may (1) enroll the child in the District so that the child may receive appropriate instruction and services as an ESE student, (2) choose to educate the child in a home education program, or (3) choose to access other educational options provided by Florida law. The District is not obligated to provide ESE instruction and services to PEP students.

If the parent of a child with a disability who is currently enrolled in a PEP chooses to enroll the child full-time in the District, the District shall provide FAPE in accordance with the terms of Policy 2460 - *Exceptional Student Education*, the IDEA, Section 504 of the Rehabilitation Act of 1973, and any other applicable Florida and Federal laws.

Contracting for Course Participation

The District offers various opportunities for PEP students to pay to enroll in courses provided by the District for students in grades 6 through 12. Such students are not considered enrolled for Full-Time Equivalent (FTE) purposes and must arrange for payment of course fees via ~~their Education Savings Account (ESA)~~ or their Education Savings Account (ESA) or personal funds. Courses are offered on a space-available basis. PEP students who enroll in any District course shall be subject to the rules and expectations that apply to all other enrolled students. Failure to adhere to the School Board's rules and expectations may result in removal from a course(s) or discontinuation of services. Parents of students and eligible students desiring to participate in a course(s) offered by the Board must enter into a written contract with the Board.

The following identifies the Board's policies related to fees for participation in courses offered by the Board:
