SCHOOL PLANNING CONFERENCE

June 11-14, 2024

Crowne Plaza Dallas Downtown
1015 Elm Street Dallas, TX 75202

Come connect with fellow school district planners and administrators, gaining insights and networking opportunities.

Agenda

ArcMap to ArcGIS Pro Migration Training

Student Forecasting

Attendance Boundary Planning

Housing Research How-To

Updating your Student Yield Rates for a Post-Covid World

Understanding the Impact of Declining Birthrates

ArcGIS Indoors

LIDAR Scanning

The School Planning Conference for school district planners and administrators. Enhance GIS skills, migrate from ArcMap to ArcGIS Pro, hear from school planners from across the country, and engage in insightful discussions on school planning topics. Don't miss out!

At the School Planning Conference, you are getting 3-and-a-half-days of training and instruction for the price that we typically charge for one day of one-on-one training. This event is by far the best option for district planners who want to move from ArcMap to ArcGIS Pro or want to sharpen their ArcGIS Pro skills.

Breakfast and lunch will be provided each day and a room block is available offering a heavily discounted rate of $149 per night. Please contact Jared Nelson at jnelson@davisdemographics.com for more details.
