

USAGE REPORT

Canvas-LMS (2025-2026)

Abstract

This report provides an overview of the 2025-2026 school year implementation of Canvas-Learning Management System (LMS) for grades 3-12 in Hernando County School District. It includes detailed usage data, teacher feedback, and the support provided to ensure effective integration. The report highlights significant accomplishments, such as high levels of teacher and student engagement, departmental implementations, professional development, and support.

Supervisor of Instructional Technology

Usage Report for Canvas-LMS (2025-2026 School Year)

1. Report Summary

- This report provides an overview of the 2025-2026 school year of Canvas-LMS implementation for grades 3-12 in Hernando County School District. It includes usage data, teacher input, and support provided. The report aims to support the renewal request for the 2026-2027 school year, highlighting significant accomplishments and areas for improvement.

2. Introduction

- **Background:** The 2024-2025 school year marked the first year of Canvas-LMS implementation for grades 3-12 in our district. The platform was adopted to enhance instructional delivery, improve academic transparency, and support our 1:1 program.
- **Objectives:** The primary objectives were to integrate Canvas-LMS into daily instructional practices, increase parental engagement, and provide robust support for teachers and staff.
- **Scope:** This report covers usage data, teacher feedback, and support provided during the implementation year.

3. Usage Data

- **Instructional Use**
 - Teachers and students actively used Canvas-LMS for assignments, assessments, and communication. Key metrics include the number of courses created, assignments submitted, and student engagement levels. Many teachers continue to use the platform to enhance teaching and learning, organizing materials, lesson plans, and making these available remotely.
 - During the first year of Canvas LMS implementation in our school district (August 2024 to May 2025), there was significant engagement from students and parent observers. A total of **391,161 assignments** were submitted, while **3,550,444 assignments** were viewed. Additionally, **3,162,349 files** and **472,078 grade reports** were accessed. In terms of assessments, students submitted **249,069 quizzes** and viewed **360,139**. Discussion participation included **18,860 student contributions**, with **285,861 views** overall. Lastly, **83,311 announcements** were read, reflecting consistent interaction with course communications.
 - During the second year of Canvas LMS implementation in our school district (August 2025 to May 2026), there was a significant increase in engagement from students and parent observers. A total of **587,403 assignments** were submitted, while **4,428,890 assignments** were viewed. Additionally, **1,940,337 files** and **538,440 grade reports** were accessed. In terms of assessments, students submitted **42,938 Classic Quizzes** and viewed **85,266**. The decline in the number of engaged native assessments should be

considered taking into account Canvas' integration to assessment applications such as those included with adopted curriculum as well as learning engagement platforms such as Wayground and Nearpod. Discussion participation included **14,114 student contributions**, with **404,557 views** overall. Lastly, **94,374 announcements** were read, reflecting consistent interaction with course communications. This data highlights the continuation of a strong adoption and implementation of Canvas LMS as a central platform for teaching and learning.

- **District Departments' Use**

- **Professional Learning (District)**

- Created courses for mentors to submit documentation, a Reading40 book study for instructional staff, and courses for the Aspiring Leaders Academy and GCP Level II Principal's course. In addition, several courses of the Rise Induction Program were moved to Canvas.
 - Plans for 2026-2027: Move mentor orientation to Canvas. Move parts of New Teacher Orientation to Canvas. Continue creating courses for new teachers, continue to move parts of the Rise Induction program to Canvas, refine the mentoring course, and develop on-demand professional learning courses for recertification points focusing on ESE, RDG40 and FELS points.

- **District Media**

- Continued utilizing canvas course for training school site-based media specialists on the library management system and posted policies and procedures for media centers.
 - Plans for 2026-2027: Increase interactive elements in trainings, add engaging videos, and include accountability and evaluation elements.

- **Instructional Technology (District)**

- Assisted with development of RISE Canvas course, district student delegate program implementation of platform, and CET mentors' system for paperwork management. Developed sandbox courses to highlight best practices, supported deployment of Canvas Cartridges for specialized courses, contributed to digital lesson plan templates, collaborated with Curriculum and Instruction (ELA) on the creation and distribution of the district writing assessment for grades 4–10, and designed curriculum guides and subject-specific templates.
 - Plans for 2026-2027: Continue working with all departments and stakeholders to develop supportive courses. Potentially assist Human Resources in building onboarding courses for new hires and continue supporting curriculum departments

with pacing guides, curriculum shells, and resources. Additionally, continue to help individual schools with specific projects such as lesson plans in Canvas, teacher/student use, and course development.

- **Parental Use (Academic Transparency)**

- In April 2025, **171** HCSD parents registered for a Canvas Observer Role, as reported in the latest provisioning data. This role enhances their engagement in their students' daily academic activities.
- In May 2026, a total of **310** parents have registered for a Canvas Observer Role.

4. Teacher Input (Voluntary Survey)

- **Survey Methodology**

- As part of an instructional technology pilot for a separate application, a voluntary teacher survey was conducted to gather feedback on classroom technology use. While the survey was not designed specifically to evaluate Canvas-LMS usage, it included a question asking teachers to identify the digital tools they used most frequently during the 2025–2026 school year. Canvas-LMS was included as one of the response options, alongside Wayground, Nearpod, Seesaw, and Canva. Responses to this question provide relevant contextual data demonstrating Canvas-LMS's presence and use in classroom instruction across the district.
- Participation breakdown of teachers who responded to the survey:
 - Elementary: **46%**
 - Middle: **21%**
 - High School: **33%**

- **Survey Results**

- Key findings from teachers who responded to the survey:
 - **66%** of teachers reported they felt very comfortable with instructional technology.
 - **32%** of teachers reported they felt somewhat comfortable with instructional technology.
 - **2%** of teachers reported they did not feel very comfortable with instructional technology.
 - **57%** of teachers indicated that they used Canvas-LMS in their classrooms during the 2025-2026 school year.

5. Support and Professional Learning

- **Professional Learning Opportunities**

- During the 2025-2026 academic year, numerous training sessions and workshops were conducted to help teachers and staff effectively use Canvas-LMS. Log data shows more than **60** professional learning opportunities were provided through a variety of venues including summer training, school in-service, Teachers in Action Conference, and voluntary evening Canvas Academy Zoom sessions.
- Thanks to Title II funds, the Training Services Portal was also included, providing staff with many self-guided professional learning opportunities.

- **One-on-One Support**

- Instructional technology specialists provided personalized support, addressing individual needs and challenges. Logs indicate that between August 11, 2025, and May 4, 2026, over **251** one-on-one or support sessions were held including troubleshooting, modeling, or assisting with course development.
- Premium 24-hour chat and telephone support will **not** be renewed for the 2026–2027 school year. The Instructional Technology team has successfully provided timely and effective support to teachers through both in-person assistance and remote support via Microsoft Teams. As a result, the district has determined that the premium support service is no longer necessary. Eliminating the premium support option also resulted in a lower renewal cost for the district.

- **Curriculum Integrations**

- The TIS department has successfully connected all applicable curriculum integrations, including Renaissance, Microsoft, McGraw Hill, Savvas, and Penda. These integrations allow teachers to streamline curriculum access for students. New integrations are implemented as curriculum is updated through new adoptions.

- **Grade-Passback Feature**

- One of the most instrumental features for teachers continues to be the *grade-passback* ability, allowing assignments graded in Canvas to automatically populate in Skyward, the district's Student Information System (SIS).

6. Accomplishments

- Successful integration of grade passback and Skyward rostering syncing for timely updates.
- Successful in-house support for staff including professional learning and 1-to-1 assistance.
- Improved integration of Canvas-LMS into daily instructional practices.
- Increased levels of teacher and student engagement in grades 5-12 with the platform.

- Positive feedback from parents regarding access to instructional materials and academic progress.

7. Recommendations

- Continue providing professional development opportunities to ensure all users are proficient with Canvas-LMS.
- Discontinue Canvas' 24-7 support hotline, as in-house technical support to teachers and staff is sufficiently meeting our current needs as a district.
- Continue to explore ways in which other district departments such as Human Resources can utilize the Canvas environment for compliance tracking.

8. Conclusion

- This year of Canvas-LMS implementation has been largely successful, with significant accomplishments and positive feedback from teachers, as well as encouraging engagement from students and parents. Continued support and development will ensure even greater success in the coming years.

8/18/25 9:34:03	FCMS	Staff Support	8/15/25 Canvas Support syncing gradebook and assignments
8/18/25 12:39:45	EK8	Staff Support	8/18/25 Canvas support - syncing to Skyward and sharing Class Notebook links with students
8/18/25 13:08:42	WWHS	Staff Support	Canvas
8/18/25 13:08:53	WWHS	Staff Support	Canvas
8/18/25 13:09:06	WWHS	Staff Support	Canvas
8/18/25 13:09:27	WWHS	Staff Support	Canvas, Newline
8/18/25 13:11:20	District Office	Canvas/BluePrinting	Working on Canvas BluePrinting for Psychology
8/19/25 9:34:56	PMS	Staff Support	8/19/25 Canvas Support cross-listing classes, importing content from past enrollments
8/20/25 11:47:41	WHMS	Delivering Professional Learning	8/20/25 Training during teacher planning on utilizing Canvas and Canva integration within self-contained classrooms (initial Canvas set-up and using Canva to create simple drag and drop / presentation templates for students)

8/21/25 14:25:34	WHMS	Staff Support	8/20/25 Canvas Support - Initial set-up, cross-listing, course settings and navigation, and integrating Nearpod as an external tool. Device management - laptop rules poster via Canva
8/21/25 14:27:41	FCMS	Staff Support	8/21/25 Canvas Support 502 error syncing with Skyward. Spent last night and this morning in communication with Canvas support chat.
8/21/25 14:30:16	FCMS	Staff Support	8/21/25 Canvas StudySync troubleshooting
8/21/25 14:31:48	FCMS	Staff Support	8/21/25 Canvas StudySync troubleshooting - no products assigned when trying to pair Canvas courses with McGraw Hill platform
8/22/25 13:16:24	PGES	Staff Support	Canvas
8/22/25 13:20:16	CK8	Staff Support	Canvas & Newline
8/22/25 13:21:46	CHS	Delivering Professional Learning	Canvas
8/22/25 13:22:05	CHS	Staff Support	Canvas & Big Idea
8/22/25 13:22:19	CHS	Delivering Professional Learning	Canvas
8/22/25 13:22:43	CHS	Staff Support	Canvas & Nearpod
8/22/25 18:57:38	FCMS	Staff Support	Canvas Support 502 Error - Courses are all cross-listed to an ESE line with no gradebook. Preparing to de-cross-list by downloading current gradebook and submissions.
8/22/25 19:00:00	FCMS	Staff Support	ParentSquare - making classes visible. Canvas Support - syncing gradebook with manual post settings. ClassLink overview - how to submit help desk ticket.
8/22/25 19:03:46	FCMS	Staff Support	Canvas Support - cross-listing courses, course settings and personalization, copying course content from past enrollments
8/22/25 19:09:31	FCMS	Delivering Professional Learning	Canvas - setting up grade syncing, creating assignments and new quizzes, and using external tools Wayground/Quizziz
8/22/25 19:14:25	FCMS	Delivering Professional Learning	One on one Canvas PL with teacher at request of instructional practices coach David Schlechter. Covered cross-listing, importing lesson plan templates from the Commons, using the Savvas integration, and personalizing course. Next session: setting up assignment weights and grade syncing.
8/24/25 12:45:21	SHS	Delivering Professional Learning	Tech Tuesday- Canvas Beginning of the Year (optional)

8/24/25 13:00:23	HHS	Staff Support	Canvas/Skyward

8/24/25 13:00:52	WWHS	Staff Support	Canvas
8/24/25 13:01:07	WWHS	Staff Support	Canvas
8/24/25 13:01:43	WWHS	Staff Support	Canvas/Newline
8/24/25 13:02:48	WWHS	Staff Support	Canvas- set up Course for all WWHS students Graduation coach
8/24/25 13:03:09	WWHS	Staff Support	Canvas
8/24/25 13:04:07	WWHS	Staff Support	Canvas
8/24/25 15:52:12	EES	Delivering Professional Learning	Bienstock-Price, setting up Canvas (502 error)
8/24/25 16:09:12	SES	Delivering Professional Learning	Setting up Canvas
8/26/25 13:57:52	WWK8	Staff Support	Canvas
8/26/25 14:01:10	WWK8	Staff Support	Audio Enhancement, Canvas, Canva
8/26/25 14:03:10	WWK8	Staff Support	Canvas- McGraw Hill Integration
8/26/25 14:21:07	District Office	District Projects/Tasks	Moved Science shells into Hernando County Commons in Canvas
8/28/25 10:46:05	WHMS	Staff Support	Canvas Support - Syncing gradebook and setting categories within Skyward, digitizing class flow by scanning physical worksheets into PDFs that we will add for student annotation in Canvas. Canva Support - customizing classroom center rotations to present automatically / with timers
8/28/25 10:48:57	DSPMS	Staff Support	StudySync/Canvas Support - Issue with ability to assign work to all classes, I am following up with McGraw Hill to provide screenshots from teacher account for documentation of problem
9/1/25 8:39:11	NCTHS	Staff Support	Canvas- Tips, Tricks, and Applications All Staff not optional
9/2/25 10:11:51	FCMS	Staff Support	Canvas Support - adding assignments with the Savvas integration then adding assignment links within lesson plan page.
9/2/25 10:13:45	FCMS	Staff Support	Canvas Support - Exporting gradebook and downloading assignments, de-cross-listing and re-cross-listing to fix 502 error (courses were cross-listed to an ESE course with no Skyward gradebook), copying course content, importing gradebook, and uploading student submissions (ongoing).
9/2/25 11:36:57	EK8	Staff Support	Canvas Big Ideas Integration Support - called Cengage tech support and assisted teacher in creating a case. Issue seems to be on Big Idea's end (error message when trying to re-sync Big Ideas grades to Canvas).
9/2/25 11:38:25	FCMS	Staff Support	Canvas support - syncing to SIS. Categories needed to be updated for certain periods in Skyward.

9/2/25 15:04:36	PMS	Staff Support	Assistance with using Google docs / sharing live link with students via Canvas for teacher-created classroom economy
9/3/25 13:32:18	WHMS	Staff Support	Canvas support - scanning MTSS worksheets to file and uploading PDFs for student annotation in Canvas
9/3/25 14:14:31	NCTHS	Staff Support	Canvas
9/3/25 14:23:32	WWHS	Staff Support	Canvas- Build a course for all students at Weeki
9/3/25 14:23:51	WWHS	Staff Support	Canvas
9/4/25 9:03:52	DSPMS	Staff Support	Canvas support - embedded Microsoft form in mentoring course was not displaying correctly, had to log in to Office 365 first before accessing assignment.
9/4/25 10:54:42	NCTHS	Staff Support	Canvas
9/6/25 14:49:19	DSPMS	Staff Support	Participated in Zoom call with McGraw Hill support team to troubleshoot and bring attention to multiple Canvas / StudySync issues the district is experiencing
9/6/25 15:22:19	FCMS	Staff Support	StudySync / Canvas Support
9/6/25 15:23:18	FCMS	Delivering Professional Learning	1:1 Professional learning - intro to Canvas and setting up courses (cross-listing, course settings and image, uploading lesson plan files)
9/6/25 15:24:42	FCMS	Staff Support	Canvas Support - student submissions and discussing possible issues with upcoming schedule changes, as well as offering spot for roundtable discussion lead at TIA
9/6/25 15:26:04	FCMS	Staff Support	Canvas gradebook support - syncing to Skyward. Helped create case with Canvas Support regarding several assignments not available to be selected for grade sync
9/6/25 15:27:54	FCMS	Staff Support	Canvas Support - cleaning up modules by adding links to assignments within weekly and daily lesson pages. Removing imported assignments from a colleague. Savvas support reassigning lessons to students. Next week: syncing gradebook
9/7/25 9:27:15	SES	Staff Support	Forms in Canvas
9/7/25 9:40:01	SES	Delivering Professional Learning	Canvas - assignments and quizzes
9/7/25 9:40:51	SES	Staff Support	Canvas - using Modules
9/9/25 14:53:30	EK8	Staff Support	Checking in on Big Ideas integration issues - gradebook errors that won't allow grades to update on Canvas. Big Ideas issue, case opened.
9/10/25 21:25:19	WHMS	Delivering Professional Learning	Canvas overview for instructional coach (cross-listing, assignment weights, grade syncing, student annotation features, and StudySync integration)

9/10/25 21:26:26	WHMS	Staff Support	Collaborating with instructional coach - ideas to create ELA Canvas shells in alignment with district curriculum maps and StudySync texts, as well as planning for future 9/23 training on Canvas integration and roll out of course shells
9/10/25 21:29:50	WHMS	Staff Support	New teacher - ClassLink overview (accessing Skyward, using ParentSquare, submitting a help desk ticket, Canva, and Canvas)
9/11/25 12:02:12	NCTHS	Staff Support	Canvas
9/11/25 12:02:39	NCTHS	Staff Support	Canva/Canvas
9/11/25 12:03:07	NCTHS	Staff Support	Canvas/Savvas Integration
9/11/25 12:04:28	NCTHS	Staff Support	Canvas
9/11/25 12:04:44	NCTHS	Staff Support	Canvas
