**Letter of Transmittal**

August 7, 2025

**Hernando County School Board**

RE: 111932; HPE Aruba Networking Switches

Howard Technology Solutions (a division of Howard Industries, Inc.... **Federal ID Number 64-0466143** and SPIN 143022153) (Privately Held Corporation) is pleased to offer a response to your RFP. Howard Technology Solutions has read and understands the bid and are able to provide the services requested. Howard Technology Solutions, with its 40+ years of manufacturing experience, is well versed in the manufacturing and production of technology products and services. Howard is driven by helping our customers understand technology products and services that could benefit their organizations.

While Howard clients range from state governments and hospitals to the Kennedy Space Center, HOWARDedu focuses solely on the needs of K-12 schools and higher education facilities, supplying them with affordable, advanced technology—everything from distance learning and interactive 21st Century classroom products to network security and storage solutions.

The office location that will serve as the main point of contact is Howard Technology Solutions at 36 Howard Dr., Ellisville, MS 39437. (Phone) 601.425.3181; (Email) [bboyd@howard.com](mailto:bboyd@howard.com). Your point of contact for this RFP is: Brandey Boyd: Bids & Contract Manager, (Phone) 601.399.5831 (Fax) 601.399.5077 (Email) [bboyd@howard.com](mailto:bboyd@howard.com).

## Profile

Howard Corporate Headquarters is home to our technology division, Howard Technology Solutions, and its medical division, Howard Medical. These two divisions bring to the market cutting-edge technology that includes audiovisual and instructional solutions, network security and storage solutions, as well as installation, consulting, and design services. From distance learning and interactive classroom products to point of-care medical carts and specialized mobility solutions, we make great technology available, and we make it affordable.

HOWARDedu is a Sales Force of Howard Industries Inc., which is headquartered in Ellisville, MS and employs more than 4,300 people in locations all across the United States. Howard Industries has been in business since 1968 and began offering technology solutions in 1998, a venture that quickly spiraled into a viable business that today includes a successful line of Howard-manufactured servers, desktops, notebooks, and presentation carts.

Company Name

Warranty information should be included for all equipment, if applicable to this RFQ, including manufacturer and model numbers. Slight variations or irregularities may be accepted, if found to be in the district's best interest. Any/all discontinued equipment shall be conveyed immediately to avoid costly delays/cancelations.

The right is reserved to award or reject, either in part or in whole, item by item, or make multiple awards, if found to be in the best interest to do so.

Vendors must indicate any/all variances, exceptions, etc., no matter how slight. If variations ARE NOT stated, it shall be construed the RFQ complies in every aspect.

All vendors must comply with the Jessica Lunsford Act, in order to provide products/services, if visiting a district school.

All general terms and conditions and special conditions, included in the original solicitation shall apply to this RFQ, if applicable.

If a District bid number has been referenced above, ALL bid pricing, delivery, shipping, general & special terms & conditions and requirements **shall** apply.

## **Executive Summary**

Howard Technology Solutions is the newest division of Howard Industries, Inc. - a \$1.6 billion privately-held electrical products corporation. Howard Industries was founded in 1968 by Billy and Linda Howard. The Howards have grown their core business - distribution transformers - into the leader of their industry. Today, Howard Industries' Transformer Division is the number one producer of distribution transformers in the United States and is housed in the largest transformer plant in the world - 2.2 million square feet. In addition, the company employs approximately 4,200 employees today.

The Howards have diversified their interest over the years to form their own trucking company, Howard Transportation. Begun in the era of deregulation of the industry to haul Howard's own products, Howard Transportation now carries 60% of its load from companies other than Howard Industries and is one of the leading Southeastern carriers.

Not satisfied with all their success, the Howards again diversified in the early 1990s and formed a new division, Howard Lighting Products. This division manufactures and offers a vast selection of high-quality fluorescent and HID (High Intensity Discharge) ballast, in addition to lighting products that are ideal for commercial and residential uses. Today, this division has products in use at Johnson Space Center, Kennedy Space Center, Camp Pendleton, CIA headquarters at Langley, Fort Bragg, and many other US government facilities.

Finally, the Howards again branched out to form Howard Technology Solutions. Although a new division to the Howards, the manufacturing of personal computers was far from a new venture for Howard Industries. They had been building computers in-house for their own use for approximately 8 years. The decision to branch out and market their products to others was an easy one given the dynamics of the marketplace and the Howard's confidence in their ability to build a business from the ground up.

In addition, Howard offers the value-added service of one-on-one support from our Howard Technology Solutions dedicated professionals. From project start to finish, our teams can assist our customers with all their technology needs from design conception through completion. After project completion, our customers can depend on our Customer Service Team and their dedicated Inside Sales Representative to help with any issues that may arise. All our employees are willing and trained to provide excellent customer service and product knowledge for our customers.
