

Hernando County School District Specific Material Objection Form

Objections to Material Used in Classrooms, Made Available in a School or Classroom Library, or Included On a Reading List

Part 1:

Parents and residents of the county may object to the use of a specific instructional material in the classroom, made available in a school or classroom library, or included on a reading list, based on the criteria set forth in F.S. 1006.28(2)(a) 2. or F.S. 1014.05(1)(c).

*Recent Changes Pertaining to Library Media Objections:

On April 16, 2024, House Bill 1285 was signed into law, and became effective on July 1, 2024- amending s. 1006.28, F.S., this time limiting the number of objections a resident of the county who is not the parent or guardian of a student with access to school district materials may make. This provision applies to library media materials, not instructional materials. A parent or guardian of a student, including homeschool student, is not limited in their objections.

Please refer to *Hernando County School Board's Policy 2522* for procedural information pertaining to specific material objections. This form can now be submitted electronically. There is also the option to submit a printed copy of the form w/any attachments to the school's principal or you may mail, email or submit this form in person at the district office to the:
