

2025 IC Bus University

We are excited to announce IC Bus University 2025! This year's program will feature four one-week summer training sessions at the IC Bus Tulsa Bus Plant. Each session will bring together school bus technicians across North America to focus on core learning topics inspired by customer feedback. In addition to formal training on servicing engines, transmissions, and other bus components, trainees will have the opportunity to network with other service technicians from across the country to share best practices.
